Californias Child Inspired By A True Story:

California's Child Larry Rusin, 2014-06-18 Just when Scott Reynolds thought things couldn't get worse the unspeakable happened At the age of nine convinced he had accidentally killed a bully trying to molest him he jumped the fence and headed out into the vast wilderness alone Could he make it through the blistering cold or would his asthma finally do him in Would they catch him and throw him in prison for what he did to that boy His mother had died four years earlier and it didn't take long for Scott's abusive Aunt to send him to Saint Cecelia's Orphanage where as a ward of the State he became California's Child And from where he had just escaped When he thought about the consequences if they caught him Scott realized that he would rather die than go back Would they stop looking for him or would he be on the run forever Although this book is inspired on true events it is a work of fiction by the author Though many of the places and events mentioned are real the characters do not represent specific individuals This story is written to simply reveal that many of the laws in America although placed in an attempt to protect children often times deprive them of a childhood that might have been more accommodating When I was young homeless children in California were essentially placed in the same category as criminals and when those children were caught by the authorities they were often locked up like common thieves for safe keeping As a result the young boy in this story was compelled to keep moving or be incarcerated L Michael Rusin
