Cycles Of Poverty And Crime In Americas Inner Cities:

Cycles of Poverty and Crime in America's Inner Cities Lewis D. Solomon, 2012-08-14 Despite the best hopes of the past half century black urban pathologies persist in America The inner cities remain concentrations of the uneducated unemployed underemployed and unemployable Many fail to stay in school and others choose lives of drugs violence and crime Most do not marry leading to single parent households and children without a father figure The cycle repeats itself generation after generation It is easy to argue that nothing works given the policy failures of the past For Lewis D Solomon fatalism is not acceptable A complex and interrelated web of issues plague inner city black males joblessness the failure of public education crime mass incarceration and drugs the collapse of married two parent families and negative cultural messages Rather than abandon the black urban underclass Solomon presents strategies and programs to rebuild lives and revitalize America s inner cities These approaches are neither government oriented nor dependent on federal intervention and they are not futuristic Focusing on rehabilitative efforts Solomon describes workforce development prisoner reentry and the role of nonprofit organizations Solomon s strategies focus on the need to improve the quality of America s workforce through building human capital at the socioeconomic bottom The goal is to enable more people to fend for themselves thereby weaning them from dependency on public sector handouts Solomon shows a path forward for inner city black males

Detroit Lewis D. Solomon, 2018-02-06 As America s most dysfunctional big city Detroit faces urban decay population losses fractured neighborhoods with impoverished households an uneducated unskilled workforce too few jobs a shrinking tax base budgetary shortfalls and inadequate public schools Looking to the city s future Lewis D Solomon focuses on pathways to revitalizing Detroit while offering a cautiously optimistic viewpoint Solomon urges an economic development strategy one anchored in Detroit balancing its municipal and public school district s budgets improving the academic performance of its public schools rebuilding its tax base and looking to the private sector to create jobs He advocates an overlapping tripartite political economy one that builds on the foundation of an appropriately sized public sector and a for profit private sector with the latter fueling economic growth Although he acknowledges that Detroit faces a long road to implementation Solomon sketches a vision of a revitalized economic sector based on two key assets vacant land and an unskilled labor force The book is divided into four distinct parts The first provides background and context with a brief overview of the city s numerous challenges The second examines Detroit s immediate efforts to overcome its fiscal crisis It proposes ways Detroit can be put on the path to financial stability and sustainability The third considers how Detroit can implement a new approach to job creation one focused on the for profit private sector not the public sector In the fourth and final part Solomon argues that residents should pursue a strategy based on the actions of individuals and community groups rather than looking to large scale projects

American Film Cycles Amanda Ann Klein, 2011-12-01 A series of movies that share images characters settings plots or themes film cycles have been an industrial strategy since the beginning of cinema While some have viewed them as subgenres mini genres or nascent film genres Amanda Ann Klein argues that film cycles are an entity in their own right and a subject worthy of their own study She posits that film cycles retain the marks of their historical economic and generic contexts and therefore can reveal much about the state of contemporary politics prevalent social ideologies aesthetic trends popular desires and anxieties *American Film Cycles* presents a series of case studies of successful film cycles including the melodramatic gangster films of the 1920s the 1930s *Dead End Kids* cycle the 1950s juvenile delinquent teenpic cycle and the 1990s ghetto action cycle Klein situates these films in several historical trajectories the Progressive movement of the 1910s and 1920s the beginnings of America's involvement in World War II the birth of the teenager in the 1950s and the drug and gangbanger crises of the early 1990s She shows how filmmakers audiences film reviewers advertisements and cultural discourses interact with and have an impact on the film texts Her findings illustrate the utility of the film cycle in broadening our understanding of established film genres articulating and building upon beliefs

Suspicion Nation Lisa Bloom,2014-02-25 Many thought the election of our first African American president put an end to the conversation about race in this country and that America had moved into a post racial era of equality and opportunity Then on the night of February 26 2012 a black seventeen year old boy walking to a friend's home carrying only his cell phone candy and a fruit drink was shot and killed by a neighborhood watch coordinator And in July 2013 the trial of Zimmerman for murder captivated the public as did his eventual acquittal In her provocative and landmark book *Suspicion Nation* Lisa Bloom who covered the trial from gavel to gavel posits that none of this was a surprise Our laws culture and blind spots created the conditions that led to Trayvon Martin's death and made George Zimmerman's acquittal by far the most likely outcome America today holds an unhealthy preoccupation with firearms that has led to the expansion of gun rights to surreal extremes America now has not only the highest per capita gun ownership rate in the world almost one gun per American but the highest rate of gun deaths Despite the strides America has made fighting a bloody Civil War to end slavery eradicating Jim Crow laws teaching tolerance and electing an African American president racial inequality persists throughout our country in employment housing education the media and most institutions And perhaps most destructively of all racial biases run deep in every level of our criminal justice system *Suspicion Nation* captures a court system and a country conflicted and divided over issues of race violence and gun legislation
