Calvin On Scripture And Divine Sovereignty:

Calvin on Scripture and Divine Sovereignty John Murray, 1978 John Murray acclaimed as a foremost authority on the true thought of John Calvin clarifies Calvin's position on key issues confronting evangelical theologians today Doctrine of Scripture Authority of Scripture and Sovereignty of God Enhanced by its frequent inclusion of direct quotation this volume is far more convincing than one of mere opinion or interpretation Quoting substantially from Calvin's Commentaries and Institutes Murray 1 establishes that Calvin held to the verbal inspiration and infallible authority of the Bible 2 demonstrates that John Calvin maintained Scripture to be intrinsically authoritative by reason of its divine inspiration 3 explains that Calvin's conception of God's sovereignty according to His decrees and God's sovereignty according to divine providence Publisher

Calvin on Scripture and Divine Sovereignty Murray John, 2019-11 The three chapters of this book have their origin in a series of lectures on certain aspects of Calvin's theology delivered by John Murray professor of Systematic Theology at Westminster Theological Seminary Philadelphia These lectures were given in the Eastern Avenue Christian Reformed Church of Grand Rapids Michigan before large audiences of ministers professors students and interested laymen The occasion was the 450th anniversary of the birth of John Calvin and the 400th anniversary of the appearance of the final edition of Calvin's immortal work *The Institutes of the Christian Religion* *Calvin's Doctrine of Biblical Authority* Abd-el-Masih

Istafanous, 2010-09-06 Calvin's Doctrine of Biblical Authority offers a profound new approach to a long debated topic Istafanous draws upon Calvin's twofold structure regarding salvation to illumine the Reformer's twofold knowledge of God with particular focus on biblical authority In doing so Istafanous presents Calvin's view of biblical authority framed within modern discussions of inspiration In the 1539 edition of the Institutes and in all subsequent editions John Calvin presented justification and sanctification as the twofold grace of God He repeatedly taught this concept in all of his commentaries sermons and other writings More than any other reformer Calvin used the twofold grace to express the full relationship between justification and sanctification In the definitive edition of the Institutes 1559 Calvin introduced the concept of the twofold knowledge of God This framework has been considered by many as the ordering principle of the Institutes and all of Calvin's theology Istafanous argues that the twofold Grace inspired Calvin to introduce the concept of the twofold knowledge in 1559 Thus the twofold grace of God provides the key to understanding the twofold knowledge specifically and Calvin's theology generally *The Sovereignty of God Debate* D. Stephen Long, George Kalantzis, 2009-01-01 How is God sovereign with respect to creation Does creation affect God Does God suffer or change because of creation If so how is this related to Christology Why have these questions been so controversial in evangelical theology even costing some people their jobs This book is a collection of lectures given to the Forum for Evangelical Theology at Garrett Evangelical Theological Seminary Six theologians answer the questions above from a variety of perspectives They draw on resources including the church fathers Thomas Aquinas John Calvin Jurgen Moltmann process theology and open theism In the process of answering the question

