Sanford Stephanie L. Slater, 2024-01-12 In *Edward Terry Sanford: A Tennessean on the U.S. Supreme Court* Stephanie Slater uncovers the life and work of Edward Terry Sanford 1865-1930 the only Supreme Court justice who obtained his undergraduate degree from the University of Tennessee Born and raised in Knoxville Sanford served as an associate justice on the United States Supreme Court from 1923 until his death in 1930 He was one of only six Tennesseans to serve on the nation's highest Court Slater's delineation of Sanford's contributions to the legal profession illuminates one of Tennessee's favorite sons whose story had until now been largely left in the dark Slater frames Sanford's personality and jurisprudence in a post-Civil War and Taft era context one that helps readers better understand both the man and his contributions to the Supreme Court From Slater's important work we learn about Sanford's early upbringing the lasting impression a largely pro-Union East Tennessee would leave upon Sanford his rise from a skilled lawyer to federal judge during the rapid industrialization of Knoxville and the surrounding area and his eventual appointment to the Supreme Court Within Sanford's

rich legacy is the pivotal role he played in writing the majority opinion in the landmark 1925 case *Gitlow v New York* a decision which became a critical legal precedent for the expansion of civil rights and civil liberties in the 1950s and 1960s Slater provides a keen look into the life of a Knoxville native whose life and career may now be appreciated and studied by a new generation Sanford his character and his life as a Tennessean on the Supreme Court are sure to intrigue legal scholars students of Tennessee culture and history and general audiences alike Stephanie L Slater a three time graduate of the University of Tennessee has worked in the state and federal court systems in Tennessee since obtaining her J D in 1990 Her articles have appeared in the *Journal of Supreme Court History* and *Tennessee Law Review* ***Killer High*** Peter Andreas,2022-01-17 In *Killer High* Peter Andreas tells the story of war from antiquity to the modern age through the lens of six psychoactive drugs alcohol tobacco caffeine opium amphetamines and cocaine Armed conflict has become progressively more drugged with the global spread of these mind altering substances From ancient brews and battles to meth and modern warfare drugs and war have grown up together and become addicted to each other By looking back not just years and decades but centuries Andreas reveals that the drugs conflict nexus is actually an old story and that powerful states have been its biggest beneficiaries ***How Brands Become Icons*** Douglas B. Holt,2004 Iconic brands ie Coca Cola Volkswagon Corona have social lives and cultural significance that go well beyond product benefits and features This book distills the strategies used to create the world s most enduring brands into a new approach called cultural branding Brand identity is more critical than ever today as more and more products compete for attention across an ever increasing array of channels This book offers marketers and managers an alternative to conventional branding strategies which often backfire when companies attempt to create identity brands ***Inventing American Tradition*** Jack David Eller,2018-09-15 What really happened on the first Thanksgiving How did a British drinking song become the US national anthem And what makes Superman so darned American Every tradition even the noblest and most cherished has a history none more so than in the United States a nation born with relative indifference if not hostility to the past Most Americans would be surprised to learn just how recent and controversial the origins of their traditions are as well as how those origins are often related to such divisive forces as the trauma of the Civil War or fears for American identity stemming from immigration and socialism In pithy entertaining chapters *Inventing American Tradition* explores a set of beloved traditions spanning political symbols holidays lifestyles and fictional characters everything from the anthem to the American flag blue jeans and Mickey Mouse Shedding light on the individuals who created these traditions and their motivations for promoting them Jack David Eller reveals the murky conflicted confused and contradictory history of emblems and institutions we very often take to be the bedrock of America What emerges from this sideways take on our most celebrated Americanisms is the realization that all traditions are invented by particular people at particular times for particular reasons and that the process of traditioning is forever ongoing especially in the land of the free ***Country Capitalism*** Bart Elmore,2023-04-06 The rural roads that led

