 life He desperately holds onto the past when he was a child and the truth about the world was hidden He believed in love he  
 believed in peace and he believed in his dreams but once his childhood was over everything had changed or everything had  
 stopped lying to him The world appeared empty and he refused to be a part of the emptiness The more time goes by the less  
 real the world appears to him and the less time he has in finding true love and true happiness **Beyond Vision** Allan  
 Jones,2018-06-06 In this unique and exhilarating autobiography Allan Jones Canada s first blind diplomat vividly describes  
 how an untreatable eye disease slowly decimated his visual world most challengingly during his postings in Tokyo and New  
 Delhi and how he discovered and took to heart the revelatory Indian philosophy that changed his life Advaita Vedanta the  
 most iconoclastic and liberating of the classical Indian philosophies profoundly altered the author s experience of self and  
 world He found that the true self as distinct from the individual ego far exceeds the boundaries of individuality It lies beneath  
 sightedness or blindness and is absolutely unaffected by the latter This welcome shift of perspective was reinforced by  
 startling discoveries in contemporary physics evolutionary biology and developmental psychology that are fully consistent

with Advaitic metaphysics As for the practical applications of metaphysics this book demonstrates step by step how Advaitic insight and practice significantly reduce physical and psychological tension The most telling examples have to do with adjustments compelled by extreme circumstances Thus Jones describes how he drew upon Advaitic mindfulness techniques to maintain his white cane mobility skills in the teeth of permanent spinal nerve and muscle pain The arc of Beyond Vision moves from the claustrophobically personal to the openness of the transpersonal It begins in a dysfunctional family background breaking out into a full life encompassing an adventurous foreign service career spiritual exploration and an unconventional kind of marital love

**Visions of Awakening Space and Time** Taigen Dan Leighton, 2008-12-31 As a religion concerned with universal liberation Zen grew out of a Buddhist worldview very different from the currently prevalent scientific materialism Indeed says Taigen Dan Leighton Zen cannot be fully understood outside of a worldview that sees reality itself as a vital dynamic agent of awareness and healing In this book Leighton explicates that worldview through the writings of the Zen master Eihei D gen 1200-1253 considered the founder of the Japanese S t Zen tradition which currently enjoys increasing popularity in the West The Lotus Sutra arguably the most important Buddhist scripture in East Asia contains a famous story about bodhisattvas enlightening beings who emerge from under the earth to preserve and expound the Lotus teaching in the distant future The story reveals that the Buddha only appears to pass away but actually has been practicing and will continue to do so over an inconceivably long life span Leighton traces commentaries on the Lotus Sutra from a range of key East Asian Buddhist thinkers including Daosheng Zhiyi Zhanran Saigyo My e Nichiren Hakuin and Ry kan But his main focus is Eihei D gen the 13th century Japanese S t Zen founder who imported Zen from China and whose profuse provocative and poetic writings are important to the modern expansion of Buddhism to the West D gen s use of this sutra expresses the critical role of Mahayana vision and imagination as the context of Zen teaching and his interpretations of this story furthermore reveal his dynamic worldview of the earth space and time themselves as vital agents of spiritual awakening Leighton argues that D gen uses the images and metaphors in this story to express his own religious worldview in which earth space and time are lively agents in the bodhisattva project Broader awareness of D gen s worldview and its implications says Leighton can illuminate the possibilities for contemporary approaches to primary Mahayana concepts and practices
