Susan Ostrov Weisser, Jennifer Fleischner, 1994 Though all women are women no woman is only a woman wrote Elizabeth Spelman in *The Inessential Woman* Gone are the days when feminism translated simply into the advocacy of equality for

women Women's interests are not always aligned race class and sexuality complicate the equation In recent years feminist ideologies have become increasingly diverse Today one feminist's most ardent political opponent may well be another feminist As feminism grows increasingly diverse the time has come to ask a painful and frequently avoided question what does it mean for women to oppress women T Leslie Marmon Silko's Ceremony Allan Chavkin,2002-01-24 Leslie Marmon Silko's Ceremony the most important novel of the Native American Renaissance is among the most most widely taught and studied novels in higher education today In it Silko recounts a young man's search for consolation in his tribe's history and traditions and his resulting voyage of self discovery and discovery of the world The fourteen essays in this casebook include a variety of theoretical approaches and provide the reader with crucial information especially on Native American beliefs that will enhance their understanding and appreciation of this contemporary classic The collection also includes two interviews with Silko in which she explains the importance of the oral tradition and storytelling along with autobiographical basis of the novel **Woman's Inhumanity to Woman** Phyllis Chesler,2009-05-01 Man's inhumanity to man the phrase is all too familiar But until Phyllis Chesler's now classic book a profound silence prevailed about woman's inhumanity to woman Women's aggression may not take the same form as men's but girls and women are indeed aggressive often indirectly and mainly toward one another They judge harshly hold grudges gossip exclude and disconnect from other women Like men women are exposed to the messages of misogyny and sexism that permeate cultures worldwide Like men women unconsciously buy into negative images that can trigger abuse and mistreatment of other women But like other social victims many do not realize stereotyping affects members within the victimized group as well as those outside the group They do not realize their behavior reflects society's biases How women view and treat other women matters Are women oppressed Yes Do oppressed people internalize their oppressors attitudes Without a doubt Prejudice must first be acknowledged before it can be resisted or overcome More than men women depend upon one another for emotional intimacy and bonding and exclusionary and sexist behavior enforces female conformity and discourages independence and psychological growth Continuing the pioneering work begun in Women and Madness Chesler's bestselling book that broke the story on double standards in psychology Woman's Inhumanity to Woman draws on important studies revolutionary theories literature and hundreds of original interviews Chesler urges us to look within to treat other women realistically ethically and kindly and to forge bold and compassionate alliances This is a necessary next step for women without which they will never be liberated

**Black Mothers and the National Body Politic** Andrea Powell Wolfe,2020-10-14 Black Mothers and the National Body Politic The Narrative Positioning of the Black Maternal Body from the Civil War Period through the Present focuses on the struggles and triumphs of black motherhood in six works of narrative prose composed from the Civil War period through the present Andrea Powell Wolfe examines the functioning of the black maternal body to both define and undermine ideal white womanhood the physical scarring of the black mother and the reclamation of the black maternal body as a site of subversion

and nurturance as well as erotic empowerment and the construction of oppressive discourses surrounding black female bodies and reproduction and the development of resistance to these types of discourses These tensions undergird a multifaceted discussion of the narrative positioning of the black maternal body within and in relationship to the national body politic an inherently exclusionary and restrictive metaphorical entity constructed and socially contracted over time by an already politically empowered citizenry Ultimately close analysis of the texts under study suggests that the United States as a figurative body complete with imagined parts that perform separate functions from intelligence to labor ingestion to expulsion has simultaneously used and cast off the black maternal body over the course of centuries

