Critical Thinking 5th edition Richard L Epstein, Michael Rooney, 2018-11-01 This fifth edition of *Critical Thinking* by the noted logician Richard L Epstein is practical, engaging and easy to teach. Students enjoy and understand it because it is clear and has hundreds of examples using a cast of characters who reason as we do every day. More than 1 000 exercises lead students to be able to reason well in their courses and their lives. Essay writing lessons and visual writing lessons using the cast of characters teach students that first comes clear thinking and then comes clear writing. A complete and comprehensive Instructor's Manual makes the text easy to teach and grade. New to this edition: chapters on explanations and reasoning in the sciences; Over 1 000 examples and exercises from daily life; A dozen original writing lessons fully integrated with the text; Unique cartoon writing lessons help students apply critical thinking to non-verbal situations. **Critical Thinking, fifth edition** Jonathan Lavery, William Hughes, 2008-05-27 William Hughes's *Critical Thinking* revised and updated by Jonathan Lavery is a comprehensive and accessible introduction to the essential skills required to make strong arguments. Hughes and Lavery give a thorough treatment of such traditional topics as deductive and inductive reasoning, logical fallacies, the importance of inference, how to recognize and avoid ambiguity and how to assess what is or is not relevant to an argument. The authors also cover less traditional topics such as special concerns to keep in mind when reasoning about ethical matters and how the nature of a language can affect the structure of an argument. In addition to covering basic concepts for analyzing and assessing arguments, the text also has two chapters that are designed to help students write argumentative essays. Last but not least, *Critical Thinking* includes a selection of logical paradoxes and puzzles that are as entertaining as they are enlightening. For the fifth edition, particular attention has been paid to the needs of Canadian students and instructors.
