The Nasty Woman and The Neo Femme Fatale in Contemporary Cinema Agnieszka Piotrowska, 2018-12-07 *The Nasty Woman and the Neo Femme Fatale in Contemporary Cinema* puts forward the theoretical notion of the nasty woman as a means of examining female protagonists in contemporary culture and cinema particularly films directed by women The phrase is taken from an insult thrown at Hillary Clinton during the 2016 Presidential election debates and reclaimed by the feminists worldwide The volume also draws from the figure of the femme fatale in film noir Piotrowska presents the nasty woman across cultural and mythical landscape as a figure fighting against the entitlement of

the patriarchy The writer argues that in films such as *Zero Dark Thirty* *Red Road* *Stories We Tell* and even *Gone Girl* the nastiness of female characters creates a new space for reflection on contemporary society and its struggles against patriarchal systems The nasty woman or neo femme fatale is a figure who disrupts stable situations and norms she is pro active and self determining and at times unafraid to use dubious means to achieve her goals She is often single but when married she subverts and undermines the fundamental principles of this patriarchal institution For students and researchers in Cultural Studies Women s Gender and Sexuality Studies Film Studies and Psychoanalysis in Film Studies *The Nasty Woman and the Neo Femme Fatale in Contemporary Cinema* offers an original way of thinking about female creativity and subjectivity It is also a proud celebration of feminist and female authorship in contemporary Hollywood **The**

Contemporary Femme Fatale Katherine Farrimond, 2017-07-06 The femme fatale occupies a precarious yet highly visible space in contemporary cinema From sci fi alien women to teenage bad girls filmmakers continue to draw on the notion of the sexy deadly woman in ways which traverse boundaries of genre and narrative This book charts the articulations of the femme fatale in American cinema of the past twenty years and contends that despite her problematic relationship with feminism she offers a vital means for reading the connections between mainstream cinema and representations of female agency The films discussed raise questions about the limits and potential of positioning women who meet highly normative standards of beauty as powerful icons of female agency They point towards the constant shifting between patriarchal appropriation and feminist recuperation that inevitably accompanies such representations within mainstream media contexts **The Femme Fatale**

Caroline Blyth, 2017-10-05 The story of Samson and Delilah in Judges 16 has been studied and retold over the centuries by biblical interpreters artists musicians filmmakers and writers Within these scholarly and cultural retellings Delilah is frequently fashioned as the quintessential femme fatale the shamelessly seductive fatal woman whose sexual treachery ultimately leads to Samson s downfall Yet these ubiquitous portrayals of Delilah as femme fatale tend to eclipse the many other viable readings of her character that lie underexplored within the ambiguity laden narrative of Judges 16 interpretations that offer alternative and more sympathetic portrayals of her biblical persona In *Reimagining Delilah s Afterlives as Femme Fatale* Caroline Blyth guides readers through an in depth exploration of Delilah s afterlives as femme

fatale in both biblical interpretation and popular culture tracing the social and historical factors that may have inspired them She then considers alternative afterlives for Delilah s character using as inspiration both the Judges 16 narrative and a number of cultural texts which deconstruct traditional understandings of the femme fatale thereby inviting readers to view this iconic biblical character in new and fascinating lights *Feminist Film Studies* Karen Hollinger,2012-08-21 *Feminist Film Studies* is a readable yet comprehensive textbook for introductory classes in feminist film theory and criticism Karen Hollinger provides an accessible overview of women s representation and involvement in film complemented by analyses of key texts that illustrate major topics in the field Key areas include a brief history of the development of feminist film theory the theorization of the male gaze and the female spectator women in genre films and literary adaptations the female biopic feminism and avant garde and documentary film women as auteurs lesbian representation women in Third Cinema Each chapter includes a Films in Focus section which analyzes key texts related to the chapter s major topic including examples from classical Hollywood world cinema and the contemporary period This book provides students in both film and gender women s studies with a clear introduction to the field of feminist film theory and criticism *Digital Aesthetics* Sean Cubitt,1998-08-19 The aesthetic nature and purposes of computer culture in the contemporary world are investigated in this book Sean Cubitt casts a cool eye on the claims of cybertopians tracing the globalization of the new medium and enquiring into its effects on subjectivity and sociality Drawing on historical scholarship philosophical aesthetics and the literature of cyberculture the author argues for a genuine democracy beyond the limitations of the free market and the global corporation Digital arts are identified as having a vital part to play in this process Written in a balanced and penetrating style the book both conveniently summarizes a huge literature and sets a new agenda for research and theory *Classic Hollywood* Veronica Pravadelli,2015-01-30 Studies of Classic Hollywood typically treat Hollywood films released from 1930 to 1960 as a single interpretive mass Veronica Pravadelli complicates this idea Focusing on dominant tendencies in box office hits and Oscar recognized classics she breaks down the so called classic period into six distinct phases that follow Hollywood s amazingly diverse offerings from the emancipated females of the Transition Era and the traditional men and women of the conservative 1930s that replaced it to the fantastical Fifties movie musicals that arose after anti classic genres like film noir and women s films Pravadelli sets her analysis apart by paying particular attention to the gendered desires and identities exemplified in the films Availing herself of the significant advances in film theory and modernity studies that have taken place since similar surveys first saw publication she views Hollywood through strategies as varied as close textural analysis feminism psychoanalysis film style and study of cinematic imagery revealing the inconsistencies and antithetical traits lurking beneath Classic Hollywood s supposed transparency *The Feminist Encyclopedia of German Literature* Friederike Eigler,Susanne Kord,1997-02-28 Today a multiplicity of feminist approaches has become an integral part of the fields of German literary and cultural studies This comprehensive reference provides a much needed synthesis of the contribution
