 from or why cheap plastic chairs are suddenly everywhere In *Now I Sit Me Down* the distinguished architect and writer
 Witold Rybczynski chronicles the history of the chair from the folding stools of pharaonic Egypt to the ubiquitous stackable
 monobloc chairs of today He tells the stories of the inventor of the bentwood chair Michael Thonet and of the creators of the
 first molded plywood chair Charles and Ray Eames He reveals the history of chairs to be a social history of different ways of
 sitting of changing manners and attitudes and of varying tastes The history of chairs is the history of who we are We learn
 how the ancient Chinese switched from sitting on the floor to sitting in a chair and how the iconic chair of Middle America
 the Barcalounger traces its roots back to the Bauhaus Rybczynski weaves a rich tapestry that draws on art and design history
 personal experience and historical accounts And he pairs these stories with his own delightful hand drawn illustrations
 colonial rockers and English cabrioles languorous chaise longues and no nonsense ergonomic task chairs they re all here The
 famous Danish furniture designer Hans Wegner once remarked A chair is only finished when someone sits in it As Rybczynski
 tells it the way we choose to sit and what we choose to sit on speak volumes about our values our tastes and the things we
