Improving College Student Retention Robert D. Reason, John M. Braxton, 2023-07-03 Higher education institutions have already begun to see decreasing enrollment numbers even as higher education enrollment is predicted to drop precipitously starting in 2025 Much of the decrease in enrollment will be driven by demographic trends about which higher education institutions can do little making the retention of students who do enroll that much more important Overall retention rates have stagnated and differential retention rates by race and ethnicity have persisted If higher education institutions researchers and policy makers are to improve retention rates a critical examination of the current state and future directions of retention research is essential This edited volume begins that examination by addressing several questions What are the needed directions in theory and research on college student persistence and how do we translate new theory and research into effective practices Are we asking the right questions looking in the right places or trying to apply out of date theories to new populations In short how can the research community help institutions improve retention in this challenging time

***Black Collegians' Experiences in US Northern Private Colleges*** Dafina-Lazarus Stewart,2017-04-22 This book is a narrative study of the lives and experiences of sixty eight Black collegians in a set of northern private colleges in the Midwest between 1945 and 1965 Through oral histories and archival material this text documents and reflects on their experiences in the racially isolated northern rural towns in Ohio Michigan Indiana and Western Pennsylvania This history illuminates both the empowerment of these collegians and the persistent challenges of enacting institutional values in the face of resistance from both outside and within Stewart seeks to understand the nature of progress toward pluralistic diversity in college environments characterized by the paradox of racial homogeneity and interracial engagement In this way the complex interplay of social movements institutional context individual identities and the experiences of marginalized students in postsecondary education are more effectively demonstrated

**Advancing Culturally Responsive Research and Researchers** Penny A. Pasque,e alexander,2022-08-19 Advancing Culturally Responsive Research and Researchers Qualitative Quantitative and Mixed Methods encourages readers to design and engage in methodologies and methods that place cultural relevancy at the center of inquiry In doing so it highlights the need to uplift voices and needs of people who have been historically marginalized in the environments that we both inhabit and engage in as part of knowledge construction The scholars whose work is featured in this volume take up research from different paradigmatic ontological epistemological axiological and methodological approaches yet with adherence to centering cultural responsiveness in all research decisions Each chapter seeks to extend understandings of social inequities methodologies and or methods and to contribute to meaningful and evolving social change through innovative and cutting edge research strategies While doing this work the authors illustrate and highlight the importance of researcher positions and reflexivity in supporting the expansion of culturally responsive approaches they also do so while considering global sociopolitical

conditions of this moment in time The contributions to this volume were initially presented at the first biennial Advanced Methods Institute in 2021 The Institute was hosted by QualLab in The Ohio State University's College of Education and Human Ecology and shared this volume's thematic focus As a handbook the volume can help faculty and advanced researchers with interest in doing culturally responsive projects to better understand frameworks approaches and considerations for doing so It includes activities to support readers in developing said understandings

**Critiques for Transformation** Lorenzo DuBois Baber, Heather McCambly, 2023-04-01 To sustain contemporary movements towards educational equity postsecondary leaders at all levels need resources that connect evidence based critiques of structural inequities to forward thinking visions for a more socially just academy To address this critical challenge we bring together scholars to deconstruct oppressive norms of theory and practice and provide a direction towards reconsiderations across various postsecondary contexts Each chapter identifies a normative practice that reinforces material and cultural oppression of student populations from minoritized identities challenge underlying assumptions that support current norms and make recommendations for redeveloping practices that center the well being and success of underserved student populations In presenting a range of expertise and disciplinary foci in the study of higher education this volume contributes to a holistic reenvisioning of colleges and universities as transformational spaces for social change The book provides insights and recommendations from scholars to a wide ranging audience including federal and state policymakers postsecondary administrators and leaders philanthropists researchers and graduate students The primary audience are graduate students enrolled in various educational leadership programs including educational policy studies higher education student affairs curriculum and instruction or learning sciences This book will be especially valuable for increasing the focus on generative critique in research practice and policy in graduate programming curriculum This volume will also be a valuable resource for policymakers involved in shaping postsecondary initiatives at the local state and federal levels Finally this book will appeal to current practitioners at colleges and universities as they seek additional professional development and cross institutional collegiality around practices related to social justice and equity

**ENDORSEMENTS** This book opens with an account of Ronald Reagan's draconian policies and practices to silence political dissenters and demonstrators within the University of California Horrifyingly we now have politically ambitious governors using Reaganesque tactics to shut down critical race theory the teaching of authentic Black history the use of terms like Latinx

**Critiques For Transformation Reimagining Colleges Communities For Social Justice** is the essential antidote to the antidemocratic Orwellian practices that are bent on disempowering advocates for racial justice Estela Bensimon University of Southern California

**Critiques for Transformation Reimagining Colleges and Universities for Social Justice** provide impressive examinations and posit modes to envision reimagining ways for universities to move toward authentic diversity equity and inclusion DEI The senior mid career and emerging professionals tackle DEI from a variety of conceptual frameworks that contribute to rich discussions of challenges

and opportunities By examining some classic writings from education and social sciences the chapters elucidate how contemporary scholarly activities and research can be linked to the integrative roles of public engagement for both internal university communities and external audiences The volume will be quite helpful to a range of constituents within the United States i e a nation that has some of the most diverse structures and systems of colleges and universities Beverly Lindsay Pennsylvania State University To offer a scholarly critique is often uneven with little attention dedicated to altering the most troubling patterns in this case in higher education This book brings rigorous critique but also engages in world building taking up what we can do today to make higher education break with its exclusionary and profit seeking ways Every chapter focuses on a particular facet of higher education and carefully imagines it as a space for possibility rather than arbitrary rules for the sake of hierarchy As higher education wrings its hands about its place in the pandemic this book is the guide Leigh Patel University of Pittsburgh

**Research Anthology on Instilling Social Justice in the Classroom** Management Association, Information Resources, 2020-11-27 The issue of social justice has been brought to the forefront of society within recent years and educational institutions have become an integral part of this critical conversation Classroom settings are expected to take part in the promotion of inclusive practices and the development of culturally proficient environments that provide equal and effective education for all students regardless of race gender socio economic status and disability as well as from all walks of life The scope of these practices finds itself rooted in curriculum teacher preparation teaching practices and pedagogy in all educational environments Diversity within school administrations teachers and students has led to the need for socially just practices to become the norm for the progression and advancement of education worldwide In a modern society that is fighting for the equal treatment of all individuals the classroom must be a topic of discussion as it stands as a root of the problem and can be a major step in the right direction moving forward Research Anthology on Instilling Social Justice in the Classroom is a comprehensive reference source that provides an overview of social justice and its role in education ranging from concepts and theories for inclusivity tools and technologies for teaching diverse students and the implications of having culturally competent and diverse classrooms The chapters dive deeper into the curriculum choices teaching theories and student experience as teachers strive to instill social justice learning methods within their classrooms These topics span a wide range of subjects from STEM to language arts and within all types of climates PK 12 higher education online or in person instruction and classrooms across the globe This book is ideal for in service and preservice teachers administrators social justice researchers practitioners stakeholders researchers academicians and students interested in how social justice is currently being implemented in all aspects of education
