Charles Bukowski Gaylord Brewer, 1997. Twayne's United States Authors, English Authors and World Authors Series. Present concise critical introductions to great writers and their works. Devoted to critical interpretation and discussion of an author's work, each study takes account of major literary trends and important scholarly contributions and provides new critical insights with an original point of view. An Authors Series volume addresses readers ranging from advanced high school students to university professors. The book suggests to the informed reader new ways of considering a writer's work. Each volume features a critical interpretive study and explication of the author's works, a brief biography of the author, an accessible chronology outlining the life, the work and relevant historical context, aids for further study, complete notes and references, a selected annotated bibliography and an index. A readable style presented in a manageable length. *The Oxford Companion to Twentieth-Century Literature in English* Jenny Stringer, 1996-09-26. This is a unique new reference book to English language writers and writing throughout the present century in all major genres and from all around the world. From Joseph Conrad to Will Self, Virginia Woolf to David Mamet, Ezra Pound to Peter Carey, James Joyce to Amy Tan. The survivors of the Victorian age who feature in *The Oxford Companion to Twentieth Century Literature in English* writers such as Thomas Hardy, Olive Schreiner, Rabindranath Tagore, Henry James could hardly have imagined how richly diverse literature in English would become by the end of the century. Fiction, plays, poetry and a whole range of non-fictional writing are celebrated in this informative, readable and catholic reference book which includes entries on literary movements, periodicals and over 400 individual works as well as articles on some 2,400 authors. All the great literary figures are included, whether American or Australian, British, Irish or Indian, African or Canadian or Caribbean, among them Samuel Beckett, Edith Wharton, Patrick White, T.S. Eliot, Derek Walcott, D.H. Lawrence, Tennessee Williams, Vladimir Nabokov, Wole Soyinka, Sylvia Plath, as well as a wealth of less obviously canonical writers from Anaïs Nin to L.M. Montgomery, Bob Dylan to Terry Pratchett. The book comes right up to date with contemporary figures such as Toni Morrison, Ben Okri, Salman Rushdie, Carol Shields, Tim Winton, Nadine Gordimer, Vikram Seth, Don DeLillo and many others. Title entries range from Aaron's Rod to *The Zoo Story*; topics from
