Disciplinary Literacy Connections to Popular Culture in K-12 Settings Haas, Leslie, Tussey, Jill, 2020-11-13

Literacy and popular culture are intrinsically linked as forms of communication entertainment and education. Students are motivated to engage with popular culture through a myriad of mediums for a variety of purposes. Utilizing popular culture to bridge literacy concepts across content areas in K-12 settings offers a level playing field across student groups and grade levels. As concepts around traditional literacy education evolve and become more culturally responsive, the connections between popular culture and disciplinary literacy must be explored. *Disciplinary Literacy Connections to Popular Culture in K-12 Settings* is an essential publication that explores a conceptual framework around pedagogical connections to popular culture. While highlighting a broad range of topics including academic creativity, interdisciplinary storytelling, and skill development, this book is ideally designed for educators, curriculum developers, instructional designers, administrative officials, policymakers, researchers, academicians, and students.

Teaching the Invisible Race Tony DelaRosa, 2023-09-18. Transform How You Teach Asian American Narratives in your Schools. In *Teaching the Invisible Race*, anti-bias and anti-racist educator and researcher Tony DelaRosa delivers an insightful and hands-on treatment of how to embody a pro-Asian American lens in your classroom while combating anti-Asian hate in your school. The author offers stories, case studies, research, and frameworks that will help you build the knowledge, mindset, and skills you need to teach Asian American history and stories in your curriculum. You'll learn to embrace Asian American joy and a pro-Asian American lens as opposed to a deficit lens that is inclusive of Brown and Southeast Asian American perspectives and disability narratives. You'll also find self-interrogation exercises regarding major Asian American concepts and social movements. Ways to center Asian Americans in your classroom and your school. Information about how white supremacy and anti-Blackness manifest in relation to Asian America, both internally and externally. An essential resource for educators, school administrators, and K-12 school leaders. *Teaching the Invisible Race* will also earn a place in the hands of parents, families, and community members with an interest in advancing social justice in the Asian American context.

The Schooling of Working-Class Girls in Victorian Scotland Jane
McDermid, 2013-01-11 The portrayal of Scotland as a particularly patriarchal society has traditionally had the effect of
marginalizing Scottish women both teachers and students in both Scottish and British history The Schooling of Working
Class Girls in Victorian Scotland examines and challenges this assumption and analyzes in detail the course of events which
has led to a more enlightened system Education was and is seen as integral to Scottish distinctiveness but the Victorian
period saw anxious debate about the impact of outside influences at a time when Scottish society seemed to be fracturing
This book examines the gender blindness of the educational tradition with its notion of the democratic intellect testing the
claim of superiority for the Scottish system and questioning the assumption that Scottish women were either passive victims
or willing dupes of a peculiarly patriarchal ideal Considering the influences of the related ideologies of patriarchy and
domesticity and the crucial importance of the local and regional economic context in focusing on female education this book
provides a much wider comparative study of Scottish society during a period of tremendous upheaval and a perceived crisis
in national identity in which women as well as men participated

Musicians in the Making John Rink, Helena
Gaunt, Aaron Williamon, 2017-11-15 Musicians are continually in the making tapping into their own creative resources while
deriving inspiration from teachers friends family members and listeners Amateur and professional performers alike tend not
to follow fixed routes in developing a creative voice instead their artistic journeys are personal often without foreseeable
goals The imperative to assess and reassess one s musical knowledge understanding and aspirations is nevertheless a central
feature of life as a performer Musicians in the Making explores the creative development of musicians in both formal and
informal learning contexts It promotes a novel view of creativity emphasizing its location within creative processes rather
than understanding it as an innate quality It argues that such processes may be learned and refined and furthermore that
collaboration and interaction within group contexts carry significant potential to inform and catalyze creative experiences
and outcomes The book also traces and models the ways in which creative processes evolve over time Performers music
teachers and researchers will find the rich body of material assembled here engaging and enlightening The book s three
parts focus in turn on Creative learning in context Creative processes and Creative dialogue and reflection In addition to
sixteen extended chapters written by leading experts in the field the volume includes ten Insights by internationally
prominent performers performance teachers and others Practical aids include abstracts and lists of keywords at the start of

each chapter which provide useful overviews and guidance on content Topics addressed by individual authors include intrapersonal and interpersonal dynamics performance experience practice and rehearsal self regulated performing improvisation self reflection expression interactions between performers and audiences assessment and the role of academic study in performers development
