The Eternal Nazi Nicholas Kulish, Souad Mekhennet, 2014-12-02 The tall foreigner living on Port Said Street in a Cairo hotel lived a simple life reading books and writing letters known as Uncle Tarek to neighborhood children They did not know that he was actually Aribert Heim the concentration camp doctor and fugitive from justice who became the most wanted Nazi war criminal in the world Dr Aribert Heim worked at the Mauthausen concentration camp for only a few months in 1941 but left a horrifying mark on the memories of survivors In the chaos of the postwar period Heim was able to slip away from his dark past But certain rare individuals in Germany were unwilling to let Nazi war criminals go unpunished Among them was a police investigator named Alfred Aedtner whose quest took him across Europe and across decades and into a close alliance with legendary Nazi hunter Simon Wiesenthal This is the incredible story of how Aribert Heim evaded capture living in a working class neighborhood of the Egyptian capital praying in Arabic beloved by an adopted Muslim family while inspiring a manhunt that outlived him by many years He became the Eternal Nazi a symbol of Germany s evolving attitude toward the sins of its past which finally crested in a desire to see justice done at almost any cost

Europe's Angry Muslims Robert Leiken, 2011-02-15 Europe's Angry Muslims traces the routes, expectations and destinies of immigrant parents and the plight of their children transporting both the general reader and specialist from immigrants ancestral villages to their new enclaves in Europe. It guides readers through Islamic nomenclature, chronicles the motive force of the Islamist narrative, offers them lively portraits of jihadists and takes them inside radical mosques and into the minds of suicide bombers. Through interviews of former radicals and security agents and examination of the sermons of radical imams, Robert Leiken presents an unsentimental yet compassionate account of Islam's growing presence in the West. His nuanced and authoritative analysis historical, sociological, theological and anthropological warns that conflating rioters and Islamists, folk and fundamentalist Muslims, pietists and jihadis and immigrants and their children is the method of strategic incoherence. Now with a new preface analyzing the rise of ISIL, this book offers a cogent overview of how global terror and its responding foreign policy interacts with the lives of Muslim first and second generation immigrants in Europe.

Countering Terrorist Recruitment in the Context of Armed Counter-Terrorism Operations S. Ekici, H. Akdoğan, E. Ragab, 2016-02-23 Terrorism is not a new phenomenon but almost all communities regardless of ethnicity, religion, social status or location are now increasingly facing the challenge of terrorist threat. What makes a terrorist organization attractive to some citizens? A better understanding of the reasons why individuals choose to join terror groups may well enhance efforts to disrupt the recruitment process of terrorist organizations and thereby support current and future counter terrorism initiatives. This book presents the proceedings of the NATO Advanced Research Workshop Countering Terrorist Recruitment in the Context of Armed Counter Terrorism Operations held in Antalya, Turkey in May 2015. The goal of the workshop was to share existing ideas and develop new ones to tackle terrorist recruitment. The book contains 18 articles covering topics which include the role of NATO and other international entities in counter terrorism, understanding recruitment methods and socialization techniques of terror networks by comparing them to gangs, social media in terrorist recruitment, drug money links with terrorist financing and counter terrorism and human rights. The book will be of interest to all those involved in developing, planning and executing prevention programs and policies in relation to both armed and non armed counter terrorism operations.

I Was Told to Come Alone Souad Mekhennet, 2017-06-13 I was told to come alone. I was not to carry any identification and would have to leave my cell phone, audio recorder, watch and purse at my hotel. For her whole life, Souad Mekhennet, a reporter for The Washington Post who was born and educated in Germany, has had to balance the two sides of her upbringing: Muslim and

