## **Crossing The Threshold Of Love A New Vision Of Marriage:**

**Crossing the Threshold of Love** Mary Shivanandan, 1999 The papal encyclical *Humanae Vitae* predicted the disintegration of marriage and family life partly as a result of the widespread use of contraception Pope John Paul II has since addressed the problem by articulating a fresh understanding of marriage love and sexuality which takes account of the dignity of the human person and especially of women In this most exhaustive and scholarly assessment of John Paul II's Christian anthropology ever written Mary Shivanandan examines the scientific data and the theological analysis that underlie his teachings on marriage and sexuality Her book will be an essential text for the study of the development meaning and implications of Catholic doctrine in this controversial area It is both lucid and multi disciplinary Its appearance marks a new stage in the debate over sexuality in the modern world

**ABOUT THE AUTHOR** Mary Shivanandan STD is a professor at the John Paul II Institute for Studies on Marriage and the Family

**PRAISE FOR THE BOOK** Mary Shivanandan has successfully accomplished a daunting task the distillation of John Paul's profound and complicated vision of the essence of man and the meaning of marital love A very valuable presentation of the thought of John Paul on human sexuality marriage and the family Anyone who wants to understand the Pope on these matters must have Shivanandan's book as part of his personal or formal curriculum

**New Oxford Review** An exceptionally brilliant study Shivanandan very accurately and clearly sets forth the major ideas developed at length by Pope John Paul II in many of his writings She has entered into serious dialogue with contemporary thinking regarding the nature of the human person the meaning of the human body and the meaning of human sexuality relating and contrasting this thinking with that of John Paul II

**Prof William E May** John Paul II Institute for Studies on Marriage and Family Shivanandan has made a significant contribution to the enrichment of our understanding of marriage In a concise way she reveals the subtle insights of John Paul II which resonate in so many people's lives once they are explained in such a clear way

**Rev Msgr Peter J Elliott** Casa Internazionale del Clero Rome The monumental text book the prolife movement has been waiting for This is the definitive study of the Pope's innovative theology of the body and its implications for human life and marriage

**Faith Culture Bulletin** This is an exceptional study Shivanandan not only offers a tour de force of the evolution of John Paul's thought but also demonstrates its far reaching implications for the lives of couples families and whole societies She unmask the deception of our safe sex society by demonstrating that only when we come to see the body and sexual intercourse as the expression of transcendence of the person will we be able to cross the threshold of love

Mary Shivanandan's new book *Crossing the Threshold of Love* should establish her as a recognized scholar theologian and expert on Pope John Paul II's anthropology

**National Catholic Register** Pope John Paul II's thought and teaching on human sexuality evolved over a couple of decades and Professor Mary Shivanandan unpackages this thought carefully and extensively In presenting John Paul II's thought Mary Shivanandan brings a thorough grounding in philosophy and a theological education She also has twenty years of experiential learning in the matter of Natural Family Planning and

what this can bring to communion in one flesh A full index of subjects as well as a generous bibliography enrich this work Liguorian Shivanandan is largely successful in bringing out the main elements of the pope s personalism She has **The Mystery of Marriage: A Theology of the Body and the Sacrament** Perry J. Fastiggi,2018-01-04 Many people today believe that the traditional Catholic view of sex is antiquated unrealistic and potentially harmful In Catholic Sexual Morality Dr Robert Fastiggi asks whether the permissive sexual attitude of today s culture is really contributing to deeper love better relationships and true happiness for men women children and families He begins with the example of St Augustine who recognized he was a slave to lust and in need of true freedom Fastiggi then examines the foundations for Catholic sexual morality in Scripture reason and human experience The hope is that people will realize that the Catholic Church is not against sex but sees sexual intimacy as something so beautiful and life giving that it requires the stability of marriage for its true and rightful expression Catholic Sexual Morality is grounded in the belief that the church s teachings on sex correspond to God s plan for human happiness These teachings are challenging and the church understands how easy it is to fail in sexual matters God s mercy however is more powerful than human weakness and sin This book explains the reasons why the Catholic Church teaches as she does on matters such as pornography masturbation fornication adultery contraception divorce and homosexual acts It presents these teachings in a realistic way with full recognition of the reasons why people reject them The ultimate desire is to help people understand that Catholic sexual morality is not a creation of church leaders but a response to what God has made known to us in Sacred Scripture and the natural law In a world filled with infidelity divorce wounded children and broken hearts the wisdom of traditional Catholic sexual morality deserves a more sympathetic view not just because it is Catholic but because it is true Open Embrace Sam Torode,Bethany Torode,2002-03-31 In a fresh vision of love sex and marriage the Torodes challenge the widespread acceptance of contraception and offer a model of family planning that celebrates new life and respects our bodies God given design

