Feminism And Christian Ethics New Studies In Christian Ethics:

Feminism and Christian Ethics Susan Frank Parsons, 1996-02-29 Feminists are aware of the diversity of thinking within their own tradition and of the different approaches to moral questions in which that is manifest This book describes and analyses that diversity by distinguishing three distinct paradigms of moral reasoning to be found within feminism Using the writings of feminists the major strengths and weaknesses of each theory are considered so that creative dialogue between them can be encouraged Three common themes are drawn out which are also on the agenda of new developments in philosophical and Christian ethics the search for an appropriate universalism the possibility of a redemptive community and the development of a new humanism Feminists may be encouraged through this account of their considerable scholarship in ethical thinking to contribute to these changes with their special concern for the lives and the fulfilment of Gender and Christian Ethics Adrian Thatcher, 2020-10-22 In this book Adrian Thatcher offers fresh theological women arguments for expanding our understanding of gender He begins by describing the various meanings of gender and depicts the relations between women and men as a pervasive human and global problem Thatcher then critiques naive and harmful theological accounts of sexuality and gender as binary opposites or mistaken identities Demonstrating that the gendered theologies of Hans Urs von Balthasar and Karl Barth as well as the Vatican's war on gender rest on questionable binary models he replaces these models with a human continuum that allows for sexual difference without assuming opposite sexes and normative sexualities Grounded in core Christian doctrines this continuum enables a full theological affirmation of LGBTIQ people Thatcher also addresses the excesses of the male female binary in secular culture and outlines a hermeneutic that delivers justice and acceptance instead of sexism and discrimination **Human Dependency and Christian Ethics** Sandra Sullivan-Dunbar, 2017-10-05 This book engages Christian love theologies feminist economics and political theory to identify elements of a Christian ethic of dependent care relations Sex. Gender, and Christian Ethics Lisa Sowle Cahill, 1996-08-28 This book endorses feminist critiques of gender yet upholds the insight of traditional Christianity that sex commitment and parenthood are fulfilling human relations Their unity is a positive ideal though not an absolute norm Women and men should enjoy equal personal respect and social power In reply to feminist critics of oppressive gender and sex norms and to communitarian proponents of Christian morality Cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity She thus adopts a critical realism as its moral foundation drawing on Aristotle and Aguinas Moral judgment should be based on reasonable practical prudent and cross culturally nuanced reflection on human experience This is combined with a New Testament model of community centred on solidarity compassion and inclusion of the economically or socially marginalised Gendering Christian Ethics Jenny Daggers, 2012-11-30 Gendering Christian Ethics brings together ethical reflections by a new generation of European and American researchers Contributors are well versed in feminist theology and feminist theory chapters build on foundations laid by pioneers who first raised

questions of gender and Christianity Christian ethics have a bearing on the conduct of Christian theology church or institution and on distinctive Christian ways of engaging with the wider world Gendering Christian Ethics addresses these inner and outer dynamics Living Together and Christian Ethics Adrian Thatcher, 2002-03-21 The first positive in depth study of cohabitation outside marriage from a mainstream Christian theological perspective Evil and Christian Ethics Gordon Graham, 2001 STUDY OF MORAL PHILOSOPHYWITH REFERENCE TO NEW TESTAMENT SCHOLARSHIP

Femenist Ethics and Natural Law Cristina L. H. Traina, 1999-04-28 Heated debates over such issues as abortion contraception ordination and Church hierarchy suggest that feminist and natural law ethics are diametrically opposed Cristina L H Traina now reexamines both Roman Catholic natural law tradition and Anglo American feminist ethics and reconciles the two positions by showing how some of their aims and assumptions complement one another After carefully scrutinizing Aguinas s moral theology she analyzes trends in both contemporary feminist ethics theological as well as secular and twentieth century Roman Catholic moral theology Although feminist ethics reject many of the methods and conclusions of the scholastic and revisionist natural law schools Traina shows that a truly Thomistic natural law ethic nonetheless provides a much needed holistic foundation for contemporary feminist ethics. On the other hand she offers new perspectives on the writings of Josef Fuchs Richard McCormick and Gustavo Gutierrez arguing that their failure to catch the full spirit of Thomas s moral vision is due to inadequate attention to feminist critical methods This highly original book proposes an innovative union of two supposedly antagonistic schools of thought a new feminist natural law that would yield more comprehensive moral analysis than either existing tradition alone This is a provocative book not only for students of moral theology but also for feminists who may object to the very notion of natural law ethics suggesting how each might find insight in an unlikely place Global Justice, Christology and Christian Ethics Lisa Sowle Cahill, 2013-01-17 Global realities of human inequality poverty violence and ecological destruction call for a twenty first century Christian response which links cross cultural and interreligious cooperation for change to the Gospel This book demonstrates why just action is necessarily a criterion of authentic Christian theology and gives grounds for Christian hope that change in violent structures is really possible Lisa Sowle Cahill argues that theology and biblical interpretation are already embedded in and indebted to ethical political practices and choices Within this ecumenical study she explores the use of the historical Jesus in constructive theology the merits of Word and Spirit Christologies the importance of liberation and feminist theologies as well as theologies from the global south and also the possibility of qualified moral universalism. The book will be of great interest to all students of theology religious ethics and politics and biblical studies **Gender and Christian Ethics** Adrian Thatcher, 2020-10-22 Provides strong theological arguments for replacing the binary understanding of gender and for the embracing of sexual minorities Genetics and Christian Ethics Celia Deane-Drummond, 2006 In the immediate future we are likely to witness significant developments in human genetic science It is therefore of critical importance that Christian ethics engages with the genetics debate since it affects not just the way we perceive ourselves and the natural world but also has wider implications for our society This book considers ethical issues arising out of specific practices in human genetics including genetic screening gene patenting gene therapy genetic counselling as well as feminist concerns Genetics and Christian Ethics argues for a particular theo ethical approach that derives from a modified version of virtue ethics drawing particularly on a Thomistic understanding of the virtues especially prudence or practical wisdom and justice The book demonstrates that a theological voice is highly relevant to contested ethical debates about genetics

