Czech Glass, 1945-1980, 2006 **Designing Worlds** Kjetil Fallan, Grace Lees-Maffei, 2016-06 From consumer products to architecture to advertising to digital technology design is an undeniably global phenomenon Yet despite their professed transnational perspective historical studies of design have all too often succumbed to a bias toward Western industrialized nations This diverse but rigorously curated collection recalibrates our understanding of design history reassessing regional and national cultures while situating them within an international context Here contributors from five continents offer nuanced studies that range from South Africa to the Czech Republic all the while sensitive to the complexities of local variation and the role of nation states in identity construction [The Optimum Imperative: Czech Architecture for the Socialist Lifestyle, 1938-1968](#) Ana Miljacki, 2017-02-03 The Optimum Imperative examines the multiple ways that architecture was entangled within the problem of Socialist lifestyle in Czechoslovakia **A Dictionary of Modern Design** Jonathan Woodham, 2016-05-19 Over 950 entries From the Arts and Crafts Movement to Postmodernism Apple to Frank Lloyd Wright this fascinating dictionary covers the past 160 years of international design with accessible entries on branding graphics industrial design functionalism and fashion New entries on digital design and sustainable design bring the coverage up to date The dictionary's international focus takes in major movements key concepts design terminology and important design institutions museums and heritage sites The new edition reflects the growing global importance of design with coverage of India China the countries of the Pacific Rim Eastern Europe and East Asia and demonstrates how developments in the design of technology influence everyday life with new entries on fonts games developers such as Gunpei Yokoi of Nintendo Android Samsung and Blackberry and a fully revised entry on Apple The A Z entries are complemented by an extensive bibliography and a timeline *Animation Behind the Iron Curtain* Eleanor Cowen, 2020-09-22 Animation Behind the Iron Curtain is a journey of discovery into the world of Soviet era animation from Eastern Bloc countries From Jerzy Kucia's brutally exquisite Reflections in Poland to the sci fi adventure of Ott in Space by Estonian puppet master Elbert Tuganov to the endearing Gopo's little man by Ion Popescu Gopo in Romania this excursion into Soviet era animation brings to light magnificent art ruminations on the human condition and celebrations of innocence and joy As art reveals the spirit of the times animation art of Eastern Europe during the Cold War funded by the Soviet states allowed artists to create works illuminating to their experiences hopes and fears The political ideology of the time ironically supported these artists while simultaneously suppressing more direct critiques of Soviet life Politics shaped the world of these artists who then fashioned their realities into amazing works of animation Their art is integral to the circumstances in which they lived which is why this book combines the unlikely combination of world politics and animated cartoons The phenomenal animated films shared in this book offer a glimpse into the culture and hearts of Soviet citizens who grew up with characters as familiar and beloved to them as Mickey Mouse and Bugs Bunny are to Americans This book lays out the basic political dynamics of the Cold War and

how those political tensions affected the animation industry in both the US and in the Eastern Bloc And for animation novices and enthusiasts alike Animation Behind the Iron Curtain also offers breakout sections to explain many of the techniques and aesthetic considerations that go into this fascinating art form This book is a must read for anyone interested in the Cold War era and really cool animated films **Tschechisches Glas** Verena Wasmuth,2016-02-15 Angaben zur beteiligten Person Wasmuth Verena Wasmuth wurde mit dieser Arbeit an HU zu Berlin promoviert **Annual Report** National Endowment for the Arts,2002 Reports for 1980 19 also include the Annual report of the National Council on the Arts **Hi Sklo Lo Sklo** Mark Hill,2008 Glass ,2004 *The Grove Encyclopedia of Materials and Techniques in Art* Gerald W.