Western She has also sought to provide a mediating voice between these cultures which too often misunderstand each other In this compelling and evocative memoir we accompany Mekhennet as she journeys behind the lines of jihad starting in the German neighborhoods where the 9 11 plotters were radicalized and the Iraqi neighborhoods where Sunnis and Shia turned against one another and culminating on the Turkish Syrian border region where ISIS is a daily presence In her travels across the Middle East and North Africa she documents her chilling run ins with various intelligence services and shows why the Arab Spring never lived up to its promise She then returns to Europe first in London where she uncovers the identity of the notorious ISIS executioner Jihadi John and then in France Belgium and her native Germany where terror has come to the heart of Western civilization Mekhennet s background has given her unique access to some of the world s most wanted men who generally refuse to speak to Western journalists She is not afraid to face personal danger to reach out to individuals in the inner circles of Al Qaeda the Taliban ISIS and their affiliates when she is told to come alone to an interview she never knows what awaits at her destination Souad Mekhennet is an ideal guide to introduce us to the human beings behind the ominous headlines as she shares her transformative journey with us Hers is a story you will not soon forget *Im Namen des Islam* Susanne Schröter,2021-05-17 Das Grundlagenbuch zum politischen Islam von Deutschlands f hrender Ethnologin Das Buch ist zuerst 2019 unter dem Titel Politischer Islam Stresstest f r Deutschland beim Gtersloher Verlagshaus erschienen Viele Deutsche glauben der Islam geh re nicht zu Deutschland Sie verbinden die zweitgr te Weltreligion vor allem mit dem Terror im Namen Gottes der Unterdr ckung von Frauen und Minderheiten sowie einer Ablehnung westlicher Werte Die Gr nde f r diese Assoziationen resultieren aus dem Erstarken radikalislamischer Milieus die sich zunehmend auch in Deutschland ausbreiten Die Islamforscherin Susanne Schr ter kl rt ber die Urspr nge Erscheinungsformen und Akteure dieser Gruppierungen auf einer radikalen Minderheit der Muslime in Deutschland deren Ziel die Umgestaltung und Unterwerfung von Gesellschaft Politik Kultur und Recht unter islamistische Normen ist und die so unsere pluralistische Demokratie bedrohen Ein ebenso fundierter wie hochaktueller berblick f r alle die sich ber Islamismus in Deutschland informieren wollen *New Imagined Community* Uriya Shavit,2009-09-22 Advanced media technologies have transformed immigrants relations with their departure and arrival societies This title explores how Muslim Arab religious scholars have developed over the years a theory that tasks Muslims living in the West with specific duties within the framework of their anticipated global Muslim nation *Al-Qaida und der globale Djihad* Peter Wichmann,2014-04-14 Mehr als zw lf Jahre nach den Anschl gen vom 11 September 2001 geh rt der transnationale Terrorismus der Al Qaida nach wie vor zu den gr ten Bedrohungen des 21 Jahrhunderts Der Politikwissenschaftler Peter Wichmann der Terrorismus als Publizit ts und Mobilisierungsstrategie versteht untersucht die Gemeinsamkeiten und Unterschiede der Erscheinungsformen des Terrorismus seit dem 19 Jahrhundert und analysiert die Entwicklung der Al Qaida seit ihrer Gr ndung 1988 bis zur Gegenwart Der Autor belegt dabei Verbindungslien zwischen der Al Qaida Mutterorganisation und ihren