*Needed by Nobody*  
Tova Höjdestrand, 2011-03-15 Homelessness became a conspicuous facet of Russian cityscapes only in the 1990s when the Soviet criminalization of vagrancy and similar offenses was abolished In spite of the host of social and economic problems confronting Russia in the demise of Soviet power the social dislocation endured by increasing numbers of people went largely unrecognized by the state Being homeless carries a special burden in Russia where a permanent address is the precondition for all civil rights and social benefits and where homelessness is often regarded as a result of laziness and drinking rather than external factors In *Needed by Nobody* the anthropologist Tova Höjdestrand offers a nuanced portrait of homelessness in St Petersburg Based on ethnographic work at railway stations soup kitchens and other places where the homeless gather Höjdestrand describes the material and mental world of this marginalized population They are she observes not needed in two senses The state considers them in effect as noncitizens At the same time they stand outside the traditionally intimate social networks that are the real safety net of life in postsocialist Russia As a result they are deprived of the prerequisites for dealing with others in ways that they themselves value as decent and human Höjdestrand investigates processes of social exclusion as well as the remaining world of waste things tasks and places that are wanted by nobody else and on which human leftovers are forced to survive In this bleak context Höjdestrand takes up the intimate worlds of the homeless their social relationships dirt and cleanliness and physical appearance Her interviews with homeless people show that the indigent have a very good idea of what others think of them and that they are liable to reproduce the stigma that is attached to them even as they attempt to negotiate it This unique and often moving portrait of life on the margins of society in the new Russia ultimately reveals how human dignity may be retained in the absence of its very preconditions

### **A Union Woman in Civil War Kentucky**

Frances Dallam Peter, 2021-12-21 Frances Dallam Peter was one of the eleven children of Union army surgeon Dr Robert Peter Her candid diary chronicles Kentucky's invasion by Confederates under General Braxton Bragg in 1862 Lexington's monthlong occupation by General Edmund Kirby Smith and changes in attitude among the enslaved population following the Emancipation Proclamation As troops from both North and South took turns holding the city she repeatedly emphasized the rightness of the Union cause and minced no words in expressing her disdain for the secesh Peter articulates many concerns common to Kentucky Unionists Though she was an ardent supporter of the war against the Confederacy Peter also worried that Lincoln's use of authority exceeded his constitutional rights Her own attitudes toward Black people were ambiguous as was the case with many people in that time Peter's descriptions of daily events in an occupied city provide valuable insights and a unique feminine perspective on an underappreciated aspect of the war Until her death in 1864 Peter conscientiously recorded the position and deportment of both Union and Confederate soldiers incidents at the military hospitals and stories from the countryside Her account of a torn and divided region is a window to the war through the gaze of a young woman of intelligence and substance

### **Sexuality, Intimacy, Power**

Muriel Dimen, 2013-06-17 Can contemporary psychoanalysis tell us anything about sexuality that is new and clinically meaningful It most certainly can answers Muriel Dimen in *Sexuality Intimacy Power* a compelling attempt to revivify Freud's core interest in sexual impulses in the ordinary sense of the term But there is nothing ordinary about Dimen's project Drawing on contemporary relational theory feminism and postmodernism she takes a sustained sometimes irreverent look at assumptions about psychosexuality For Dimen the shift from dualism to multiplicity that has reshaped a range of disciplines can also be brought to bear on our thinking about sexuality She urges us to return to the open mindedness hiding between the lines and buried in the footnotes of Freud's writings and to replace the determinism into which his thought has hardened with more fluid notions of contingency paradox and thirdness By unveiling the colloquy among psychoanalysis social theory and feminism Dimen challenges clinicians and academicians alike to rethink ideas about gender eroticism and perversion She explores among other topics the relations between Lust and libido the limitations of Darwinian thought in theorizing homosexuality the body as projective test and the intimate tangle of love and hate between women Generous clinical examples illustrate the ways in which a radical re-visioning of psychosexuality

benefits therapists and patients alike Mixing medium and message Dimen draws on a variety of disciplines and styles to delineate the ambiguities contradictions and paradoxes that subtend sexuality in all its personal and clinical complexity A brilliant example of contemporary psychoanalytic theory at its destabilizing best Sexuality Intimacy Power is equally a historical document that will intrigue and enlighten students of women s gender and queer studies      **Women's Studies**
