

Carey McWilliams

CALIFORNIA THE GREAT EXCEPTION

"The classic account of the titanic social conflicts that have shaped California as a unique state-nation on the Pacific."

—Mike Davis

Foreword by Lewis H. Lapham

California The Great Exception

Michael Brown

California The Great Exception:

California Carey McWilliams,1999-04-02 This edition is graced by a new foreword by Lewis Lapham **California, the Great Exception** Carey McWilliams,1999 **California, the Great Exception** Carey McWilliams,1969 Journal of the Assembly, Legislature of the State of California California. Legislature. Assembly,1981 **California Crackup** Joe Mathews,Mark Paul,2010 California Crackup is brilliant It cuts through the familiar tangle of diagnoses and quick fix solutions to provide a comprehensive and persuasive analysis of California s dysfunctional governmental system Paul and Mathews have coolly laid out a complicated story made it readable sometimes even comedic It is the best discussion of the issue I ve seen in over three decades Peter Schrag author of California America s High Stakes Experiment I know of no other work that combines so succinctly and enjoyably a historical summary of California s existing problems with such a sweeping and provocative program of reform Ethan Rarick University of California Berkeley Mark Paul and Joe Mathews have produced an indispensable guide to California s crisis of governance and they have done so with humor scholarship fairness and storytelling verve Every Californian should read this book Steve Coll Pulitzer Prize winning author of Ghost Wars Mark Paul has a talent for presenting California Big Think stuff in an easily accessible and always readable way offering clear and creative insights on the subject of California s collapse CalBuzz Joe Mathews has done an artful fascinating and convincing job of connecting the California of today s Schwarzenegger era to the long history that made his rise possible James Fallows The Atlantic Monthly on Mathews book The People s Machine California Catastrophes Gary Griggs,2024-09-24 This comprehensive account of California s numerous and perilous natural disasters explores how a unique combination of forces has affected Californians throughout the state s history and carries a sobering message about our short disaster memories California has more natural hazards per square mile than any other state but this hasn t deterred people from moving here Entire California towns and regions frequently contend with destruction caused by earthquakes floods landslides and debris flows and sea level rise and coastal erosion As Gary Griggs demonstrates in California Catastrophes few years go by without a disaster of some kind and residents often rebuild in the same locations that were just destroyed Considering the current climate crisis and increasing environmental inequalities the stakes are growing ever higher This book dives into the history of the state s vulnerability to natural hazards why and where these events occur and how Californians can better prepare going forward A mix of photographs and maps both historical and contemporary orients readers within the state s sprawling landscapes and provides glimpses of some of the geologic risks in each region With the final chapter Griggs issues a call to action and challenges readers to envision a safer more equitable and sustainable future **Right Out of California** Kathryn S. Olmsted,2010-05-11 Olmsted finds in Depression era California the crucible for strong arm policies against farm workers that bolstered the conservative movement Kirkus Reviews At a time when a resurgent immigrant labor movement is making urgent demands on twenty first century America and when a new and virulent strain of right wing anti immigrant

populism is roiling the political waters *Right Out of California* is a fresh and profoundly relevant touchstone for anyone seeking to understand the roots of our current predicament This major reassessment of modern conservatism reexamines the explosive labor disputes in the agricultural fields of Depression era California the cauldron that inspired a generation of artists and writers and that triggered the intervention of FDR's New Deal Noted historian Kathryn S Olmsted tells how this brief moment of upheaval terrified business leaders into rethinking their relationship to American politics a narrative that pits a ruthless generation of growers against a passionate cast of reformers writers and revolutionaries Olmsted's vivid accomplished narrative really belongs to the historiography of the left As her strong research shows race and gender prejudice informed or deformed almost the whole of American social and cultural life in the 1930s and was as common on the left as on the right *The New York Times Book Review* An accessible work that aids in contextualizing the rise of future conservative leaders such as Richard Nixon and Ronald Reagan *Publishers Weekly* A major reworking of the Republican right's origins this is also a compelling read for anyone interested in California's outsized importance in America's recent past

Darren Dochuk author of *From Bible Belt to Sunbelt* **The Literature of California** Jack Hicks, 2000 This text is the first volume of a comprehensive anthology of Californian literature It is divided into four parts and contains material ranging from Native American origin myths to Hollywood novels dissecting the American dream *Journal of the Senate, Legislature of the State of California* California. Legislature. Senate, 1981 *The Browns of California* Miriam Pawel, 2018-09-04 Miriam Pawel's fascinating book illuminates the sea change in the nation's politics in the last half of the 20th century *New York Times Book Review* California Book Award Gold Medal Winner Finalist for the Los Angeles Times Book Prize A Los Angeles Times Bestseller San Francisco Chronicle's Best Books of the Year List *Publishers Weekly* Top Ten History Books for Fall Berkeleyside Best Books of the Year Shortlisted for NCIBA Golden Poppy Award A Pulitzer Prize winning journalist's panoramic history of California and its impact on the nation from the Gold Rush to Silicon Valley told through the lens of the family dynasty that led the state for nearly a quarter century Even in the land of reinvention the story is exceptional Pat Brown the beloved father who presided over California during an era of unmatched expansion Jerry Brown the cerebral son who became the youngest governor in modern times and then returned three decades later as the oldest In *The Browns of California* journalist and scholar Miriam Pawel weaves a narrative history that spans four generations from August Schuckman the Prussian immigrant who crossed the Plains in 1852 and settled on a northern California ranch to his great grandson Jerry Brown who reclaimed the family homestead one hundred forty years later Through the prism of their lives we gain an essential understanding of California and an appreciation of its importance The magisterial story is enhanced by dozens of striking photos many published for the first time This book gives new insights to those steeped in California history offers a corrective for those who confuse stereotypes and legend for fact and opens new vistas for readers familiar with only the sketchiest outlines of a place habitually viewed from afar with a mix of envy and awe disdain and fascination

