(Re)imagining the World Yan Wu, Kerry Mallan, Roderick McGillis, 2013-06-18. *Re Imagining the world: Children's Literature's Response to Changing Times* considers how writers of fiction for children imagine the world, not one universal world but different worlds: imaginary, strange, familiar, even monstrous worlds. The chapters in this collection discuss how fiction for children engages with some of the changes brought about by new technologies, information literacy, consumerism, migration, politics, different family structures, cosmopolitanism, new and old monsters. They also invite us to think about how memory shapes our understanding of the past and how fiction engages our emotions, our capacity to empathise, and our desire to discover and what the future may hold. The contributors bring different perspectives from education, postcolonial studies, literary criticism, cultural studies, childhood studies, postmodernism, and the social sciences. With a wide coverage of texts from different countries and scholarly and lively discussions, this collection is itself a testament to the power of the human imagination and the significance of children's literature in the education of young people.

Integrating Young Adult Literature through the Common Core Standards Rachel L. Wadham, Jon W. Ostenson, 2013-01-07. This book advocates for a stronger role for young adult literature in ELA classrooms, compellingly documenting how this body of work meets both the needs of adolescent students and the demands of the common core for complex texts and tasks. *Integrating Young Adult Literature through the Common Core Standards* provides a compelling template for teachers that uses young adult literature and inquiry learning to meet students' needs and the demands of the common core standards. The first part of the book addresses the widely adopted common core state standards by examining closely the standards model of text complexity and demonstrating how young adult literature can fill the requirements of this model. The second part provides theoretical discussions and analysis of the standards as well as concrete applications of young adult literature within the classroom in order to give school professionals a comprehensive understanding of how young adult literature and the standards can work together. The book empowers schools and teachers to make intelligent, informed decisions about texts and instructional practices that benefit their students.
