Third Series](#) Library of Congress. Copyright Office, 1968 **Generational Key to History** Michael A. Susko, 2025-01-17 **Generational Key to History** Tracing Phases From Ancient Egypt to America This work explores the use of a time chart based on generations as a way to understand history A sole reliance on yearly dating tends to obscure the historical reality and deter us from further exploration However patterns are revealed if we number generations and we become intrigued by the connections and hypotheses raised The author uses 15 year intervals to date events and mark when people turn 30 and tend to enter history The 15 year generational interval was first used by the medieval historian Bede and later advocated by

Ortega E Gasset a leading Spanish philosopher of the 20th century In brief the phases of history found are 1 A partly invisible beginning phase 0 15 generations 2 An establishment phase at 15 20 generations 3 A consolidating and opening up stage at 30 generations 4 A crisis and creativity phase at 40 generations 5 An empire and inclusionary phase at 50 generations and 6 Renewal or rigidification phase at the 60 generational node Importantly special attention is given to the often neglected 30th generational period in which an openness to beauty and light pervade Interestingly these phases also resonate with the human life cycle The tour of cultures covered includes ancient Egypt Israel Judah Rome and the Medieval Modern Taking us into contemporary times America United States is addressed in the second part of this work You are invited to go on an intriguing journey in which generational patterning becomes a Rosetta key for understanding history **A Rosetta Key for U.S. History** Michael A. Susko, 2023-12-21 This work explores a generational history from America s Colonial period to the United States of contemporary times A novel historical approach will rely on generational markers every 15th year rather than yearly astronomical dates This method will make history more accessible and its patterns more apparent Identified from cultures presented in an earlier volume the phasings are 1 Invisible Beginnings 2 Establishment and Testing 3 Novel Consolidation and Opening Up 4 Crisis and Creativity 5 Empire and Inclusion and 6 Rigidification or Renewal This history does not seek to hide or obscure the shadow side of America nor does it fail to present beauty and light especially during the 30s generational phase One discovery prompted by this generational time chart was to more fully consider the importance of New Spain in understanding U S history A second and related theme is inclusion of the Indigenous whose influence extends to all phases of American history Come journey with us and experience historical events and people s lives generation by generation and see how they fit into historical phases Such an awareness the author contends will help us to make the generational choice of our times *Generational Mapping Through Phases* Michael A. Susko, 2025-05-25 In *Generational Mapping Through Phases Bridging Ancient Civilizations U S and Ancestral Pueblo History Complete Three Volume Edition* the author presents a novel approach to understanding history through the lens of generational mapping which reveals distinct phases This comprehensive work explores the rise transformation and legacy of six important historical traditions Ancient Egypt Ancient Israel Ancient Rome Medieval Modern Europe U S History and the history of the Ancestral Pueblo peoples of the American Southwest Divided into three volumes the series introduces the theory that ancient civilizations U S history and Indigenous histories long viewed through static or compartmentalized frameworks can be studied instead as dynamic evolving processes marked by generational phases In brief they are 1 Invisible Beginnings 2 Establishment and Testing 3 Consolidation and Opening Up to outside influences 4 Crisis and Creativity 5 Empire and Inclusion and 6 Renewal or Rigidification The work redefines how we engage with the past weaving together archaeology anthropology and historical analysis to map the interconnectedness of civilizations and the generational forces that shape them From the achievements of Ancient Egypt to the enduring presence of the Ancestral Pueblo peoples the generational method offers fresh insight into

how time identity and transformation shape the arc of human history This complete edition of *Generational Mapping of World History* is for readers seeking a deeper understanding of the structural rhythms that define civilizations across time including the living continuity of Indigenous peoples and their place in global history *Literacy and Learning in the Content Areas*

Call for Change Donald L. Fixico, 2019-06-24 For too many years the academic discipline of history has ignored American Indians or lacked the kind of open minded thinking necessary to truly understand them Most historians remain oriented toward the American experience at the expense of the Native experience As a result both the status and the quality of Native American history have suffered and remain marginalized within the discipline In this impassioned work noted historian Donald L Fixico challenges academic historians and everyone else to change this way of thinking Fixico argues that the current discipline and practice of American Indian history are insensitive to and inconsistent with Native people's traditions understandings and ways of thinking about their own history In *Call for Change* Fixico suggests how the discipline of history can improve by reconsidering its approach to Native peoples He offers the Medicine Way as a paradigm to see both history and the current world through a Native lens This new approach paves the way for historians to better understand Native peoples and their communities through the eyes and experiences of Indians thus reflecting an insightful indigenous historical ethos and reality
