## **Channeling Erik Hoax:**

**Channeling the Past** Erik Christiansen, 2013-03-15 After the turmoil of the Great Depression and World War II Americans looked to the nation's more distant past for lessons to inform its uncertain future. By applying recent and emerging techniques in mass communication including radio and television programs and commercial book clubs American elites working in media, commerce and government used history to confer authority on their respective messages. With insight and wit Erik Christiansen uncovers in *Channeling the Past* the ways that powerful corporations rewrote history to strengthen the postwar corporate state while progressives, communists and other leftists vied to make their own versions of the past more popular. Christiansen looks closely at several notable initiatives: CBS's flashback *You Are There* program, the Smithsonian Museum of American History constructed in the late 1950s, the *Cavalcade of America* program sponsored by the Du Pont Company, the History Book Club and the Freedom Train, a museum on rails that traveled the country from 1947 to 1949 exhibiting historic documents and flags including original copies of the U.S. Constitution and the Magna Carta. It is often said that history is written by the victors, but Christiansen offers a more nuanced perspective: history is constantly remade to suit the objectives of those with the resources to do it. He provides dramatic evidence of sophisticated calculations that influenced both public opinion and historical memory and shows that Americans' relationships with the past changed as a result.

*Jack the Ripper 2018* Daniela Mattes, 2019-01-04 Der Name Jack the Ripper ist praktisch jedem geläufig. Dieses Pseudonym des immer noch unbekannten Serienmörders der 1888 das Londoner East End in Angst und Schrecken versetzte wird in vielen B-Chern-Filmen und anderen Medien verarbeitet. Die damaligen Umstände und die vergleichsweise bescheidenen polizeilichen Möglichkeiten führten leider dazu, dass der Serienmörder ungehindert entkommen konnte. Interessanterweise tauchen aber auch jetzt noch nach so vielen Jahren neue Hinweise auf den Fall und auf den Mörder auf, wodurch sich eine ganz neue Perspektive eröffnet. Wenn wir heute einen Blick auf die aktuellen Forschungsergebnisse werfen, die die neuen Untersuchungsmethoden und die unermüdliche Kleinarbeit privater Forscher hervorgebracht haben, können wir den Täterkreis eingengen und einige der beliebten Verdächtigen ausschließen. Wer bleibt am Ende noch übrig? Lässt sich 2019 der Ripper endlich demaskieren?

*The Art of Artertainment: Nobrow, American Style* Peter Swirski, Tero Eljas Vanhanen, 2019-06-28 Artertainment is more than a novel aesthetic term reflecting the fact that art and entertainment have cross-pollinated each other throughout history. It is a creative strategy that purposely intertwines highbrow and lowbrow aesthetics in the name of reaching the connoisseurs and the masses. *The Art of Artertainment* sets out to unravel the jumble of aesthetic faultlines and prejudices found wherever we find artistic crossovers, which is to say everywhere. Revisionist, iconoclastic and artertaining in its own right, it provides a new framework for the analysis of American nobrow culture from the Colonial times to the digitally turbocharged present.