*Rebuilding Catholic Culture* Ryan Nathan Scott Topping, Ryan Topping, 2013-01-18 Rarely does a book come along that so succinctly explains the decline of modern culture articulates a

defense of the Church's teachings and offers a hope filled path for building a civilization grounded in Catholic truth. In these pages Dr Ryan Topping does all three pulling back the curtain on the false philosophies of the secularists and showing that in the West today the most formidable threat to freedom is not failing economies or Islam but secularism. Our best defense he claims is a vibrant Catholic culture and our best hope for creating it lies in the principles found in the Catechism of the Catholic Church. In *Rebuilding Catholic Culture* you'll discover sensible ways to begin restoring Catholic culture right now in your own life and family and in our larger communities as well in the theater in the classroom in our hospitals and even in the public square. This profoundly accessible book will renew your confidence in the world transforming character of our Creed and in the potency of our Faith to shape and redefine the culture of the West. Book jacket *Sacramental Presence after Heidegger* Conor Sweeney, 2015-01-19. Theology after Heidegger must take into account history and language as constitutive elements in the pursuit of meaning. Quite often this prompts a hurried flight from metaphysics to an embrace of an absence at the center of Christian narrativity. In this book Conor Sweeney explores the postmodern critique of presence in the context of sacramental theology engaging the thought of Louis Marie Chauvet and Lieven Boeve. Chauvet is an influential postmodern theologian whose critique of the perceived onto-theological constitution of presence in traditional sacramental theology has made big waves while Boeve is part of a more recent generation of theologians who even more wholeheartedly embrace postmodern consequences for theology. Sweeney considers the extent to which postmodernism à la Heidegger upsets the hermeneutics of sacramentality asking whether this requires us to renounce the search for a presence that by definition transcends us. Against both the fetishization of presence and absence Sweeney argues that metaphysics has a properly sacramental basis and that it is only through this reality that the dialectic of presence and absence can be transcended. The case is made for the full but restless signification of the mother's smile as the paradigm for genuine sacramental presence.

**Procreation and the Spousal Meaning of the Body** Angel Perez-Lopez, 2017-02-15. This book attempts to aid those who are serious about the study of Pope Saint John Paul II's theology of the body. From Truth and truth Francis Etheredge, 2016-04-26. The final book of this trilogy explores reason at work in the nature of faith. *Fides et Ratio* 43 indeed although faith is of its nature different from reason faith cannot exist except through grace assisted reason. Volume One briefly meditated on the metaphysics of meaning which entailed considering the intimate interrelationship of truth and existence. In this volume however it becomes clear that there is an intrinsic complementarity in the very nature of created being a complementarity between the literal and spiritual sense of what exists. Thus for example a seed is both what actually exists and at the same time it can adequately express the beginning of the supernatural life sown in the sacrament of Baptism. This leads to an almost literary argument for there being a single cause of all creation in that

there is an incredible coherence of meaning throughout the whole More specifically the book discusses various questions of a bioethical nature and more generally offers a radical investigation of the nature of man male and female for in a word the origin nature and action of the human person require constant reciprocal reflection Thus there are various essays on different aspects of man male and female ranging from a consideration of God expressing the mystery of the Blessed Trinity through our participation in His own Being to the transition from a Jewish to a Christian understanding of marriage to a marital spirituality Finally faith in action ranges from being open to life to pilgrimages as a family and the slow but real discovery that there is a radical nature to our salvation in Christ that even if natural truth leads inexorably to the trembling outreaches of reason there is nevertheless a gratuitous Revelation which comes to meet and develop the life of us all

