In this book the author has given Detailed account of major insect and non insect pests of economically important field and horticultural crops and possible measures of their control. Information about household pests which damage human possessions as well as insect and non insect pests which either cause diseases or transmit various diseases in plants livestock and humans. A list of minor pests of each crop which may attain the level of major pests when conditions become favorable for them. List of insecticides approved by the Government of India for use as spray chemicals and granular insecticides and the dosage for their use. The text is substantiated with many fine hand drawn illustrations depicting the nature of damage and life cycle of the pests which is the highlight of this book. The book is intended primarily for the Under Graduate students of Agriculture but it will be immense use for the Post Graduate students of Agriculture officials working in the Department of Agriculture those interested in scientific farming and for the general public.

Vocational Agricultural Education by Home Projects Rufus Whittaker Stimson, 1919 *Bengal Agricultural Journal*, 1921 **Book Bulletin** Chicago Public Library, 1912 **Tillage and Crop Production, 2nd Ed.** N.R.

Das, 2017-03-01 Production of crops is directly connected with tillage systems and this tillage system is also helpful for reduction of cost of crop production. Therefore cropping system may be regulated with the changes of tillage operations. Now a days zero tillage minimum tillage no tillage paira utera system stubble mulch tillage etc are in vogue and as a result higher crop production is possible with low cost though tillage practices differ from place to place and crop to crop. With the new ideas and concepts the new book entitled Tillage and Crop Production has been written for the development of agriculture in the country with thirteen chapters having part I i Introduction ii Tillage and tilth iii Types and methods of tillage iv Factors affecting tillage v Tillage implements vi Tillage effects on vii Tillage in relation to crop production viii Tillage vs irrigation and fertilization ix Tillage for crops croppings and situations x Tillage crop production and production economics xi Financial aspect of tillage crop management and Part II Important information on crop production. The book will be very useful for the undergraduate and postgraduate students of all agricultural universities of the country. This book will also be helpful to all ICAR research institutes and all agricultural departmental farms of all States of the country. Classified Catalogue East St. Louis. Public Library, 1922