The Common Good and Christian Ethics David Hollenbach,2002-08 The Common Good and Christian Ethics rethinks the ancient tradition of the common good in a way that addresses contemporary social divisions both urban and global David Hollenbach draws on social analysis moral philosophy and theological ethics to chart new directions in both urban life and global society He argues that the division between the middle class and the poor in major cities and the challenges of globalisation require a new commitment to the common good and that both believers and secular people must move towards new forms of solidarity

The Ethics of Gender Susan Parsons, 2001-10-10 The Ethics of Gender investigates the impact of thinking with gender on modern ethics and considers the insights that postmodern gender theory might bring to the ethical project Christian Ethics Paul Scherz, 2019-05-09 There is a growing crisis in scientific research characterized by failures to reproduce experimental results fraud lack of innovation and burn out In Science and Christian Ethics Paul Scherz traces these problems to the drive by governments and business to make scientists into competitive entrepreneurs who use their research results to stimulate economic growth The result is a competitive environment aimed at commodifying the world In order to confront this problem of character Scherz examines the alternative Aristotelian and Stoic models of reforming character found in the works of Alasdair MacIntyre and Michel Foucault Against many prominent virtue ethicists he argues that what individual scientists need is a regime of spiritual exercises such as those found in Stoicism as it was adopted by Christianity in order to refocus on the good of truth in the face of institutional pressure His book illuminates pressing issues in research ethics moral education and anthropology <u>Inequality and Christian Ethics</u> Douglas A. Hicks, 2000-09-18 Inequality and Christian Ethics first published in 2000 provides a moral and empirical analysis of contemporary social and economic inequality Drawing on Christian social ethics political philosophy and development economics the book seeks to create an interdisciplinary conversation that illuminates not only the contemporary realities and trends of inequality but their moral significance as well It is necessary to examine and understand inequality in various forms which the book maps out including disparity in income education and health as well as differentials based on race ethnicity gender and nationality The book draws in particular on the theological ethics of Gustavo Guti rrez and H Richard Niebuhr to provide a Christian ethical approach to inequality and well being It considers the capability approach set forth by Amartya Sen Nobel laureate in economics Sen's framework helps Christians and other persons to add specificity to what the commitment to equality before

God would demand in social and economic relations **Self Love and Christian Ethics** Darlene Fozard Weaver, 2002-10-17 Publisher Description Moral Passion and Christian Ethics Robin Gill, 2017-03-06 In this book Robin Gill argues that moral passion and rational ethical deliberation are not enemies and that moral passion often lurks behind many apparently rational ethical commitments He also contends that though moral passion is a key component of truly selfless moral action without rational ethical deliberation it can also be extremely dangerous Gill maintains that a reanalysis of moral passion is overdue He inspects the gap between the purely rational accounts of ethics provided by some moral philosophers and the normative positions that they espouse and or the moral actions that they pursue He also contends that Christian ethicists have not been adept at identifying their own implicit moral passion or at explaining why it is that doctrinal positions generate passionately held moral conclusions Using a range of disciplines including cognitive science and moral psychology alongside the more usual disciplines of moral philosophy and religious ethics Gill also makes links with moral passion in other world faith traditions Compassion-Justice Conflicts and Christian Ethics Albino Barrera, 2023-11-02 We seek to be both loving and just However what do we do when love and justice present us with incompatible obligations Can one be excessively just Should one bend rules or even break the law for the sake of compassion Alternatively should one simply follow rules Unjust beneficence or uncaring justice which is the less problematic moral choice Moral dilemmas arise when a person can satisfy a moral obligation only by violating another moral duty These quandaries are also called moral tragedies because despite their good intentions and best effort people still end up being blameworthy Conflicting demands of compassion and justice are among the most vexing problems of social philosophy moral theology and public policy They often have life and death consequences for millions In this book Albino Barrera examines how and why compassion justice conflicts arise to begin with and what we can do to reconcile their competing claims **Lying and Christian Ethics** Christopher Tollefsen, 2014-04-28 Defends Augustine and Aguinas controversial absolute view of lying it is always wrong even when for a good cause **Feminism and Christian Tradition** Mary-Paula Walsh, 1999-05-30 This annotated bibliography a volume in the Greenwood series Bibliographies and Indexes in Religious Studies provides access to the numerous writings from the 1960s through the 1990s on feminism and Christian tradition Major feminist theologians and sociologists are represented As a guide to further research this cross disciplinary approach presents themes and issues in both a historical and a topical framework An extensive overview of feminism in relation to the women's movement women's studies sociology and American religion introduces the literature and provides a historical context for the nearly one thousand entries that follow Cross referenced throughout the literature is presented in six thematic categories that include introductory and background materials feminism and the development of feminist theology topical literatures in feminist theology feminism and womanist theology religious leadership of women and responses and recent developments Separate author subject and title indexes complete the volume