**Persons and Liberal Democracy** Edward Barrett, 2010-07-17 Fundamentally Persons and Liberal Democracy is an explication and defense of classical liberalism It explains the relatively recent shift in the Church's political theory and in the process defends what could be deemed a non statist form of welfare liberalism After an introduction the first chapter contextualizes modern Catholic social thought explaining how the shift to a nuanced endorsement of liberal economic and political thought was initiated by the pragmatic economic and cultural analyses of nineteenth century social and liberal Catholics The next two chapters investigate one fruit of the subsequent re examination of the relationship of Catholicism to modernity John Paul's qualified acceptance of liberalism for non circumstantial ethical reasons appropriated from within the tradition While the second chapter details the phenomenological Thomistic and theological bases of his ethical premises the third chapter examines the relationship of these premises to the various aspects of his political theory particularly his theories of human rights and the complementary roles of the state and civil society in securing these rights Chapters four and five initiate a dialogue between this analysis of John Paul's social thought and influential political theorists In the fourth chapter the dialogue is between John Paul and four Catholic interlocutors theoconservatives liberation theologians United States Conference of Catholic Bishops and British distributists The fifth chapter brings John Paul and Catholic social thought into conversation with communitarian critics of liberalism and evaluates the relationship of recent thought on civil society and federalism to the principle of subsidiarity Finally the conclusion highlights his most significant accomplishments and suggests areas for further development

**Woman as Mother and Wife in the African Context of the Family in the Light of John Paul II's Anthropological and Theological Foundation** Joseph Okech Adhunga, 2014 This study examines the theological and anthropological foundations of the understanding of the dignity and vocation of woman as a mother and wife gifts given by God that expresses the riches of the African concept of family There are two approaches to inculturation theology in Africa namely that which attempts to construct African theology by starting from the biblical ecclesial teachings and find from them what features of African culture are relevant to the Christian theological and anthropological values and the other one which takes the African cultural background as the point of departure According to John Paul II the dignity and

vocation of woman is something more universal based on the very fact of her being a woman within all the interpersonal relationships which in the most varied ways shape society and structure the interaction between all persons

Mulieris Dignitatem no 29 This concerns each and every woman independent of the cultural context in which she lives and independently of her spiritual psychological and physical characteristics as for example age education health work and whether she is married or single

*Kinship, Law and Politics* Joseph E. David, 2020-07-02 Why are we so concerned with belonging In what ways does our belonging constitute our identity Is belonging a universal concept or a culturally dependent value How does belonging situate and motivate us Joseph E David grapples with these questions through a genealogical analysis of ideas and concepts of belonging His book transports readers to crucial historical moments in which perceptions of belonging have been formed transformed or dismantled The cases presented here focus on the pivotal role played by belonging in kinship law and political order stretching across cultural and religious contexts from eleventh century Mediterranean religious legal debates to twentieth century statist liberalism in Western societies With his thorough inquiry into diverse discourses of belonging David pushes past the politics of belonging and forces us to acknowledge just how wide ranging and fluid notions of belonging can be

*Cosmic Prayer and Guided Transformation* Robert Govaerts, 2012-08-29 This book presents a realistic and thoroughly spiritual outlook upon the entire created reality It lets us envisage that various created entities are participant in a relationship with God that becomes increasingly one of an intimate personal quality that is a relationship of love It thus invites discernment that the universal reality is valuable in its own right and not only as a good for the use of humanity Drawing mainly upon Scripture ancient writers especially Maximus the Confessor as well as contemporary natural sciences this book encourages the reader to perceive human salvation not as a lifting of humanity out

of creation but as a transformation into God's presence in the midst of the wider created order. It shows that Christian faith at its best does not exclude the wider creation but provides us with insight and hope for a harmonious being in God that is inclusive of creation. It shows that Christian faith can be a resource that helps overcome the ecological crisis.
