Double-Consciousness and the Rhetoric of Barack Obama Robert E. Terrill, 2015-07-30 This incisive work examining Obama s speeches and the theories of W E B DuBois illuminates the influences of words and ideas Choice The racial history of US citizenship is vital to our understanding of both citizenship and race Robert E Terrill argues that to invent a robust manner of addressing one another as citizens Americans must draw on the indignities of racial exclusion that have stained citizenship since its inception In Double Consciousness and the Rhetoric of Barack Obama Terrill demonstrates how President Barack Obama s public address models such a discourse Terrill contends that Obama s most effective oratory invites his audiences to experience a form of double consciousness famously described by W E B Du Bois as a feeling of two ness resulting from the African American experience of always looking at one s self through the eyes of others An effect of cruel alienation this double consciousness can also offer valuable perspectives on society When addressing fellow citizens Obama asks each to share in the peculiar sensation that Du Bois described Through close analyses of selected speeches from Obama s 2008 campaign and first presidential term this book argues that Obama does not present double consciousness merely as a point of view but as an idiom with which we might speak to one another Of course as Du Bois s work reminds us double consciousness results from imposition and encumbrance so that Obama s oratory presents a mode of address that emphasizes the burdens of citizenship together with the benefits the price as well as the promise