to our planet changing global economy ran through the American South That region s impact on the interconnected histories of business and ecological change is narrated here by acclaimed scholar Bart Elmore who uses the histories of five southern firms Coca Cola Delta Airlines Walmart FedEx and Bank of America to investigate the environmental impact of our have it now fly by night buy on credit economy Drawing on exclusive interviews with company executives corporate archives and other records Elmore explores the historical economic and ecological conditions that gave rise to these five trailblazing corporations He then considers what each has become an essential presence in the daily workings of the global economy and an unmistakable contributor to the reshaping of the world s ecosystems Even as businesses invest in sustainability initiatives and respond to new calls for corporate responsibility Elmore shows the limits of their efforts to green their operations and offers insights on how governments and activists can push corporations to do better At the root Elmore reveals a fundamental challenge Our lives are built around businesses that connect far flung rural places to urban centers and global destinations This country capitalism that proved successful in the US South has made it possible to satisfy our demands at the click of a button but each click comes with hidden environmental costs This book is a must read for anyone who hopes to create an ecologically sustainable future economy

Counter-Cola Amanda Ciafone,2019-05-28 Counter Cola charts the history of one of the world s most influential and widely known corporations the Coca Cola Company It tells the story of how over the past 130 years the corporation has tried to make its products and brands physically and culturally a central part of global daily life in over 200 countries Through this story of Coca Cola Amanda Ciafone reveals the pursuit of corporate power within the key economic transformations liberal developmentalist neoliberal of the 20th and 21st centuries A story of global capitalism it is not without contest People throughout the world have redeployed the corporation its commodities and brand images to challenge the injustices of daily life under capitalism As Ciafone shows assertions of national economic interests critiques of cultural homogenization fights for workers rights movements for environmental justice and debates over public health have obliged the corporation to justify itself in terms of the common good demonstrating capitalism s imperative to assimilate critiques or reveal its limits

Tony Hulman Sigur E. Whitaker,2014-05-07 Almost unknown when in 1945 he purchased the Indianapolis Motor Speedway and its famous race Tony Hulman soon became a household name in auto racing circles He is credited not only with saving the Speedway from becoming a residential housing development but also with reinvigorating auto racing in the United States Until his purchase of the Speedway Hulman had not been involved in auto racing he was the CEO of Hulman Company a wholesale grocer An astute businessman Hulman made Clabber Girl Baking Powder a national brand and successfully led the reorientation of the family fortunes to include a range of businesses including a beer company a Coca Cola franchise a broadcast empire and real estate and gas companies This biography of Hulman covers his many ventures particularly the Indianapolis Motor Speedway and Indianapolis 500 and his philanthropy

Citizen Coke Bartow J. Elmore,2014-10-13 Citizen Coke demonstrate s a complete lack of understanding about the Coca

Cola system past and present Ted Ryan the Coca Cola Company By examining the real thing ingredient by ingredient this brilliant history shows how Coke used a strategy of outsourcing and leveraged free public resources market muscle and lobbying power to build a global empire on the sale of sugary water Coke became a giant in a world of abundance but is now embattled in a world of scarcity its products straining global resources and fueling crises in public health **Red Clay, White Water & Blues** Virginia Estes Causey, 2019 Columbus is the third largest city in Georgia and Red Clay White Water and Blues is its first comprehensive history Virginia E Causey documents the city's founding in 1828 and brings its story to the present examining the economic political social and cultural changes over the period It is the first history of the city that analyzes the significant contributions of all its citizens including African Americans women and the working class Causey who has lived and worked in Columbus for more than forty years focuses on three defining characteristics of the city's history the role that geography has played in its evolution specifically its location on the Chattahoochee River along the Fall Line making it an ideal place to establish water powered textile mills the fact that the control of city's affairs rested in the hands of a particular business elite and the endemic presence of violence that left a bloody trail throughout local history Causey traces the life of Columbus its founding and early boom years the Civil War and its aftermath conflicts as a modern city emerged in the first half of the twentieth century racial tension and economic decline in the mid to late 1900s and rebirth and revival of the city in the twenty first century Peppered throughout are compelling anecdotes about the city's most colorful characters including Sol Smith and His Dramatic Company music phenom Blind Tom Wiggins suffragist Augusta Howard industrialist and philanthropist G Gunby Jordan peanut purveyor Tom Huston blueswoman Ma Rainey novelist Carson McCullers and insurance magnate John Amos **Here's the Pitch** Roberta J. Newman, 2019-03 2020 SABR Baseball Research Award In the mid nineteenth century two industries arrived on the American scene One was strictly a business yet it helped create define and disseminate American culture The other was ostensibly just a game yet it soon became emblematic of what it meant to be American aiding in the creation of a national identity Today whenever the AT T call to the bullpen is heard fans enter Minute Maid Park or vote for favorite All Stars brought to us by MasterCard we are reminded that advertising has become inseparable from the MLB experience Here's the Pitch examines this connection between baseball and advertising as both constructors and reflectors of culture Roberta J Newman considers the simultaneous development of both industries from the birth of the partnership paying particular attention to the ways in which advertising spread the gospel of baseball at the same time professional baseball helped develop a body of consumers ready for the messages of advertising Newman considers the role of product endorsements in the creation of the culture of celebrity and of celebrity baseball players in particular as well as the ways in which new technologies have impacted the intersection of the two industries From Ty Cobb to Babe Ruth in the 1920s and 1930s to Mickey Mantle Yogi Berra and Willie Mays in the postwar years to Derek Jeter Rafael Palmeiro and David Ortiz in the twenty first century Newman looks at many of baseball's

