Calvert of Maryland James Otis,2015-06-02 Excerpt from Calvert of Maryland A Story of Lord Baltimore s Colony The purpose of this series of stories is to show the children and even those who have already taken up the study of history the home life of the colonists with whom they meet in their books To this end every effort has been made to avoid anything savoring of romance and to deal only with facts so far as that is possible while describing the daily life of those people who conquered the wilderness whether for conscience sake or for gain That the stories may appeal more directly to the children they are told from the viewpoint of a child and purport to have been related by a child Should any criticism be made regarding the seeming neglect to mention important historical facts the answer would be that these books are not sent out as histories although it is believed that they will awaken a desire to learn more of the building of the nation and only such incidents as would be particularly noted by a child are used About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
