*Predestination Is to Glory Not*

to Faith Wayne ODonnell,2020-04-20 All my books can be read online for free at wayneodonnell.com Mt 10 8 Freely you have received freely give The Bible says we re predestined to glory but it doesn't say we re predestined to faith as Calvinism teaches The differences between the language of the Bible and the language of Calvinism indicate the doctrinal errors of Calvinism All Reformed theologians teach predestination to faith which includes faith in a sequence the Bible doesn't include it in The Golden Chain of Romans 8 28 30 includes 1 foreknowledge 2 predestination 3 calling 4 justification and 5 glorification Paul intentionally omits faith from this sequence because predestination is to glorification and sanctification not to faith Paying attention to this detail alters Calvinism's TULIP T Total Depravity doesn't include an inability to believe the gospel Election is not U Unconditional since God elects all whom he has known forever in the eternal Messiah who entered into union with him through justification by unpredestined faith I Irresistible Grace is after justification for sanctification and glorification L Limited Atonement is unbiblical And P Perseverance of the Saints is confirmed in the strongest possible way to the extent it's synonymous with eternal security and the certainty of glorification Most other anti Calvinist books deal heavily with the moral and philosophical travesties of Calvinism For example I highly recommend What Love Is This by Dave Hunt But this book tries to provide better expositions of the passages that lead good godly men to accept Calvinism in the first place like Romans 8 Romans 9 John 6 and Ephesians 1 by paying attention to the small under appreciated detail that the Bible says predestination is to sanctification and glory not to faith If I felt this task was already accomplished I wouldn't have written this book but would have promoted the books that already did it White Calvinist There is no meaningful non Reformed exegesis of John 6 37 45 available As numerous as the attempts of Arminian exegetes to find some way around the testimony of these verses has been not even a plausible solution has been offered that does not require the complete dismantling of the text redefinition of words or the insertion of utterly foreign concepts Flowers Non Calvinist Would anyone dare adopt or seek to defend this most troubling doctrine of reprobation if not for the perceived defense offered by the apostle in Romans 9 I rejoice in biblical non Calvinistic predestination to glory not to faith Biblical predestination is about the certainty of God's completion of our salvation through sanctification and glorification Predestination shouldn't be a word that conjures up images of Calvinistic horrors of reprobation in the minds of those who haven't been indoctrinated to focus on the good fortunes of the elect Instead predestination should be a word that gives great joy because it underlies the Biblical doctrine of the certainty of our future glorification Rom 5 3 Having been justified by faith we rejoice in the sure and certain hope of sharing in the glory of God My hope is that this book won't only be a defense against Calvinism and its harms and rescue some born again Calvinists from Calvinism but also that this consideration of the topic of predestination will give all readers a better understanding of the justification sanctification and glorification that comprise our gracious salvation and this knowledge will also make us more fruitful Jn 15 7 8 If my words abide in you herein is my Father glorified that you bear much fruit

The Ethics of Courage Jacques M. Chevalier,2023-11-17 This two volume work examines far reaching debates

on the concept of courage from Greek antiquity to the Christian and mediaeval periods as well as the modern era Volume 1 explains how competing accounts of epist m rational wisdom and truth dominated classical antiquity Early Christian and mediaeval thinkers in contrast favoured fortitude founded on faith and fear of God over philosophical reasoning left to its own devices Volume 2 turns to theories of courage from the early modern period to the present It shows how the twin laws of polis and physis are at the heart of post medieval thought Courage is found at the crossroads of love and dread freedom and fate happiness and suffering as well as power and submission to the ruling order The later influence of evolutionism existentialism and the social and natural sciences on moral philosophy is also addressed at some length The protection of people s best interests the passions and powers of the human will and the rule of active energy in all aspects of life supplant courage formerly viewed through the lens of reason or faith or a combination of the two These new ideas paradoxically herald the end of the ethics of courage They also undermine the courage of ethical thinking Courage is no longer an end in itself nor is it a means to happiness at the end Regardless of what Gandhi Tillich and Foucault have to say about the topic late modernity and the global age witness a marked loss of interest in courage as an idea worthy of conceptual investigation Debates about the moral implications of courage give way to the value free science of resilience which studies how people can recover from past trauma and find wellness primarily in the realm of physis
