BOOK # 2** MARY. CONNEALY,2008 C 1 GENERAL FUNDS GALE 03 23 2010 29 95 **In the Shadow of the Chinatis** David W. Keller,2023-01-03 Winner 2020 Al Lowman Memorial Prize for Best Book on Texas County or Local History There is a deep and abiding connection between humans and the land in Pinto Canyon a remote and rugged place near the border with Mexico in the Texas Big Bend Here the land assumes a certain primacy defined not by the ephemera of plants and animals but by the very bedrock that rises far above the silvery flow of Pinto Creek looming masses that break the horizon into a hundred different vistas Yet over time people managed to survive and sometimes even thrive in this harsh environment In the Shadow of the Chinatis combines the rich narratives of history natural history and archeology to tell the story of the landscape as well as the people who once inhabited it Settling the land was difficult staying on it even more so but one family proved especially resilient Rising above their meager origins the Prietos eventually amassed a 12 000 acre ranch in the shadow of the Chinati Mountains to become the most successful of Pinto Canyon s early settlers But starting with the tense years of the Great Depression the family faced a series of tragedies one son was killed by a Texas Ranger and another by the deranged son of Chico Cano the Big Bend s most notorious bandit Ultimately growing rifts in the family forced the sale of the ranch marking the end of an era Bearing the hallmarks of an epic tragedy the departure of the Prieto family signaled a transition away from ranching towards a new style of landownership based on a completely different model Today Pinto Canyon s scenic and scientific value increasingly overshadows the marginal economics of its past In the Shadow of the Chinatis reveals a rich tapestry of interaction between humans and their environment providing a unique examination of the Big Bend region and the people who call it home
