[Fujifilm X100vi User Guide](#) Peter John,2024-06-12 The Fujifilm X100VI is the newest model in Fujifilm s well known X100 series and it perfectly combines cutting edge technology timeless style and intuitive use This high end little camera is designed for photographers who want the best possible mobility and picture quality The X100VI s primary component is a 26.1 megapixel APS C X Trans CMOS 4 sensor which when combined with the X Processor 4 produces very detailed and accurate color photographs at high resolutions Sharp and colorful images are ensured by the special X Trans sensor array which reduces moir and false colors without the need for an optical low pass filter The newly created 23mm f 2 fixed lens which is ideal for both still and video photography is a major feature With its adaptable 35mm

equivalent focal length this lens is ideal for a variety of shooting situations including portraiture and street photography. Additionally, the lens has enhanced close-up capabilities, lowering the required minimum focusing distance for excellent macro photography. With ease, the X100VI can switch between an optical OVF and an electronic viewfinder EVF thanks to its advanced hybrid viewfinder. Photographers may now make use of the greatest features of both systems: the real-time digital display of the EVF and the clarity of the OVF. With 425 phase detection points, the improved autofocus capabilities provide fast and precise focusing even in dim light. In addition, the camera records stunning 4K video at 30 frames per second, making it a useful tool for both filmmakers and photographers. The X100VI maintains the series signature retro-inspired aesthetic, which includes a sturdy weather-sealed shell and simple manual controls. Due to its lightweight design and small size, it's the perfect travel companion for photographers. While using the Fujifilm X100VI, there are several things to know and learn from the Fujifilm X100VI in this guide as well. Here are some of the things you will learn from this guide: What's new in the X100VI, How to turn on and turn off your camera, What are the camera's basic settings, What are the basic camera controls, What are the different shooting modes in the Fujifilm X100VI, New features and additions, How do you view images, How do you protect images, How do you delete images, How do you use lenses and optics, How do you use viewfinder and LCD in your camera, What are the video capabilities and features, How do you connect to the internet with your camera, How do you care for and maintain the camera, Tips and troubleshooting the Fujifilm X100VI, and lots more.
