## **Evidence Based Practices In Mental Health Debate And Dialogue On The Fundamental Questions:**

**Evidence-based Practices in Mental Health** John C. Norcross, Larry E. Beutler, Ronald F. Levant, 2006 Mental health professionals comprise a nation of differences Those differences do not necessarily make us weak differences can serve as sources of creativity strength and progress if constructively harnessed In this volume we have tried to constructively harness the active interplay of these various tenaciously held views to find the harmony among these diverse voices on EBPs in mental health In terms of process informed dialogue and respectful debate are surely the ways to progress In terms of outcome we should remember that the overarching goal of EBPs however defined and disseminated is to enhance the effectiveness of patient services and to improve public health Book PsycINFO Database Record c 2006 APA all rights reserved *Clinician's Guide to Evidence Based Practices* John C. Norcross, Thomas P. Hogan, Gerald P. Koocher, 2008-04-23 All mental health and addiction practitioners want to provide their patients with the most effective treatments But with this comes the challenge of wading through the overwhelming amount of scientific research and integrating it with clinical expertise and patient values Here a trio of distinguished scientist practitioners provide a concise user friendly guide to assist practitioners in implementing evidence based practices EBP Learn the core skills for conducting evidence based practice through AAA TIE BL Ask a specific clinical question BL Access the best available research BL Appraise critically that research evidence BL Translate that research into practice with a particular patient BL Integrate the clinician s expertise and patient s characteristics culture and preferences with the research BL Evaluate the effectiveness of the entire process No book covers EBPs in mental health as concisely and accessibly as the Clinician s Guide An accompanying CD features expanded content interactive examples and hyperlinked references The Clinician s Guide does not merely explain EBPs it gives skills to apply them to better serve patients and improve outcomes Containing numerous practical examples and following three case vignettes throughout the Clinician s Guide teaches you how to actualize EBPs in your own practice

*Evidence Based Practice in School Mental Health* James C Raines, 2008-04-11 Though recent legislation embedded with the No Child Left Behind Act and the Individuals with Disabilities Improvement Act mandates the use of evidence in school based practice to demonstrate positive outcomes for all students school social workers especially those long out of school often lack the conceptual tools to locate evaluate and apply evidence in order to demonstrate the effectiveness of their work The first of its kind tailored specifically to this audience this SSAAA Workshop title guides school professionals in infusing research throughout their daily practice It shows school service providers a pragmatic approach to informing every major practice decision with the appropriate research so that students receive the best possible services This includes how to use research to make reliable and valid assessments how to use research to choose the best intervention and how to do research to evaluate progress Raines goes beyond creating a catalog of interventions that will soon be outdated and provides school social workers with a detailed road map of the EBP process Chapters detail the nuts and bolts of EBP explaining how to ask a

relevant answerable question where to search for evidence how to appraise the literature and avoid the pitfalls of web based information how to adapt and apply the evidence in a developmentally and culturally sensitive way and how to evaluate the results Detailed examples along the way including sample spreadsheets practitioners can easily adapt to evaluate their students progress bring accountability within reach for school professionals who struggle to find the time resources and support sufficient to apply the best evidence to their schools
