

In Chapter 14, Holden makes a biblical ALLUSION or reference to the Bible when he says, his favorite character in the Bible is "that lamest and old, that lived in the desert and kept calling himself alone." He refers to Mark 5: 1-20, in which Jesus meets the despised and insane "man in Legions" and says,

"Why might this "lamest figure" be Holden's favorite?"

Mark 5: 1-20 "Jesus Exorcises a Demon-Possessed Man"

So they went across the lake to the region of the Gerasenes.¹⁰ When Jesus got out of the boat, a man with an impure spirit came from the tombs to meet him.¹¹ This man lived in the tombs, and no one could bind him anymore, not even with a chain.¹² For he had often been chained hand and foot, but he tore the chains apart and broke the irons on his feet. No one was strong enough to subdue him.¹³ Night and day among the tombs and in the hills he would cry out and cut himself with stones.

"When he saw Jesus from a distance, he ran and fell on his knees in front of him." He shouted at the top of his voice, "What do you want with me, Jesus, Son of the Most High God? In God's name don't torture me!" For Jesus had said to him, "Come out of this man, you impure spirit!"

"Then Jesus asked him, "What is your name?"

"My name is Legion," he replied, "for we are many."¹⁸ And he begged Jesus again and again not to send them out of the area.

"A large herd of pigs was feeding on the nearby hillside."¹⁹ The demons begged Jesus, "Send us among the pigs, allow us to go into them."²⁰ He gave them permission, and the impure spirits came out and went into the pigs. The herd, about two thousand in number, rushed down the steep bank into the lake and were drowned.

"Those tending the pigs ran off and reported this on the town and countryside, and the people went out to see what had happened."²¹ When they came to Jesus, they saw the man who had been possessed by the legion of demons, sitting there, dressed and in his right mind, and they were afraid.²² Those who had seen it told the people what had happened to the demon-possessed man—and told about the pigs as well.²³ Then the people began to plead with Jesus to leave their region.

"As Jesus was getting into the boat, the man who had been demon-possessed begged to go with him."²⁴ Jesus did not let him, but said, "Go home to your own people and tell them how much the Lord has done for you, and how he has had mercy on you."²⁵ So the man went away and began to tell in the Decapolis²⁶ how much Jesus had done for him. And all the people were amazed.

Line 4: Who of our Holden's is "lamest?"

Line 5: When does Holden cut himself? (think about Ake's death)

Line 8: "Impure evil, sin, dirty"

Line 10: What are the "many" things that trouble Holden?

Line 12: Why might Holden, I guess, love a man who's "impure"? (have you thought about his values?)

Line 13: Why might this

Pham, Lance A. Williams III, 2017-09-15 Transfusion Medicine Apheresis and Hemostasis Review Questions and Case Studies is the collaborative effort that spanned a time period of 2 years and included 50 experts many whom are national leaders in their respected fields It also represents the passion and privilege we feel to teach the next generation of physicians in Transfusion Medicine and Apheresis The main goal for this book is to help the readers build a solid foundation of both basic and advanced conceptual knowledge to prepare for the American Board of Pathology ABP certification exam in Transfusion Medicine This book is not intended to be a substitute for textbooks original research or review articles and or clinical training Further since the field of medicine both from a scientific and regulatory perspective rapidly changes the readers are advised to continuously update their knowledge by attending national meetings and reading clinical journals To equip the readers with the basic knowledge in critical reading and data analysis which is an essential skill in daily medical practice a novel chapter titled Data Interpretation in Laboratory Medicine was included in this book In this chapter the readers are asked to make logical conclusions based on the given data and or statistical results Moreover there is also a chapter on Practical Calculations in Transfusion Medicine Apheresis and Hemostasis to help consolidate all the necessary formulas commonly used in daily practice for easy reference These chapters are unique to our book and will not be found in any other currently on the market All of the questions in this book were originally created by the authors of each chapter Each question can either be standalone or part of a case scenario representing challenge cases in Transfusion Medicine Apheresis and Hemostasis These questions often represent both rare and common clinical scenarios that the authors have seen during their clinical practice Each question is then followed by 5 possible answers with only one being correct or the best answer After

the question there is a conceptual explanation followed by a more factual explanation of the right and wrong answers We gave the individual authors the freedom to choose how they explained the wrong answer choices Some authors chose to be more direct e g Answer A is incorrect because while other authors chose a more conversational style e g Human resources answer A includes staffing selection orientation training and competency assessment of employees This format is designed to help the student linking the conceptual and factual knowledge together to form a solid foundation for use in clinical practice At the end of each chapter there is a list of articles and textbooks that will prove useful to the motivated student who wishes to become an expert in the field Another special feature to our textbook is the presence of a pre test and post test which are provided to help the readers with self assessment As stated above the main focus of this book is to help the readers preparing for the ABP certification exam in Transfusion Medicine However due to the interdisciplinary nature of the field of Transfusion Medicine Apheresis and Hemostasis we believe that this book is also beneficial to and can be used by all clinicians involved in the management of complex transfusion apheresis and hemostasis issues such as hematologists anesthesiologists surgeons and critical care physicians We further believe that it is a helpful guide for these specialists to prepare for their own specialty certification exam when the topics are related to Transfusion Medicine Apheresis and Hemostasis
