Jones,2009-04-07 Lets take a journey into the mind of God Lets see what He feels knows and understands As we take this journey let us see ourselves We are wonderful creations of Him Lets us see God ourselves and others in a pure new light With love and wisdom we shall change ourselves and everything that is around us Jesus Buddha and nature all three have given us the keys to being spiritual This journey is a lifetime commitment but worth the trip Take this road and you will never be the same again This is the key to being spiritual Now That You Are Awake Gordon Bruce Waldie,2009-07-20 Now That You Are Awake the sequel to Living Your Life in Joy is the second book in a three part series It is an extension as well as an expansion of material introduced in Living Your Life in Joy Throughout the second book we shall develop a more comprehensive understanding of not only the process of awakening but also the practical application of what we have learned to all aspects of our daily lives as we journey the path to Oneness Now That You Are Awake explores in detail what it means to be spiritually awake how we know that we are awake and how our lives are changed by our awakening We further expand upon the subject of spiritual awakening as we discuss what it means to view the world through spiritual eyes how we become a reflection in the mirror of a world within and who we are as spiritual beings created in the image and likeness of God Through our discussions we come to understand in a heightened and more expansive manner who we are why we are and what we came here to do We discuss in depth the nature attributes and the Oneness of the Divine as the One Energy One Love One Life We discover our unlimited potential as individual expressions of the One in physical form and how we can awaken to develop and expand our ability to utilize Universal Life Force Energy for the health and well being of ourselves and others As we spiritually mature we come to understand the advanced aspects of spiritual expression that we awaken to They are referred to throughout our discussions as feeling and knowing We discuss in depth how these can be important forms of inspiration and guidance In the final chapter we follow two individuals one spiritually awake the other spiritually asleep as they go through one day in their respective lives to contrast the thoughts feelings and behaviors each expresses as they respond to the same circumstances and events that occur during the day By comparing each one's experience as perceived and expressed through the ego or the spirit we may not only summarize the basic understanding we have gained from the topics we discuss in each chapter of the book but also provide a situation where we can evaluate how we would have responded ourselves to each of the events that

take place throughout the course of the day From this we may assess each aspect of our own spiritual growth as we continue our journey upon the path to Oneness At the end of the book there is a special request for those of you who would be willing to share your awakening story with those who are about to awaken have just awakened or who are awake and journeying the path to Oneness We are planning a series of books perhaps three in all with the exclusive theme of spiritual awakening The purpose of the series is to provide readers with knowledge gained from the firsthand experiences of others who have awakened to help them to understand what is happening to them as they begin to awaken and to let them know that they are not alone As such those who choose to awaken would have a compendium or a guide namely the experiences of those who have gone before them to help them along the way Now That You Are Awake is a detailed and comprehensive volume that explores the next level of spiritual awareness consciousness and knowledge we are awakening to as we continue to spiritually mature
