First Among Equals First Among Equals:

First Among Equals Patrick J. McKenna, David H. Maister, 2012-12-11 Managing people when you're not their boss is a challenge particularly in professional service firms where increasingly top professionals are being tapped to lead their peers Now Patrick McKenna and David Maister provide a play book for professionals trying to be both a team member and coach In industries ranging from banking and insurance to law and engineering as well as in research labs and software companies management responsibility is increasingly delegated usually without guidance to those who head up smaller teams of professionals FIRST AMONG EQUALS speaks directly to those who have gone from focusing on their own performance to being a group manager in charge of leading others From understanding the group leader role to setting terms of reference and effectively dealing with talented prima donnas McKenna and Maister present a thorough introduction to managing and orchestrating talent

The Failure of Presidential Democracy Juan J. Linz, Arturo Valenzuela, 1994-02 Brings together leading scholars to examine the question of whether presidentialism or parliamentarism offers the best hope for stable government and democratic continuity This edition offers comparative perspectives

Women and Power in Native North America Laura F. Klein, Lillian A. Ackerman, 1995 Power is understood to be manifested in a multiplicity of ways through cosmology economic control and formal hierarchy In the Native societies examined power is continually created and redefined through individual life stages and through the history of the society The important issue is autonomy whether or to what extent individuals are autonomous in living their lives Each author demonstrates that women in a particular cultural area of aboriginal North America had and have more power than many previous observers have claimed

40 Questions about Elders and Deacons Benjamin L. Merkle, 2007-11-29 Organized around common FAQs 40 Questions About Elders and Deacons tackles the major questions that pastors church leaders and students ask about congregational church government a topic of significant interest in the church today It provides readers with a clear analysis of key biblical passages and succinct answers 48 pages each The unique format of the book allows readers to pick and choose what issues are most pertinent to their interests and needs Thought provoking discussion questions for each topic make it ideal for either personal or church wide study

Satan's Strategy to Curse Christ's Congregation Andy Woods, Keith A. Sherlin, 2010-10-01 Dr Sherlin has worked diligently to show the importance of elder rule What he has done is restore us to sound principles that come straight from the Bible His book is a must for every assembly that wants to remain strong rather than go the way of the culture I cannot recommend his book enough Dr Mal Couch In this work the author sets out the biblical case for congregations being ruled by a plurality of Godly men known as elders This work is meticulously footnoted and documented making it an invaluable resource for the layman and scholar alike Dr Andy Woods Keith writes in a manner that is precise and with a fluidity of understanding of current day church leadership The tone of his writing is shared in love and there are no judgmental undertones that permeate his thoughts I would wholly recommend this reading to

all who profess Christ as their Lord Pamela Rogers Dr Keith has presented a solid case for authoritative leadership in the church His book is a call for us to return to biblical leadership and be presbyters instead of politicians Dr C V Varnado Do you believe that your local assembly is full of conflict confusion and or compromise Are you familiar with the strategy of Satan and his methods to undermine the grace love and truth of Christ s body This work makes a clear and convincing case that many problems in congregations occur because the body has adopted a flawed foundation of church government and doctrine that is more political than biblical How much or to what degree has Satan made inroads into your spiritual family and leadership body Read and judge for yourself and if necessary seek to apply the prescribed remedy to the problem

The European Union Walter Gerven,2005 This book provides a general introduction to the European Union EU and describes how from its origin in 1952 it has grown into a polity of 25 states with a population of more than 450 million

The Royal Seed Judd F. Allen,2015-10-22 Have you read the entire Bible Do you skip over parts you think are dull and insignificant Would you be surprised to learn these passages could be important to you today In *The Royal Seed Why the Genealogy of Jesus Is Important to You Today* author Judd F Allen