does God suffer each theologian also illustrates how responding to this subject requires an examination of other crucial evangelical issues such as how we read Scripture and what it means to proclaim that God is love Although the writers answer these questions in a variety of ways the hope is that engaging in this conversation together can help evangelicals and all Christians to speak more faithfully of our sovereign God *Readings in Calvin's Theology* Donald K. McKim,1998-09-08 The essays offered here present many of the leading aspects of Calvin's thought They seek to draw together Calvin's thinking on various topics to present a wide picture of his teachings Selections include McNeill on Calvin Battles on divine accommodation McKim on scripture Wallace on preaching Walker on the church and more This is an essential collection of essays for the student of Calvin's thought **The Five Points of Calvinism** Edwin H. Palmer,1996-02-01 Using the classic TULIP acronym Total depravity Unconditional election Limited atonement Irresistible grace and Perseverance of the saints this primer on the five points of Calvinism is perfect for students and laypeople alike Using the Scriptures from which they are drawn Edwin H Palmer analyzes each point and explains them in accessible language Helpful discussion questions follow each chapter making this book ideal for classes or study groups This important resource also includes a new foreword by Michael Horton and relevant historic catechisms and confessions *The Calvinist Conspiracy* Ron Craig,2015-05-08 Each of my books has gotten more intense than the previous one This volume is no exception It is actually a follow up of my book entitled *Are Christians Just Saved Sinners* That book dealt in depth with the subject of Calvinism plus some other heresies currently plaguing the church This much smaller book deals only with Calvinism and covers less doctrinal territory But it goes into an even deeper discussion of the essentials of that long standing heresy Most people have no idea of what Calvinism really teaches Through this little book you are about to find out *The Authority of Scripture in Reformed Theology* Henk Van Den Belt,2008-01-01 This book discusses the concept of the self convincing authority of Scripture in the historical development of Reformed theology and advocates an emphasis on the autopistia in a postmodern context because truth and trust are inseparable Inerrancy Norman L. Geisler,1980 Inerrancy is a collection of essays by fourteen leading evangelical scholars on a wide range of topics related to the doctrine of the inerrancy of the Bible Footnotes and index are included **Systematic Theology, Volume 1, Fourth Edition** James Leo Garrett,2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996One of the characteristics of Garrett's system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the

Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary John Calvin's Ideas Paul Helm, 2004-11-11 This is a major study of the theological thought of John Calvin which examines his central theological ideas through a philosophical lens looking at issues in Metaphysics Epistemology and Ethics The study the first of its kind is concerned with how Calvin actually uses philosophical ideas in his work as a theologian and biblical commentator The book also includes a careful examination of those ideas of Calvin to which the Reformed Epistemologists appeal to find grounds and precedent for their development of Reformed Epistemology notably the *sensus divinitatis* and the internal testimony of the Holy Spirit **Hermeneutics, Authority, and Canon** D. A. Carson, John Woodbridge, 2005-03-09 Among the many recent discussions of the nature and authority of Scripture I would judge this to be one of the most valuable Particularly in those essays that deal with the actual phenomena of the text of Scripture it displays a level of sophistication and of sympathetic awareness of alternative views that has too often been lacking In contrast to the backs to the wall tone of some conservative defenses of inerrancy these authors write for the most part with the confidence of those who have a coherent and well grounded position to offer The volume will I believe both help to commend Evangelical doctrine to those who suspect it of blind obscurantism and also contribute significantly to mutual understanding among Evangelicals who are too ready to polarize over their different assessments of what it means to honor Scripture as the Word of God R T France Vice Principal London Bible College These thought minded essays are the channel through which conservative scholars must steer for competent interaction with current critical theories for helpful direction in focusing the battle over Scripture and for reflection of conflict areas that Evangelicals must themselves resolve This work rises above the shallow shadow boxing over inerrancy and engages central concerns with academic ability and dignity It puts on the agenda issues that Evangelical leaders must now wrestle Does the Bible contain different kinds of truth Is all divine revelation rational Is the canon really post apostolic No reader will agree with all that is said some will loudly disagree here and there But all students will be stimulated and serious readers edified at the frontiers of current debate Carl F H Henry Lecturer at Large World Vision *Scripture and Truth* D. A. Carson, John D. Woodbridge, 1992-09-01 From a biblical historical or theological perspective each essay examines a challenge to belief in the

integrity and reliability of Scripture What emerges from these essays is a full orb ed restatement of this evangelical doctrine

God, Revelation and Authority: God Who Speaks and Shows (Vol. 4) Carl F. H. Henry, 1999-01-25 Part 4 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done

Unapologetic Apologetics William A. Dembski, Jay W. Richards, 2001-01-05 Edited by William A Dembski and Jay Wesley Richards this group of former Princeton Theological Seminary students brings apologetics back into the seminary debates as they expose the influence of naturalism in theological studies plus other philosophical tenets automatically assumed in much mainline theology

