began a review of the evidence concerning whether or not the National Science Education Standards have had an impact on
the science education enterprise to date and if so what that impact has been This publication represents the second phase of
a three phase effort by the National Research Council to answer that broad and very important question Phase I began in
1999 and was completed in 2001 with publication of Investigating the Influence of Standards A Framework for Research in
Mathematics Science and Technology Education National Research Council 2002 That report provided organizing principles
for the design conduct and interpretation of research regarding the influence of national standards The Framework
developed in Phase I was used to structure the current review of research that is reported here Phase II began in mid 2001
involved a thorough search and review of the research literature on the influence of the NSES and concludes with this
publication which summarizes the proceedings of a workshop conducted on May 10 2002 in Washington DC Phase III will
