Case Studies in Missions Paul G. Hiebert, 1987 *CHRISTIAN MISSION*. ALAN. NEELY, 2020 **Missions from the Majority World** Enoch Wan, Micheal Pocock, 2009-09-15 The churches from the whole world are joined in the effort to reach the whole world Although it has been documented that Western missionaries serving outside their countries still comprise the majority of world missions workers the growth rate of majority world missionaries far outpaces that of the West In recent years while Western missionary forces are shrinking in numbers and possibly in influence missions from the majority world have proliferated bringing amazing progress and some challenges Missions from the Majority World represents the thinking of 14 majority world mission scholars and 10 Westerners with lengthy experience in the missionary enterprise The book shows the progress and challenges of missions from the majority world and illustrates this by case studies from Asia Africa and Latin America *Effective Intercultural Communication (Encountering Mission)* A. Scott Moreau, Evvy Hay Campbell, Susan Greener, 2014-10-14 With the development of instantaneous global communication it is vital to communicate effectively across cultural boundaries This addition to the acclaimed Encountering Mission series is designed to offer contemporary intercultural communication insights to mission students and practitioners Authored by leading missionary scholars with significant intercultural experience the book explores the cultural values that show up in intercultural communication and examines how we can communicate effectively in a new cultural setting Features such as case studies tables figures and sidebars are included making the book useful for classrooms **Where god is : the paintings of Emmanuel Garibay** , 2011 *The Church in Mission* Betril Ekstrom, 2016-06-01 What does it mean today to be a church totally committed to the gospel and fully engaged in God s mission What major religious and sociological trends in our world are affecting the role of the global church and local churches How must we understand and be prepared to face these trends How do we define church in the twenty first century being faithful to the Scriptures and at the same time relevant to a generation that does not believe in the institutional church anymore What are some good models of missional churches in different regions of the world that will encourage and inspire those who long to see a church making difference in society and in the world These are some of the issues that the book you are holding in your hands addresses There are certainly no final answers and magical forms rather we present a broad and deep discussion on how the gospel should be lived out by Jesus followers in our time and through our communities Questions are raised and analyzed both from the perspective of a local church as well as from a global and general understanding of the Christian church Some of our examples will focus more on local realities others more on global challenges The first part of the book is dedicated to a biblical and theological reflection on gospel church and mission It includes Old and New Testament studies on the theological implications of being church based on the biblical narrative The second part deals with a variety of contemporary missiological issues related to the broader theme of church and mission Different perspectives from current discussions and dialogues around the globe are

included covering both ideological reflections and practical aspects of being a mission shaped church The third part presents regional and national case studies that show the enormous creativity in church planting and engagement of local communities in their own societies Models applied in the secularized Europe are contrasted to ways of functioning as church in fast growing congregations in the global South
