Empire From The Ashes:

Empire From the Ashes David Weber, 2003-03-01 WE HAVE A JOB FOR YOU Just a routine day in lunar orbit That s all Lieutenant Commander Colin MacIntyre USN expected Only a simple training mission to test a new survey instrument intended for the first manned American Russian interstellar flight What he got was just a bit different First there was the fact that Earth didn t actually have a Moon Then there was the three thousand kilometer diameter alien starship pretending it was the Moon And the millennia old cybernetic intelligence that shanghaied him to serve as its crew Colin might have been forgiven for thinking that those were enough surprises for any one man but there were a few other small problems Like the deadly mutiny which had been raging longer than the human race had existed on Earth and still wasn t over Or like the millions of other starships crewed by genocidal aliens dedicated to the extermination of all possible competing life forms which just happened to be headed straight towards Earth Or like the interstellar empire whose aid offered humanity s only hope for survival except for the minor fact that its last emperor and all of his subjects had died forty five thousand years ago Add in the occasional homicidal terrorist religious fanatics convinced that the only good MacIntyre was a dead MacIntyre a bic weapon capable of killing every living thing on any planet a super bomb which could take out whole worlds a starship drive which could destroy complete solar systems and the need to organize the entire planet Earth and all of its warring mutually murderous factions for a probably hopeless last ditch defense and Colin was convinced that things were just about as bad as they could possibly get Until he found out whose job it had just become to fix all those problems of course At the publisher s request this title is sold without DRM Digital Rights Management **Empire of Ashes** Nicholas Nicastro, 2004 A stunning historical novel about the young military genius that took the world by storm 323BC The great Alexander is dead Machon the late emperor s renowned friend and ally is being scapegoated for his downfall An outsider on trial for his life Machon will tell his Greek accusers the stunning tragic truth behind the meteoric rise and fall of a peerless military leader who proclaimed himself a god and lost his humanity The Empire of Ashes Anthony Ryan, 2019-05-21 In the White Drake s war the price of freedom is paid in blood and fire For hundreds of years the Ironship Trading Syndicate was fueled by drake blood and protected by the Blood blessed those few who could drink it and wield fearsome powers But now the very thing that sustained the corporate world threatens to destroy it A drake of unimaginable power has risen and it commands an army of both beasts and men Rogue Blood blessed Claydon Torcreek Syndicate agent Lizanne Lethridge and Ironship captain Corrick Hilemore have been spread to disparate corners of the world but they are united in their desire to defeat the White Drake and the Spoiled who follow it Humanity itself is at stake but with the aid of ancient knowledge revolutionary technology and unexpected allies all hope is not lost Saving the world will require sacrifice as Clay Lizanne and Hilemore will see all they know either consumed by flames or reborn from the ashes The Complete George Cross Kevin Brazier, Tony Gledhill, 2012-10-24 The George Cross the highest civilian decoration is awarded for acts of the greatest heroism or of the

Deadly Intent Eric Thomson,2020 Chaos created by factions determined to end the centuries old accord between human settled worlds and Earth is spreading at an alarming rate Centralists aided and abetted by their corporate paymasters are working hard to destabilize sovereign star systems and strip them of independence Only the Fleet s hard pressed Special Forces can stop those who would foment a series of violent revolutions and trigger a bloody civil conflict capable of destroying humanity s interstellar civilization And that means the best of those Special Forces units Ghost Squadron doesn t lack for missions Disrupting riots aimed at toppling star system governments seeking out and destroying the Centralist owned security and intelligence agency s assets eradicating cartels used as Centralist cat s paws no operation is too complex However each mission takes them deeper into the heart of darkness and before the Fleet can declare victory Ghost Squadron may come to resemble the enemies it fights Yet not using all the means at its disposal could result in the deaths of billions But will the Special Forces legendary prowess and valor suffice both to save humanity and Ghost Squadron s soul Or will the Commonwealth experience the horrors of an existential war before the Fleet can arrest the spiral into madness **The**

Echoes Eric Thomson,2021-03-23 The collapse of humanity s first interstellar empire is passing into legend perhaps even myth now that the ones who could remember those tumultuous years have merged with the Infinite Void Tiny Lyonesse the self appointed guardian of all human knowledge tucked away in its wormhole cul de sac has spent generations preparing to carry out Jonas Morane s plan of reuniting humanity Unbeknown to citizens of a republic cut off from the rest of the galaxy four star systems at the former empire s core also survived to preserve that which existed before the Great Scouring Yet they took a darker path after witnessing firsthand the empire s demise in a bloodletting without precedent which left them fearful about the future of what little remained An uncompromising hidebound military dictatorship the Wyvern Hegemony is everything Lyonesse avoided becoming Backed by a State Security Commission that uses the Void Sisters abilities to root out the regime s enemies its rule is absolute Yet the Hegemony also harbors ambitions of reuniting humanity under its own banner though the government has done little to advance its cause Neither Lyonesse nor the Hegemony knows about each other However thanks to a twist of fate that leads State Security Colonel Crevan Torma and his assigned Void Sister on a voyage of discovery this will soon change But can the vanished empire s heirs meet in peace or will they continue the civil war that almost eradicated humanity across the stars **Bulletin** Free Library of Philadelphia,Free Library of Philadelphia.

within the Commonwealth would call a handful of lives collateral damage in humanity's existential struggle against the Shrehari Empire. But Dunmoore won't accept that they aren't worth saving even if it puts her at cross purposes with her new commanding officer and the Commonwealth's fearsome security bureau. After all, her oath to serve and defend has no limitations and no expiry date.

