*Feminism with Men* Steven P. Schacht, Doris W. Ewing, 2004-10-08 How can men participate in feminism as a full and equal partner respecting gender differences yet sharing a common vision with women for an oppression free future This book provides both male and female perspectives academic insights and practical suggestions for pro feminist men seeking new ways to increase mutual understanding and to create cooperative efforts with feminist women **Bridging the Gender**

**Gap** Lynn M. Roseberry, Johan Roos, 2014 Despite decades of efforts to promote gender equality most leadership positions in business politics education and even NGOs are occupied by men and most people still work in occupations dominated by one sex This book argues that gender imbalances in leadership and occupations are not simply a moral issue or an economic issue but a governance issue Gender imbalances persist in large part because the very people with the authority and influence to do something about them know very little about gender and how it works in their organizations and in society at large Gender imbalanced governance is an expression of entrenched ideas about masculinity and femininity that lead to poor decision making Improving the quality of governance requires action to counteract the main justifications for the status quo Based on interviews and conversations with leaders and managers in Europe and the United States the book presents seven of the most common explanations for persistent gender imbalances and shows how they are based on common stereotypes and myths about men s and women s abilities and preferences This book provides a guided tour of current research about gender from a multi disciplinary perspective It challenges commonly held assumptions and offers alternative explanations and corresponding principles to guide individual decisions action and behaviour toward achieving gender balance

*American Book Publishing Record* , 1995 **Deploying Feminism** Stéfanie von Hlatky, 2022-09-23 A detailed account based on fieldwork and interviews of how Women Peace and Security norms are militarized and put at the service of operational effectiveness International organizations and governments want to increase women s participation in military operations and peacebuilding Gender equality is increasingly seen as the antidote to conflict a key factor in achieving stability While feminist activism inspired the emergence of these norms on gender and conflict they were institutionalized through the Women Peace and Security WPS agenda with the military at the forefront of those changes In *Deploying Feminism* St fanie von Hlatky tells the story of how the military has been delegated authority to advance gender equality as part of their activities while simultaneously tackling increasingly complex threats Drawing upon fieldwork and interviews she illustrates how NATO the world s foremost alliance has even embedded these ideas in the planning and execution of its missions For troops deployed on NATO missions this often means seeking out women in their operating area to improve intelligence gathering activities While this helps the mission does it help women and conflict affected communities Because of the military s focus on operational effectiveness above all else von Hlatky argues that there is a distortion of WPS norms as gender equality concerns fade into the background Looking at NATO s ongoing operations in Iraq Kosovo and the Baltics

Deploying Feminism details the process by which Women Peace and Security norms are militarized and put at the service of operational effectiveness Further it shows why an adjustment is necessary for gender equality to become a true planning priority **New Statesman Society** ,1993-05 **The Guy's Guide to Feminism** Michael Kaufman,Michael Kimmel,2011-10-25 Written by and for men the ultimate guide to becoming a strong male ally in the 21st century In just one generation age old ideas about women have been swept aside but what does that have to do with men Authors Michael Kaufman and Michael Kimmel two of the world s leading male advocates of gender equality believe it has everything to do with them and that it s crucial to educate men about feminism in order for them to fully understand just how important and positive these changes have been for them Kaufman and Kimmel address these issues in The Guy s Guide to Feminism Hip and accessible it contains nearly a hundred entries from Autonomy to Zero Tolerance written in varying tones humorous satirical irreverent thoughtful and serious and in many forms top ten lists comics interviews mini stories and more Each topic celebrates the ongoing gains that are improving the lives of women and girls and what that really means for men Informal and fun yet substantive and intelligent The Guy s Guide to Feminism illustrates how understanding and supporting feminism can help men live richer fuller and happier lives *Resources in Education* ,2000-10 **Womanspeak** ,1991 **Role of Men in Feminist Discourse** Gabrielle Renshaw,1996 *Index to Legal Periodicals & Books* ,2006 **Bibliographic Guide to Psychology** New York Public Library. Research Libraries,1999 **Alternative Press Index** ,2004 Men and Feminism Shira Tarrant,2009-05-12 There s no denying that men s involvement and interest in feminism is key to its continuing relevance and importance Addressing the question of why men should care about feminism in the first place Men and Feminism lays the foundation for a larger discussion about feminism as a human issue not simply a women s issue Men are crucial to the movement as fathers brothers husbands boyfriends and friends From why to how to what can men do Men and Feminism answers all the questions men have about how and why they should get behind feminism For the Love of Men Liz Plank,2019-09-10 A nonfiction investigation into masculinity For The Love of Men provides actionable steps for how to be a man in the modern world while also exploring how being a man in the world has evolved In 2019 traditional masculinity is both rewarded and sanctioned Men grow up being told that boys don t cry and dolls are for girls a newer phenomenon than you might realize gendered toys came back in vogue as recently as the 80s They learn they must hide their feelings and anxieties that their masculinity must constantly be proven They must be the breadwinners they must be the romantic pursuers This hasn t been good for the culture at large 99% of school shooters are male men in fraternities are 300% more likely to commit rape a woman serving in uniform has a higher likelihood of being assaulted by a fellow soldier than to be killed by enemy fire In For the Love of Men Liz offers a smart insightful and deeply researched guide for what we re all going to do about toxic masculinity For both women looking to guide the men in their lives and men who want to do better and just don t know how For the Love of Men will lead the conversation on men s issues in a society where so much is