shares his fascinating and diligent study and commentary on the royal genealogy of biblical figures and its significance for believers today. Often ignored and passed over by Bible readers as boring long winded and even extraneous passages in the Bible, Allen offers a provocative thesis that these extensive genealogies have much to teach modern day believers about the importance and centrality of a kind of royalty in the Bible and among followers of the Lord. Each chapter focuses on a central figure that leads to Christ and eventually to Christians today. Judd reveals many hidden and subtle relationships. Today's Bible students may not be aware of some of the things you'll learn are who Jesus says is the greatest of all men, what biblical book was authored by King Hezekiah's great great grandson and who became high priest Aaron's famous great nephew forty five generations in the future. As heirs in the royal dynasty of the Christ, readers should understand how all parts of the Bible, even those passed over, are of direct significance to how we can develop a better relationship with the Lord. **The Royal Seed: Why the Genealogy of Jesus Is Important to You Today** shows you the way. **Politics UK** Bill Jones, Philip Norton, 2018-03-16. This revised and updated ninth edition of the bestselling textbook **Politics UK** is an indispensable introduction to British politics. It provides a thorough and accessible overview of the institutions and processes of British government, a good grounding in British political history and an incisive introduction to the issues and challenges facing Britain today, including the European referendum and Brexit. The ninth edition welcomes brand new material from seven new contributors to complement the rigorously updated and highly respected chapters retained from the previous edition. It delivers excellent coverage of contemporary events, including a new chapter on Euro scepticism and the European referendum, an assessment of the performance of Labour's leadership, the trials and tribulations of the Liberal Democrats and UKIP and the evolving devolution debate in Scotland led by the Scottish Nationalist Party. Features of the new edition include Britain in context boxes offering contrasting international perspectives on key themes in British politics, a comprehensive who's who of politics in the form of Profile boxes featuring key political figures, and another thing pieces containing short articles written by distinguished commentators including Mark Garnett, Sir David Omand, Richard Wilkinson and Sir Simon Jenkins. An epilogue analyzing the turbulent state of UK politics following the European referendum. With chapters written by highly respected scholars in the field and contemporary articles on real world politics from well known political commentators, this textbook is an essential guide for all students of British politics. **Generation to Generation** Kelin E. Gersick, 1997. **Generation to Generation** will help managers understand the special dynamics challenges that family businesses face as they move through their life cycles. It explains how to handle succession, the role of non family professionals. **Atmospheric Science at NASA** Erik M. Conway, 2008-11-03. Honorable Mention 2008 ASLI Choice Awards. **Atmospheric Science Librarians International**. This book offers an informed and revealing account of NASA's involvement in the scientific understanding of the Earth's atmosphere. Since the nineteenth century, scientists have attempted to understand the complex processes of the Earth's atmosphere and the weather created within it. This effort has evolved with the

development of new technologies from the first instrument equipped weather balloons to multibillion dollar meteorological satellite and planetary science programs Erik M Conway chronicles the history of atmospheric science at NASA tracing the story from its beginnings in 1958 the International Geophysical Year through to the present focusing on NASA s programs and research in meteorology stratospheric ozone depletion and planetary climates and global warming But the story is not only a scientific one NASA s researchers operated within an often politically contentious environment Although environmental issues garnered strong public and political support in the 1970s the following decades saw increased opposition to environmentalism as a threat to free market capitalism Atmospheric Science at NASA critically examines this politically controversial science dissecting the often convoluted roles motives and relationships of the various institutional actors involved among them NASA congressional appropriation committees government weather and climate bureaus and the military

The Fourth Consort Edward Ashton,2025-02-25 A new standalone sci fi novel from Edward Ashton author of Mickey7 the inspiration for the major motion picture Mickey 17 Dalton Greaves is a hero He s one of humankind s first representatives to Unity a pan species confederation working to bring all sentient life into a single benevolent brotherhood That s what they told him anyway The only actual members of Unity that he s ever met are Boreau a giant snail who seems more interested in plunder than spreading love and harmony and Boreau s human sidekick Neera who Dalton strongly suspects roped him into this gig so that she wouldn t become the next one of Boreau s crew to get eaten by locals while prospecting Funny thing though turns out there actually is a benevolent confederation out there working for the good of all life They call themselves the Assembly and they really don t like Unity More to the point they really really don t like Unity s new human minions When an encounter between Boreau s scout ship and an Assembly cruiser over a newly discovered world ends badly for both parties Dalton finds himself marooned caught between a stickman one of the Assembly s nightmarish shock troops the planet s natives who aren t winning any congeniality prizes themselves and Neera who might actually be the most dangerous of the three To survive he ll need to navigate palace intrigue alien morality and a proposal that he literally cannot refuse all while making sure Neera doesn t come to the conclusion that he s worth more to her dead than alive Part first contact story part dark comedy and part bizarre love triangle The Fourth Consort asks an important question how far would you go to survive And more importantly how many drinks would you need to go there