celebrated players and shows what qualities made them the perfect pitchmen for new products at key moments Here s the Pitch tells the story of the development of American and an increasingly international culture through the marriage between Mad Men and The Boys of Summer that made for great copy notable TV advertisements and lively social media and shows how baseball s relationship with advertising is stronger than ever The Industrial Diet Anthony Winson,2013-06-05 The global health crisis has been debated in political arenas written about in best selling manifestos and exposed in Oscar nominated documentaries Yet despite all the media attention there are few studies that look seriously at its underlying cause the rise of the industrial diet The Industrial Diet chronicles the long term developments that transformed food into edible commodities that far too often fail to nourish us Tracing the industrial diet s history from its roots in the nineteenth century through to present day globalism Anthony Winson looks at the role of technology population growth and political and economic factors in the constitution and transformation of mass dietary regimes and provides new evidence linking broad based dietary changes with negative health effects With its focus on the degradation of food and the emergent struggle for healthful eating this book encourages us to reflect on the state of our food environments and create realistic and innovative strategies that can lead to a healthier future Soda and Fizzy Drinks Judith Levin,2021-08-12 An effervescent exploration of the global history and myriad symbolic meanings of carbonated beverages More than eighty years before the invention of Coca Cola sweet carbonated drinks became popular around the world provoking arguments remarkably similar to those they prompt today Are they medicinally morally culturally or nutritionally good or bad Seemingly since their invention they have been loved and hated for being cold or sweet or fizzy or stimulating Many of their flavors are international lemon and ginger were more popular than cola until about 1920 Some are local tarragon in Russia cucumber in New York red bean in Japan and chinotto exceedingly bitter orange in Italy This book looks not only at how something made from water sugar and soda became big business but also how it became deeply important to people for fizzy drinks symbolic meanings are far more complex than the water gas and sugar from which they are made **Fizz** Tristan Donovan,2013-11-01 The story of soda is the story of the modern world a tale of glamorous bubbles sparkling dreams big bucks miracle cures and spreading waistlines Fizz How Soda Shook Up The World charts soda s remarkable world changing journey from awe inspiring natural mystery to ubiquitous presence in all our lives Along the way you ll meet the quack medicine peddlers who spawned some of the world s biggest brands with their all healing concoctions as well as the grandees of science and medicine mesmerized by the magic of bubbling water You ll discover how fizzy pop cashed in on Prohibition helped presidents reach the White House and became public health enemy number one You ll learn how Pepsi put the fizz in Apple s marketing and how soda s sticky sweet allure defined and built nations And you ll find out how a soda loving snail rewrote the law books Fizz tells the extraordinary tale of how a seemingly simple everyday refreshment zinged and pinged over our taste buds and in doing so changed the world around us Tristan Donovan is the author of Replay The History of Video Games His work has appeared in