changing but gender roles have remained strangely stagnant What are we going to do about men Liz Plank has the answer And it has the possibility to change the world for men and women alike **The Time Has Come** Michael Kaufman,2019-01-15 For too long the struggle for the rights of women and girls was seen as women s business Of course it s equally men s business and stops being such a struggle when it s seen that way This reframing gives us a chance to understand violence against women as deeply toxic for us all Phumzile Mlambo Ngcuka UN Under Secretary General and Executive Director of UN Women The Time Has Come explores how a patriarchal culture that has given power to men comes at a huge cost to women children and surprisingly to men as well It details how very achievable changes in our workplaces in the ways we raise boys to be men and in the movement to end men s violence will bring significant rewards to communities all around the world Michael Kaufman is the cofounder of the White Ribbon Campaign the largest international network of men working to end violence against women and for decades has been an advisor on gender equality to the United Nations governments NGOs schools and workplaces around the world With honest storytelling compassion and hard hitting analysis The Time Has Come is a compelling look at why men must take a stand in the fight for general equality **Manning Up** Kay S Hymowitz,2012-03-06 In Manning Up Manhattan Institute fellow and City Journal contributing editor Kay Hymowitz argues that the gains of the feminist revolution have had a dramatic unanticipated effect on the current generation of young men Traditional roles of family man and provider have been turned upside down as pre adult men stuck between adolescence and real adulthood find themselves lost in a world where women make more money are more educated and are less likely to want to settle down and build a family Their old scripts are gone and young men find themselves adrift Unlike women they have no biological clock telling them it s time to grow up Hymowitz argues that it s time for these young men to man up **Loving Men, Respecting Women** Tim Goldich,2011-03 Loving Men Respecting Women The book in a nutshell The overarching principle that pervades and unifies every element of this book can be expressed in a single word Balance The book s radical premise is this in the benefits enjoyed and in the liabilities suffered in the power and in the victimization in the freedoms and in the constraints it all balances out between Man and Woman and it always has By helping to promote a general understanding and perception of this balance throughout the culture at large this book s ambition is to affect a fundamental gender paradigm shift As it stands now common wisdom perceives imbalance an imbalance of power enjoyed by men and an imbalance of victimization suffered by women Society has long recognized a world of male power female victimization yet that has never been more than half of the full story The missing half can be found It s contained within a shelf full of excellent but as yet rather obscure books What might be thought of as the female power male victimization half of the story remains obscure because neither sex wants to hear it Nevertheless for every female complaint there is an equal and opposite male complaint For every one CEO there have been many POWs Hard hazardous labor battlefields prisons mines the streets the sewers men have always occupied both extremes the most and the least enviable positions on earth the latter in far greater

