Free Manual Tutorial Macromedia Flash:

Foundation ActionScript for Macromedia Flash MX Ben Renow-Clarke, Sham Bhangal, 2013-11-11 With the release of Flash MX scripting in Flash moved from being a desirable asset to an essential skill in the world of web design ActionScript is quite simply the center of power in Flash and it's no surprise that most of the advances in Flash MX are script centric Flash is a design tool and ActionScript can easily scare designers This book is for anyone who has ever looked in awe at a cutting edge Flash site then taken a look at some code and run in the other direction Learning ActionScript with friends of ED will not turn you into a boring programmer it will turn you into someone who finally has the power to achieve what they want with their web design This book will take you from knowing nothing about ActionScript to a firm knowledge that will allow you to exercise a previously unimaginable amount of power over your flash movies It does this with fully worked examples throughout and a case study that will leave you with a cutting edge Flash site by the end of the book The book assumes no previous knowledge of code or ActionScript but does assume that you know the basics of the Flash interface and have maybe created some basic timeline based movies with tweens and so on If you're totally new to Flash then you might want to take a look at friends of ED's acclaimed *Foundation Flash MX* or at the more visually oriented *Flash MX Express* This is no simple rewrite of the first edition of *iFoundation ActionScript* *Macromedia Flash MX Developer's Guide* P. S. Woods, 2002 High demand Flash skills and techniques are essential for anyone involved in Web motion and this book delivers the goods Gives advanced developers everything they'll need to extend the already extensive functionality of Flash Provides intermediate to advanced users with the tools necessary to master the production process and create professional applications Ultimate resource filled with developer's tips on managing file size and working with sound and interactivity features Includes CD ROM featuring code from the book