In the annals of history, the story of Empress Charlotte of Mexico stands as a tragic tale of a woman who dared to dream of a grand destiny only to be consumed by the very fire she ignited. Born into the illustrious House of Saxe-Coburg and Gotha, Charlotte was a woman of remarkable intelligence, beauty, and determination. Her father, King Leopold I of Belgium, had groomed her from a young age to be a queen. In 1857, her dreams came true when she married Archduke Maximilian of Austria, a dashing and ambitious prince who shared her aspirations of grandeur. Together, Charlotte and Maximilian ascended the throne of Mexico in 1864, hailed as the saviors of a nation torn apart by civil war. But their reign was short-lived and fraught with peril. Mexico was a land of deep divisions and simmering resentments, and the foreign rulers soon found themselves entangled in a web of political intrigue and violence. As the war raged on, Charlotte's idealism crumbled under the weight of harsh reality. The brutality of the conflict and the growing hostility of the Mexican people shattered her illusions of a benevolent reign. Desperate to secure support for her husband's crumbling empire, she embarked on a perilous journey to Europe, seeking aid from the courts of France and Austria. But her pleas fell on deaf ears. France, once Mexico's ally, had withdrawn its support, and Austria was unwilling to risk war with the United States, which backed the Mexican rebels. Isolated and alone, Charlotte's hopes dwindled with each passing day. Devastated by the failure of her mission, Charlotte returned to Mexico a broken woman. The empress who had once dreamed of ruling a vast empire now found herself a mere pawn in a deadly game of power. As the rebels closed in on Mexico City, Maximilian was captured and executed, leaving Charlotte a widow and an exile. In the aftermath of her husband's death, Charlotte's mind descended into madness. Haunted by the ghosts of her past, she spent the rest of her days in seclusion, a living testament to the tragic consequences of unchecked ambition. Her story is a timeless reminder that the pursuit of power can come at a great cost. The flames of ambition may illuminate the path to greatness, but they can also consume those who dare to embrace them.

Life hasn't been easy for Siobhan Dunmoore and many of her fellow veterans since the Shrehari War ended. The Fleet's quick return to a mundane peacetime footing left them unmoored and incapable of fully readapting after years engulfed in an existential struggle. Meanwhile, the memories of all those hard-won lessons paid for with humanity's dearest blood are fading as careerists, bureaucrats, and politicians in uniform replace the leaders who brought about the war's end. Yet an increasing

number of senior officers understand true peace is illusory Without an external threat to unify them as a species humans have resumed their favorite activity fighting each other in dark and dirty wars for power profit or glory And this despite the risk of eroding the Commonwealth s delicate social and political balance and triggering violent unrest Ironically those best suited for stopping nasty albeit minor conflicts before they escalate are the very veterans on which the Fleet turned its back Will Siobhan Dunmoore and her comrades find a new role in halting what could become fatal to human unity or will they fade away unwanted while the Commonwealth begins a long slide into civil discord *The Final Shore* Eric Thomson,2024-03-14

The Shrehari War ended over twenty years ago but a new threat is looming over the Commonwealth this time from within Centralists whose dream is to concentrate power on Earth by stripping sovereign star systems of their autonomy finally have one of their own as Secretary General the highest office in human space And she wants to do it as fast as possible But for that she needs the Commonwealth Armed Forces and they re not playing her game On the contrary The Armed Forces also have an agenda one that s been two decades in the making and it s about to be unveiled with Admiral Siobhan Dunmoore playing the principal role And as she steps on the stage Dunmoore becomes the target of everyone who wants to stop the Fleet from preventing a Centralist victory Will she survive to reach the final shore **Empire's Wake** Mark

Quigley,2012-12-10 Shedding new light on the rich intellectual and political milieux shaping the divergent legacies of Joyce and Yeats *Empire s Wake* traces how a distinct postcolonial modernism emerged within Irish literature in the late 1920s to contest and extend key aspects of modernist thought and aesthetic innovation at the very moment that the high modernist literary canon was consolidating its influence and prestige By framing its explorations of postcolonial narrative form against the backdrop of distinct historical moments from the Irish Free State to the Celtic Tiger era the book charts the different phases of 20th century postcoloniality in ways that clarify how the comparatively early emergence of the postcolonial in Ireland illuminates the formal shifts accompanying the transition from an age of empire to one of globalization Bringing together new perspectives on Beckett and Joyce with analyses of the critically neglected works of Sean O Faol in Frank McCourt and the Blasket autobiographers *Empire s Wake* challenges the notion of a singular global modernism and argues for the importance of critically integrating the local and the international dimensions of modernist aesthetics **New York**
