Students Introduction Gregory Bassham, William Irwin, Henry Nardone, James M. Wallace, 2022-02 The first edition of *Critical Thinking A Student's Introduction* grew out of our conviction that a critical thinking text that works that produces real, measurable improvement in students' critical reasoning skills must have two essential features. It must be a text that today's gadget-loving students actually read. It must provide abundant, class-tested exercises that give students the practice they need to develop as maturing critical thinkers. In revising *Critical Thinking A Student's Introduction* for this edition, we've tried to remain faithful to this original vision. Many passages have been rewritten to make the book clearer, and we hope more engaging and accessible. In addition, many new readings have been added to keep the text timely and fresh. **Critical Thinking** Henry Nardone, Gregory Bassham, James M. Wallace, William Irwin, 2002-05 Helps students bridge the gap between everyday culture and critical thinking. This text covers the basics of critical thinking, beginning where students are, not where we think they should be. Its comprehensiveness allows instructors to tailor the material to their individual teaching styles.