numbers than the former Imagine if you will a gigantic scale where there is love on one end of the balance beam and respect on the other This love respect dynamic upon which gender balance pivots can be described in two brief statements Throughout history both sexes have respected men more than they ve respected women Throughout history both sexes have loved women more than they ve loved men Feminism has made women s lesser status along the respect axis abundantly clear Both sexes have listened and both sexes have worked together to change the cultural environment in ways that promote respect for women That men are less loved however may ring true from the outset yet be met with cynicism just the same Both sexes receive the female side with empathy and the male side without empathy exactly because both sexes love women more and men less Hostility toward women is given the pejorative label of misogyny because hostility toward women is forbidden Ours is more a misandrist male bashing culture But few know this word misandry a word that would if it existed in common parlance condemn hostility toward men the way the word misogyny condemns hostility toward women Apparently in our lack of love toward men we don t concern ourselves with the current cultural outpouring of derision toward men even to the extent of giving it a truly pejorative label Balance is revealed in the following four key statements One At birth members of both sexes are assigned roles conditioning and socialization that facilitate and ensure a world in which men are more respected less loved and women are more loved less respected Two Historically men have been no more empowered to escape their biology role socialization conditioning and concurrent fate than women have Three The two sexes equally powerless and equally powerful have plied an equal overall force of influence upon the world and upon each other engaged in equal complicity and partnership in the sculpting of our world and are thus equally responsible for outcomes both good and bad Four Throughout history the enormous consequences and vast repercussions suffered by women for being less respected have been matched in full by the enormous consequences and vast repercussions suffered by men for being less loved These four statements are key because taken together they lead inexorably to the one key truth It All Balances Out The Authority Gap Mary Ann Sieghart, 2021-07-01 A WATERSTONES BEST POLITICAL BOOK OF THE YEAR A TIMES BEST PHILOSOPHY AND IDEAS BOOK OF 2021 A GUARDIAN BEST POLITICS BOOKS OF THE YEAR LONGLISTED FOR THE 2022 BUSINESS BOOK AWARD A brilliant manifesto explaining why women are still so underestimated and overlooked in today s world but how we can also be hopeful for change Philippa Perry An impassioned meticulously argued and optimistic call to arms for anyone who cares about creating a fairer society Observer \_\_\_\_\_ Imagine living in a world in which you were routinely patronised by women Imagine having your views ignored or your expertise frequently challenged by them Imagine people always addressing the woman you are with before you Now imagine a world in which the reverse of this is true The Authority Gap provides a startling perspective on the unseen bias at work in our everyday lives to reveal the scale of the gap that still persists between men and women Would you believe that US Supreme Court Justices are interrupted four times more often than male ones 96% of the time by men Or that British parents when asked to estimate their child s IQ will

place their son at 115 and their daughter at 107 Marshalling a wealth of data with precision and insight and including interviews with pioneering women such as Baroness Hale Mary Beard and Bernadine Evaristo Mary Ann exposes unconscious bias in this fresh feminist take on how to address and counteract systemic sexism in ways that benefit us all Includes interviews with pioneering women such as Baroness Hale Mary Beard Bernadine Evaristo Mary McAleese Julia Gillard Dolly Alderton and Pandora Sykes Cherie Blair Liz Truss Amber Rudd Frances Morris Laura Bates \_\_\_\_\_ Hugely exciting Emily Maitlis Deeply researched profoundly thoughtful and a book very much for the here and now Mary Ann Sieghart's *The Authority Gap* is the book she was probably born to write Andrew Marr At last here is a credible roadmap that is capable of taking women from the margins to the centre by bridging the authority gap that holds back even the best and most talented of women Mary McAleese Former President of Ireland      **Feminism and Men** Steven Schacht, Doris Ewing, 1998-10 Too often feminism has been defined as a woman only arena or in competitive terms of male versus female privilege rather than a cooperative effort to improve the quality of life for everyone Contributors to FEMINISM AND MEN argue that the feminist movement should no longer view with suspicion those men who have proved themselves sympathetic to issues of gender equity      *Men in Feminism* ,