Tochterorganisationen sowie zu den terroristischen Zellen im Westen die entgegen der populären These vom furchtlosen Djihad Netzwerkstrukturen aufweisen Ferner beleuchtet der Autor die Verflechtungen des globalen Djihad der Al Qaida mit den salafistischen Netzwerken in der Bundesrepublik Deutschland **European Peace and Security Policy** Michael Brzoska, 2015-03-26 After the attacks of 9/11 terrorism and other forms of transnational risks of violence dominated official security policy Researchers at the Institute for Peace Research and Security Policy at the University of Hamburg investigated the consequences of this change for security governance in a multi annual research program Case studies show that transnational security policies changed but that national governments remained dominant In other words the transnationalisation of threat perceptions only led to a limited internationalisation of security policies The volume presents results of the research program It combines conceptual work on security governance with empirical research for instance on counterterrorism changing perceptions of security in international organizations such as the European Union and the Organization for Security and Cooperation in Europe **Islamismus in Deutschland** Johannes Kandel, 2011-03-10 Spätestens nach der Aufdeckung der Sauerland Gruppe ist klar Islamistischer Terror ist in Deutschland längst schon angekommen Heute einige Fragen zu klären Wie eng sind Islamismus und Islam verbunden Wie wahrscheinlich ist die Gefahr terroristischer Anschläge in Deutschland tatsächlich Welche islamistischen Gruppen gibt es hierzulande Wo liegen Gefahren für unser Gemeinwesen wie kann man ihnen begegnen Wie weit kann und soll der Dialog gehen Und welche Chancen hat die Integration **The Root Causes of Terrorism** Mahmoud Masaeli, Rico Sneller, 2017-01-06 Fifteen years after the tragic events of 9/11 bombs are still exploding and innocent people are being killed by terrorist groups in both western and Islamic societies Most of these sinisterly threatening events are motivated by religious claims or are taking place in religiously affected places Is religion the main cause of terrorism or does terrorism still arise because of leaders who brainwash and coach future terrorists so that they kill under the banner of religion The religious imagination seems to hold here an influential power in the creation of delusion to orient the bigot believers toward fulfilling their religious duty against those who are religious in a different way or are not religious at all Religion in this sense is tightly allied with political aspirations In spite of the religious justification of the act of killing enlightened religious leaders and religious minded people believe and argue that religion is a source of love and affection Therefore the sacred texts of religious tradition must be read from a humanist perspective because the ultimate message of religion is about the appreciation of the principle of humanity This is a growing attitude among many religious people today who believe that God is merciful and compassionate and never orders resentment violence and killing of innocent people In addition no true religious tradition appreciates self serving interpretations promoting violence against others If religion disregards love affection and compassion as its essence it drops into the dire vortex of ideological dogma as it is in the case for the Taliban ISIS Boko Haram and Al Shabab Therefore any interpretation that admits violence and killing would be a mere provincial reading of the religious texts agitated by

purposeful intentions aimed at political goals This book investigates and addresses the root causes of terrorism from a religious studies perspective The themes analysed and discussed here mainly include a range of religious and philosophical issues such as religious violence in scriptural monotheism radical interpretations of religious texts militancy and sacrifice apocalypticism and terrorism and religious terrorism today The book brings together new approaches adopted by the authors to not only trace the causes of terrorism in various religious interpretations and realms but also reach a common definition of the main religious causes beyond diverse perspectives and advance solutions against religious inspired terrorism

den Hintergründen alt neuer Feindbilder gegen Muslime und Juden in Deutschland wobei auch Medienexperten und Angehörige beider Minderheiten zu Wort kommen Gehört der Islam zu Deutschland? Klaus Spenlen, 2015-04-20 Der öffentliche Meinungsstreit ob der Islam inzwischen zu Deutschland gehört oder nicht ist trotz präsidialer Stellungnahmen nicht abschließend entschieden. Kaum bewegen sich Positionen aufeinander zu bei den aktuellen politischen Ereignissen in Deutschland wie weltweit Gruppen auf die gerade erst zugeschauten Schienen. Dabei sind die gesellschaftlichen Erwartungen hoch. Nicht weniger als kulturelle Synthesen werden als Chance für Fremdverstehen und das Zugehörigkeitsprojekt Deutschland eingefordert. Durch den inflationären Gebrauch wechselseitiger Schuldzuweisungen geraten jedoch die Grundlagen für einvernehmliches Zusammenleben leicht aus dem Blick und dies schadet der Bildung von sozialen Identitäten von Nichtmuslimen wie Muslimen in Deutschland. Die Autorinnen und Autoren dieses Sammelbandes leisten einen wichtigen Beitrag zur Diskussion zu versachlichen indem sie aus unterschiedlichen Perspektiven gesellschaftlich bedeutsame Fragen beantworten und Denkanstöße geben. Dabei gehen sie nicht von einer einheitlichen integrationspolitischen Theoriebildung für den Islam oder die Muslimen in Deutschland aus. Vielmehr argumentieren sie gleichermaßen wissenschaftsorientiert wie praxiserfahren aus ihrer Arbeit mit dem Thema Islam in der Kinder- und Jugendhilfe an Universitäten Akademien Medien und Sozialwissenschaftlichen Instituten für die Politik sowie für Religionsgemeinschaften. Mit ihren Fakten und Analysen wenden sie sich ebenso an die Öffentlichkeit wie an die Wissenschaft und versachlichen die emotional aufgeladene Diskussion um die Rolle des Islam in Deutschland.
