FULL COLOR PHOTOS DIAGRAMS AND CHARTS ED ROSENTHAL is a legend a veteran educator and an outspoken proponent of Full Legalization and The Right to Grow His books are beloved by growers for their accessible style accuracy and innovative content Ed wrote Cannabis Grower s Handbook with a team of botanists industry consultants and scientists to ensure that you have the most up to date accurate information to help you grow This is the most extensively researched book about marijuana cultivation available It will be your handy guide like having an expert in your garden **The Routledge**

**Handbook of Post-Prohibition Cannabis Research** Dominic Corva,Joshua Meisel,2021-09-06 The place of cannabis in global drug prohibition is in crisis opening up new directions for socially engaged cannabis research The Routledge Handbook of Post Prohibition Cannabis Research invites readers to explore new landscapes of cannabis research under conditions of legalization with not after prohibition post prohibition The chapters are organized into five multidisciplinary sections Governance Public Health Markets and Society Ecology and the Environment and Culture and Social Change Case studies from the United States Uruguay Morocco and the United Kingdom show readers alternative ways of thinking about human cannabis relationships that move beyond questions of legality and illegality Representing a cross section of cannabis scholarship the contributors provide readers with critical perspectives on legalization that are not based upon orthodoxies of prohibition While legalization signals a global shift in the legitimacy of cannabis research this collection identifies openings for academics policy makers and the public interested in ending the drug war as well as a way to address broader social problems evident in the age of neoliberal governance within which prohibition has been entangled The Oxford Handbook

of Political Consumerism Magnus Boström,Michele Micheletti,Peter Oosterveer,2019-01-25 The global phenomenon of political consumerism is known through such diverse manifestations as corporate boycotts increased preferences for organic and fairtrade products and lifestyle choices such as veganism It has also become an area of increasing research across a variety of disciplines Political consumerism uses consumer power to change institutional or market practices that are found ethically environmentally or politically objectionable Through such actions the goods offered on the consumer market are problematized and politicized Distinctions between consumers and citizens and between the economy and politics collapse The Oxford Handbook of Political Consumerism offers the first comprehensive theoretical and comparative overview of the ways in which the market becomes a political arena It maps the four major forms of political consumerism boycotting buycotting spending to show support lifestyle politics and discursive actions such as culture jamming Chapters by leading scholars examine political consumerism in different locations and industry sectors and in consideration of environmental and human rights problems political events and the ethics of production and manufacturing practices This volume offers a thorough exploration of the phenomenon and its myriad dilemmas involving religion race nationalism gender relations animals and our common future Moreover the Handbook takes stock of political consumerism s effectiveness in solving complex global problems and its use to both promote and impede democracy Marijuana Medical Handbook Dale

Gieringer, Ed Rosenthal, 2008-11-01 An estimated 40 million Americans have medical symptoms that marijuana can relieve Marijuana Medical Handbook is a one stop resource that gives candid objective advice on using marijuana for healing understanding its effects on the body safe administration targeting illnesses side effects and the various delivery methods from edibles and tinctures to smokeless vaporizer pipes The book also details supply issues cultivation solutions in a chapter by renowned expert Ed Rosenthal and legal consequences This thoroughly revised edition incorporates the most up to date information on the ever changing politics of marijuana the plant s usage and medical research on it Handbook of Cannabis Roger Pertwee, 2014-08-21 Truly global in scope and with contributions from leading researchers around the world The Handbook of Cannabis is the definitive resource on this fascinating drug Combining scientific perspectives and clinical applications it covers a vast array of topics from why over the centuries cannabis has been used as a medicine through the regulations facing those wishing to self administer cannabis or provide cannabis based medicines to the chemical structure of its many constituents and the rapidly growing group of synthetic cannabinoids that are currently being used for legal highs With each chapter written by a group of one or more internationally recognised subject experts it provides academics and researchers with authoritative scientific material on the main pharmacological actions and their effects as well as their pharmacokinetics metabolism and forensic detection In addition it also examines the complex morphology cultivation harvesting and processing of cannabis and the ways in which the plant s chemical composition can be controlled As well as offering a raft of scientific information there is extensive coverage of cannabinoid based medicines Helping readers to identify and evaluate their benefits chapters explore pharmacological actions and the effects that seem to underlie approved therapeutic uses how they are currently used to treat certain disorders and the ever growing number of wide ranging potential clinical applications There is also coverage of both the legal and illegal sources of cannabis including coffee shops and cannabis dispensaries The complex issue of recreational cannabis is also tackled The sought after and adverse psychological and non psychological effects are described and discussions are included on how some adverse effects can be lessened by at least one constituent of cannabis and that it might be possible to reduce the harm that cannabis does to some by changing current regulatory policies The Handbook of Cannabis is a one stop reference essential reading for all clinicians pharmacologists psychologists and psychiatrists interested in this drug as well as those working in the field of public health

*Routledge Handbook on Deviance* Stephen E. Brown, Ophir Sefiha, 2017-10-12 The Routledge Handbook on Deviance brings together original contributions on deviance with a focus on new emerging and hidden forms of deviant behavior The editors have curated a comprehensive collection highlighting the relativity of deviance with chapters exploring the deviant behaviors related to sport recreation body modification chronic health conditions substance use religion and cults political extremism sexuality online interaction mental and emotional disorders elite societal status workplace issues and lifestyle The selections review competing definitions and orientations and a wide range of theoretical premises while addressing

methodological issues involved in the study of deviance Each section begins with an introduction by the editors anchoring the topics in relevant theoretical and methodological contexts and identifying common themes as well as divergence Providing state of the art scholarship on deviance in modern society this handbook is an invaluable resource for researchers and students engaged in the study of deviance across a range of disciplines including criminology criminal justice sociology anthropology and interdisciplinary departments including justice studies social transformation and socio legal studies