The Plurality Principle Dave Harvey,2021-02-17 Building and Sustaining a Thriving Leadership Culture Essential to every healthy church is a biblical model of leadership In the New Testament church leadership is built around a team of elders working together each bringing his own unique skills and gifts to the cause of shepherding the flock God entrusted to them However in many churches today the principle of plurality in leadership is often misunderstood mistakenly applied or completely ignored Dave Harvey encourages church leaders to prioritize plurality for the surprising ways that it helps churches to flourish This book not only builds a compelling case for churches to adopt and maintain biblical elder pluralities guided by solid leadership but

also supplies practical tools to help elders work together for transformation Download the free study guide **The Hamilton Scheme** William Hogeland,2024-05-28 William Hogeland is the best guide I have found to understanding how we today are for good and evil children of Alexander J Bradford DeLong professor of economics at the University of California Berkeley and author of *Slouching Towards Utopia* How Alexander Hamilton embraced American oligarchy to jumpstart American prosperity Forgotten founder no more Alexander Hamilton has become a global celebrity Millions know his name Millions imagine knowing the man But what did he really want for the country What risks did he run in pursuing those vaulting ambitions Who tried to stop him How did they fight It s ironic that the Hamilton revival has obscured the man s most dramatic battles and hardest won achievements as well as downplaying unsettling aspects of his legacy Thrilling to the romance of becoming the one man inventor of a modern nation our first Treasury secretary fostered growth by engineering an ingenious dynamo banking public debt manufacturing for concentrating national wealth in the hands of a government connected elite Seeking American prosperity he built American oligarchy Hence his animus and mutual sense of betrayal with Jefferson and Madison and his career long fight to suppress a rowdy egalitarian movement little remembered today the eighteenth century white working class Marshaling an idiosyncratic cast of insiders and outsiders vividly dramatizing backroom intrigues and literal street fights and sharply dissenting from recent biographies William Hogeland s *The Hamilton Scheme* brings to life Hamilton s vision and the hard knock struggles over democracy wealth and the meaning of America that drove the nation s creation and hold enduring significance today *Command the Month @ the Midnight Gate* Anthony O. Akerele,2014-01-03 Every month is peculiar and unique So is the gate of every month a midnight gate by western calendar system The name of the month numerical position and ordinal character in the calendar system are very important in advanced spiritual warfare My times are in your hands O Lord Employ these qualities and characteristics to speak by apostolic decrees to every month and the month shall yield you your portion Every month of the western world calendar has spiritual characteristics pointing to a definitely idolatrous background and origin This is not without consequence when it comes to the battle for the control of time Some spiritual powers are struggling to be in control of your time They pretend they have the time dedicated to themselves and can only release it for the use of man in exchange for worship *Command the Month* The Midnight Gate gives you the spiritual tools to take back the control and administration of time that the adversary has arrogated to himself Shall we war **Confronting Penal Excess** David Hayes,2019-11-14 This monograph considers the correlation between the relative success of retributive penal policies in English speaking liberal democracies since the 1970s and the practical evidence of increasingly excessive reliance on the penal State in those jurisdictions It sets out three key arguments First that increasingly excessive conditions in England and Wales over the last three decades represent a failure of retributive theory Second that the penal minimalist cause cannot do without retributive proportionality at least in comparison to the limiting principles espoused by rehabilitation restorative justice and penal abolitionism Third that another

retributivism is therefore necessary if we are to confront penal excess The monograph offers a sketch of this new approach late retributivism as both a theory of punishment and of minimalist political action within a democratic society Centrally criminal punishment is approached as both a political act and a policy choice Consequently penal theorists must take account of contemporary political contexts in designing and advocating for their theories Although this inquiry focuses primarily on England and Wales its models of retributivism and of academic contribution to democratic penal policy making are relevant to other jurisdictions too