Ecosystems of California Harold Mooney, Erika Zavaleta, 2016-01-19 This long anticipated reference and sourcebook for California's remarkable ecological abundance provides an integrated assessment of each major ecosystem type its distribution structure function and management A comprehensive synthesis of our knowledge about this biologically diverse state *Ecosystems of California* covers the state from oceans to mountaintops using multiple lenses past and present flora and fauna aquatic and terrestrial natural and managed Each chapter evaluates natural processes for a specific ecosystem describes drivers of change and discusses how that ecosystem may be altered in the future This book also explores the drivers of California's ecological patterns and the history of the state's various ecosystems outlining how the challenges of climate change and invasive species and opportunities for regulation and stewardship could potentially affect the state's ecosystems The text explicitly incorporates both human impacts and conservation and restoration efforts and shows how ecosystems support human well being Edited by two esteemed ecosystem ecologists and with overviews by leading experts on each ecosystem this definitive work will be indispensable for natural resource management and conservation professionals as well as for undergraduate or graduate students of California's environment and curious naturalists

California in a Time of Excellence James Andrew LaSpina, 2009-02-26 *California in a Time of Excellence* follows the Golden State's efforts to reform its public school system from 1983 to the present Beginning with progressive curriculum reform initiatives that were launched even before the National Commission on Excellence in Education NCEE issued *A Nation at Risk* in 1983 James Andrew LaSpina traces these reform efforts through recurring culture wars major clashes of personality and a conflict between the state's tradition of progressive educational policy and a culture of conservatism that colored much of the so called Left Coast's history since the sixties While the battles over curriculum reform in California reflect those at the national level the political world surrounding this conflict reveals the enormous significance of the conflict and its implications for our national future *Reading California* Stephanie Barron, Sheri Bernstein, Ilene Susan Fort, 2000 This collection of essays written by a stellar cast of art historians and scholars looks closely at the forces that shaped fine art and material culture in California Illustrations *Golden State* Michael Hiltzik, 2025-02-15 Written by Pulitzer Prize winning Californian Michael Hiltzik this is the definitive essential work on the Golden State's history and legacy **The Shaping of America: A Geographical Perspective on 500 Years of History** D. W. Meinig, 1986-01-01

Volume one examines how an immense diversity of ethnic and religious groups ultimately created a set of distinct regional societies Volume two emphasizes the flux uncertainty and unpredictability of the expansion into continental America showing how a multitude of individuals confronted complex and problematic issues [Made in California](#) Stephanie Barron, Sheri Bernstein, Ilene Susan Fort, 2000 Unusually inclusive visually intriguing and beautifully produced *Made in California* will appeal to anyone who has lived in visited or imagined California **Working People of California** Daniel Cornford, 2023-11-15 From the California Indians who labored in the Spanish missions to the immigrant workers on Silicon

Valley's high tech assembly lines California's work force has had a complex and turbulent past marked by some of the sharpest and most significant battles fought by America's working people This anthology presents the work of scholars who are forging a new brand of social history one that reflects the diversity of California's labor force by paying close attention to the multicultural and gendered aspects of the past Readers will discover a refreshing chronological breadth to this volume as well as a balanced examination of both rural and urban communities Daniel Cornford's excellent general introduction provides essential historical background while his brief introductions to each chapter situate the essays in their larger contexts A list of further readings appears at the end of each chapter This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1995

A Cultural History of the Radical Sixties in the San Francisco Bay Area Anthony Ashbolt, 2015-10-06 The San Francisco Bay Area was a meeting point for radical politics and counterculture in the 1960s Until now there has been little understanding of what made political culture here unique This work explores the development of a regional culture of radicalism in the Bay Area one that underpinned both political protest and the counterculture

California's Prodigal Sons Spencer C. Olin, 2023-11-15 California's Prodigal Sons Hiram Johnson and the Progressives 1911-1917 provides an in depth examination of the transformative Progressive Era in California under the leadership of Governor Hiram W Johnson This study shifts the focus from ideological analysis to practical governance chronicling Johnson's efforts to implement reform and establish efficient public services that prioritized the public good over special interests With its chronological approach the book explores key legislative accomplishments addressing railroad control corruption labor conditions and resource management Drawing on newly available manuscripts including the Hiram Johnson Papers the book offers fresh insights into Johnson's administration and its lasting impact on state and national progressivism In addition to highlighting Johnson's reforms the book delves into the intense conflict between progressives and conservatives during this era culminating in the pivotal 1916 Hughes campaign which tested Johnson's political dominance The narrative captures the dynamic interplay of politics personality and policy revealing Johnson as a zealous leader whose identity was deeply intertwined with his reform agenda Through detailed analysis and rich historical context California's Prodigal Sons sheds light on the broader Progressive movement while offering a compelling portrait of a pivotal figure in California's history This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1968

Updating the Literary West, 1997 Western writers says Thomas J Lyon in his epilogue to *Updating the Literary West* have grown up with

the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the Literary History of the American West TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage Out of this hope comes Updating the Literary West a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened Updating the Literary West looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West's literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister
