presented an in depth picture of the origin of all life from the inner dream world to the vast display of material creation Here in Volume Two Seth continues his explanation of the physical world as an ongoing self creation a direct and intentional outgrowth of the wisdom of the life forms that inhabit it including humanity He expands upon his vision of a thoroughly animate universe where virtually every possibility not only exists but is constantly encouraged to achieve its highest potential In his typical awe inspiring manner Seth sheds light on many controversial and complex subjects including The ways in which our religions have stifled the human spirit Surprising insight into life s meaning and purpose The genetic basis of faith hope and charity The pursuit of pleasure as a fundamental human need How each species keeps millions of characteristics within its genetic bank for various contingencies Dreams are mental work and play combined psychic and emotionally rich creative dramas They also involve you in the most productive of enterprises as you begin to play with versions of events that are being considered for physical actualization Jane Roberts Speaking for Seth *Dreams, Evolution, and Value Fulfillment, Vol 1* Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks and The Nature of Personal Reality In this first volume of Dreams Evolution and Value Fulfillment Seth takes us on an odyssey to identify the origins of our universe and our species He asserts that consciousness units form the basis of all energy and matter and charts a conscious self aware universe that is constantly recreated by our own thoughts dreams and desires Illuminating the part that humans play in the greater scheme of things he suggests that we are alive not only for the continuation of the species but to add to the very quality of life itself Other fascinating topics include The role dreams play in the creation of language and technology The relationship between genetic heritage and reincarnation How creativity provides a link with the source of all existence The true power of the imagination and the importance of broadening its scope A discussion of value fulfillment or the yearning to enhance the quality of life as a fundamental desire in all life forms Stimulating and provocative this long awaited book answers crucial questions about the entire significance of Seth s system of thought When I speak of the dream world I am not referring to some imaginary realm but to the kind of world of ideas of thoughts of mental actions out of which all form as you think of it emerges In actuality this is an inner universe rather than an inner world Your physical reality is but one materialization of that inner organization Jane Roberts Speaking for Seth *The Nature of Personal Reality (A Seth Book)* Jane Roberts, 2011-10-01 In this perennial bestseller Seth challenges our assumptions about the nature of reality and shows us how we create our personal reality through our conscious beliefs about ourselves others and the world His message is clear we are not at the mercy of the subconscious or helpless before forces we cannot understand We are Gods couched in creaturehood Seth says We are given the ability to form our experience as our thoughts and feelings become actualized Seth was one of my first metaphysical teachers He remains a constant source of knowledge and inspiration in my life Marianne Williamson I would like to see the Seth books as required reading for anyone on their spiritual pathway The amazing in depth information in the Seth books is as relevant today as it was in the early 70s when Jane Roberts first channeled this material
