

The Running Record

The Running Record is a record of errors, or miscues, that readers make as they are reading.

Why do we use Running Records?

- to evaluate text difficulty
- to group together children with similar needs
- to monitor progress of the reader
- to allow different children to move through different books at different speeds while keeping track of (and records of) individual progress.
- to observe particular difficulties in particular children
- to guide classroom instruction

this way instruction can meet high standards and still be developmentally appropriate