Debated Issues in Sovereign Predestination Joel R. Beeke, 2017-03-13 Joel R Beeke s work is an academic monograph of historical theology that examines three flashpoints of controversy in Reformation and Post Reformation theology As the subtitle Early Lutheran Predestination Calvinian Reprobation and Variations in Genevan Lapsarianism implies the work addresses first the development of the Lutheran doctrine of predestination from Martin Luther 1483 1546 and Philip Melanchthon 1497 1560 to the Formula of Concord 1577 second the development of John Calvin s 1509 1564 doctrine of reprobation as traced through his writings and third the doctrine of predestination in Geneva with a particular emphasis on lapsarianism from Theodore Beza 1519 1605 in the sixteenth century to Jean Alphonse Turretin 1671 1737 and Jacob Vernet 1698 1789 in the eighteenth century The fruit of three decades of study by a professor of systematic theology who specializes in Reformation and Post Reformation theology this book offers a harvest of insights into questions that stood at the center of Reformation debates Dr Donald Sinnema a leading scholar in predestinarian theology and the Synod of Dort writes Beeke addresses these difficult matters with sensitivity to historical context and development with systematic acuity and a broad grasp of secondary scholarly literature with which he dialogues The result is a balanced analysis of these issues that should bring greater clarity to scholarly understanding of the doctrine of predestination in the early modern era

Biblical Revelation Clark H. Pinnock, 1998-06-18 In Biblical Revelation an outstanding young theologian contrasts the scriptural concepts of inspiration and revelation with today s inadequate religious philosophies Using a straightforward hard biting style the author refutes those philosophies in their own terms

God's Power Anna Case-Winters, 1990-01-01 With this book Anna Case Winters provides a reconstruction of the doctrine of God based on process theology and feminist thought She takes a fresh approach to the problem of theodicy the justification of God s goodness and omnipotence in view of the existence of evil and contends that traditional attempts to address this problem are unsuccessful because they do not discuss the meaning of omnipotence Once the dispute is recast it is not a question of how much power is attributed to God but what kind Case Winters provides a coherent and theologically viable doctrine of omnipotence that avoids the pitfalls of traditional beliefs

Evangelical Calvinism Myk Habets, Bobby Grow, 2012-06-08 In this exciting volume new and emerging voices join senior Reformed scholars in presenting a coherent and impassioned articulation of Calvinism for today s world Evangelical Calvinism represents a mood within current

Reformed theology The various contributors are in different ways articulating that mood of which their very diversity is a significant element In attempting to outline features of an Evangelical Calvinism a number of the contributors compare and contrast this approach with that of Federal Calvinism currently dominant in North American Reformed theology challenging the assumption that Federal Calvinism is the only possible expression of orthodox Reformed theology This book does not however represent the arrival of a new Calvinism or even a neo Calvinism if by those terms are meant a novel reading of the Reformed faith An Evangelical Calvinism highlights a Calvinistic tradition that has developed particularly within Scotland but is not unique to the Scots The editors have picked up the baton passed on by John Calvin Karl Barth Thomas Torrance and others in order to offer the family of Reformed theologies a reinvigorated theological and spiritual ethos This volume promises to set the agenda for Reformed Calvinist discussion for some time to come

Scripture, Canon and Commentary John B. Henderson, 2014-07-14 In this major contribution to the study of the Chinese classics and comparative religion John Henderson uses the history of exegesis to illuminate mental patterns that have universal and perennial significance for intellectual history Henderson relates the Confucian commentarial tradition to other primary exegetical traditions particularly the Homeric tradition Vedanta rabbinic Judaism ancient and medieval Christian biblical exegesis and Qur'anic exegesis In making such comparisons he discusses some basic assumptions common to all these traditions such as that the classics or scriptures are comprehensive or that they contain all significant knowledge or truth and analyzes the strategies deployed to support these presuppositions As shown here primary differences among commentarial or exegetical traditions arose from variations in their emphasis on one or another of these assumptions and strategies Henderson demonstrates that exegetical modes of thought were far from arcane they dominated the post classical premodern intellectual world Some have persisted or re emerged in modern times particularly in ideologies such as Marxism Written in an engaging and accessible style Scripture Canon and Commentary is not only a challenging interpretation of comparative scriptural traditions but also an excellent introduction to the study of the Confucian classics Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
