## **Elie Wiesel Messenger Revised Theology:**

**Elie Wiesel** Robert McAfee Brown, 1983-01-15 Upon presenting the 1986 Nobel Prize for Peace to Elie Wiesel Egil Aarvick chairman of the Norwegian Nobel Prize Committee hailed him as a messenger to mankind not with a message of hate and revenge but with one of brotherhood and atonement Elie Wiesel Messenger to All Humanity first published in 1983 echoes this theme and still affirms that message a call to both Christians and Jews to face the tragedy of the Holocaust and begin again

**Elie Wiesel, Messenger for Peace** Heather Lehr Wagner, 2013 Profiles the French author and Holocaust survivor who won the Nobel Peace Prize in 1986 for his fiction and nonfiction writing on the subject and his work on the United States President's Commission on the Holocaust

**Elie Wiesel and the Art of Storytelling** Rosemary Horowitz, 2014-11-01 Elie Wiesel is a master storyteller with the ability to use storytelling as a form of activism From his landmark memoir Night to his novels and numerous retellings of Hasidic legends Wiesel's literature emphasizes storytelling and he frequently refers to himself as a storyteller rather than an author or historian In this work essays examine Wiesel's roots in Jewish storytelling traditions influences from religious folk and secular sources education Yiddish background Holocaust experience and writing style Emphasized throughout is Wiesel's use of multiple sources in an effort to reach diverse audiences

**Theology and the Problem of Evil** Kenneth Surin, 2004-10-29 One of the most profound problems that theologians are called on to address is the presence of evil and suffering in the world and how this can be reconciled with the assertion of an omnipotent and morally perfect God This book begins by showing how the problem of evil has been inextricably bound up with the problematic deity created by the philosophical theism of the Enlightenment and perpetuated ever since demonstrating how contemporary theodiscists have failed to perceive the historical and cultural determinants which affect their theorizing Dr Surin argues that thinking on the problem of evil consists of two fundamental perspectives He labels these the theoretical and the practical approaches and examines the work of a number of theologians who typify each Alvin Plantinga Richard Swinburne the process theologians and John Hick exemplify the theoretical approach Dorothee Soelle Jurgen Moltmann and P T Forsyth the practical He uses the views of Dostoevsky's character Ivan Karamazov and the protagonists in Elie Wiesel's writing as a paradigm for evaluating the two approaches and concludes that only the practical approach has the merit of both rooting itself in the realities of human suffering and grounding itself in the fundamental rule of what he calls an adequate grammar of salvation namely that God justifies himself by justifying sinners on the cross Finally Dr Surin explores this grammar of the notion of an incarnate salvation with particular reference to the need for a messianic and practical solidarity with those who are afflicted This thought provoking book will serve both as an introduction to those new to the ideas of theodicy and as a stimulating essay for those dissatisfied with conventional studies of theology and the problem of evil

Student Companion to Elie Wiesel Sanford Sternlicht, 2003-11-30 Since it was written nearly 50 years ago Night 1958 has changed world perception of the Holocaust experience Wiesel's oeuvre including Holocaust narratives such

as Dawn 1961 novels essays tales and plays has also altered the critical and aesthetic landscape through which we view literature placing themes of religious identity hope survival devotion to family and humanity ahead of distinctions of fiction and nonfiction This volume offers critical analysis of all of Wiesel s major writings with full chapters on Night Dawn The Oath and four other full length works His most recent five novels including The Testament 1980 and Twilight 1987 are also covered Plot character development thematic concerns and style are discussed as are historical contexts and alternate critical perspectives This volume is an indispensable tool for students whether they are encountering Night for the first time revisiting Wiesel s literary contributions or discovering the author s recent works such as The Judges 1999 A biographical section relates the tragic events of Wiesel s life to his inspirational writings A literary heritage chapter offers an overview of his achievements and situates his works within the Western literary tradition and the historical and religious frameworks A separate chapter covers Wiesel s nonfiction writings including his most important essays tales and studies A bibliography of selected sources is included

**Towards a Jewish Theology of Liberation** Mark Ellis, 2013-01-03 Marc Ellis fine book about the future of the Jewish community was first published in 1987 But twenty years on in the light of recent events in the Middle East and post September 11 its powerful message of hope directed towards a people poised between Holocaust and empowerment remains as powerful apposite and pressingly relevant as it was before Ellis begins with two poles the holocaust and the pain and vision that issue from it This leads him into ethics and he highlights the contrast between the depth of Jewish ethical commitment and the paucity of renewal movements within Judaism The author then addresses all suffering peoples and the Christian liberation movements active among them so that the holocaust may be set in a wider context Against this background Ellis sees it as essential that the journeys and visions of dissenting Jews such as Etty Hillesum and Martin Buber should be re appraised An alternative perspective of what it means to be Jewish begins to emerge and in the final chapter a Jewish theology of liberation is essayed which is a theology prepared to enter the danger zones of contemporary Jewish life often at some cost

*Toward a Jewish Theology of Liberation* Marc H. Ellis, 2004 Turmoil still grips the Middle East and fear now paralyzes post 9 11 America The comforts and challenges of this book are thus as timely as when first published in 1987 With new reflections on the future of Judaism and Israel Ellis underscores the enduring problem of justice Ellis use of liberation theology to make connections between the Holocaust and contemporary communities from the Third World reminds both Jews and oppressed Christians that they share common ground in the experiences of abandonment suffering and death The connections also reveal that Jews and Christians share a common cause in the battle against idolatry represented now by obsessions for personal affluence national security and ethnic survival According to Ellis Jews and Christians must never allow the reality of anti Semitism to become an excuse for evading solidarity with the oppressed peoples be they African Asian Latin American or especially Palestinian Archbishop Desmond Tutu winner of the Nobel Peace Prize and author of *God Has a Dream*
