Evinrude Ficht 2000 Manual:

Outboard Engines Edwin R. Sherman, 1997 Outboard Engines fills the gap between owner s manuals that don t even tell you how to change a spark plug and professional shop manuals that detail how to do a complete rebuild It covers basic principles and techniques for a wide variety of outboards four stroke as well as two stroke with the emphasis on maintenance and advanced troubleshooting Ed Sherman s clear explanations and diagrams take you step by step through the basics and beyond helping you track down even the most elusive problems a modern outboard can throw in your way his methodical approach can save you a world of frustration and peril as well as time and a half weekend mechanics charges Boating
