Witness to History Mauno Koivisto,1997 When Mauno Koivisto was elected president of Finland in 1982 Leonid Brezhnev was still in the Kremlin and Ronald Reagan had been the U S president for a year Relations between the superpowers were at low ebb and there seemed little prospect of improvement A Treaty on Friendship Cooperation and Mutual Assistance with the USSR had been signed by a weakened Finland in 1948 and its military provisions led to talk of Finlandization The Soviets would not accept the concept of Finnish neutrality to which the Finns adhered strongly When Koivisto left office in 1994 the Soviet Union no longer existed the 1948 treaty had been replaced and Finland was about to become a member of the European Union something unthinkable a few years earlier In his last years as president Koivisto played a major role in three important developments First there was the urgent need of the Soviet Union and subsequently of Russia and the Commonwealth of Independent States for external economic support a fact appreciated by Koivisto a former central banker but less so by the U S administration and the International Monetary Fund both of which he sought to persuade Secondly when the three Baltic republics were emerging as independent states they looked to nearby Finland as a role model and as a supportive ally a circumstance that caused Koivisto considerable trouble in light of his own delicate balance with Russia In the third instance the question of whether Finland should seek EU membership involved national self examination as well as delicate external negotiations Koivisto s account is partly a historical record As events unfold we follow his thinking as we become privy to his conversations and correspondence with his own ministers as well as with his foreign counterparts As such this book is a case history of statecraft in a small country involved in great events but it is much more than that for Koivisto does not miss the human element or overlook the ironies of power politics among nations **Inequality, Taxation,**
