For instance, the guy that alluded to marriages

the political barometer several times a day as once upon a time one used to do But it is still changing very fast My journal of Russia in 1919 while giving as I believe a fairly accurate picture of the state of affairs in February and March of 1919 pictures a very different stage in the development of the revolution from that which would be found by observers today The prolonged state of crisis in which the country has been kept by external war while strengthening the ruling party by rallying even their enemies to their support has had the other effects that a national crisis always has on the internal politics of a country Methods of government which in normal times would no doubt be softened or disguised by ceremonial usage are used nakedly and justified by necessity
