Management with Online Study Tools 12 Months Danny Samson, Timothy Donnet, Richard L. Daft, 2017-10-25
Samson Daft Donnet's Management is a robust foundation text providing a balance of broad theoretical content with an engaging easy to understand writing style. It covers the four key management functions: planning, organising, leading, and controlling, conveying to students the elements of a manager's working day. Along with current management theory and practice, the authors integrate coverage of innovation, entrepreneurship, agile workplaces, social media, and new technology throughout. This sixth edition features a new author on the team and contains updates to content based on recent research. Real life local and international examples showcase the ongoing changes in the management world. Focusing on a skills approach, they bring concepts to life for students, supporting motivation, confidence, and mastery. Each part concludes with a contemporary continuing case study focusing on car company Toyota as it faces managerial challenges and opportunities in the region.

Jehovah's Witnesses and the Secular World Zoe Knox, 2018-01-29
This book examines the historic tensions between Jehovah's Witnesses and government authorities, civic organisations, established churches, and the broader public. Witnesses originated in the 1870s as small, loose-knit groups calling themselves Bible Students. Today there are some eight million Witnesses worldwide, all actively engaged in evangelism under the direction of the Watch Tower Society. The author analyses issues that have brought them global visibility and even notoriety, including political neutrality, public ministry, blood transfusion, and anti-ecumenism. It also explores anti-Witness discourse from media portrayals of the community as marginal and exotic to the anti-cult movement. Focusing on varied historical, ideological, and national contexts, the book argues that Witnesses have had a defining influence on conceptions of religious tolerance in the modern world.

Religious Actors and International Law Ioana Cismas, 2014-07-17
This book assesses whether a new category of religious actors has been constructed within international law. Religious actors, through their interpretations of the religions they are associated with, uphold and promote or indeed may transform potentially oppressive structures or discriminatory patterns. This study moves beyond the concern that religious texts and practices may be incompatible with international law to provide an innovative analysis of how religious actors themselves are accountable under international law for the interpretations they choose to put forward. The book defines religious actors as comprising religious states, international organizations, and non-state entities that assume the role of interpreting religion and so claim a special legitimacy anchored in tradition or charisma. Cutting across the state/non-state divide, this definition allows the full remit of religious bodies to be investigated. It analyses the crucial question of whether religious actors do in fact operate under different international legal norms to non-religious states, international organizations, or companies. To that end, the Holy See/Vatican, the Organization of Islamic Cooperation, and churches and religious organizations under the European Convention on Human Rights regime are examined in detail as case studies. The study ultimately establishes that religious actors cannot be seen to form an autonomous legal category.

under international law they do not enjoy special or exclusive rights nor incur lesser obligations when compared to their respective non religious peers Going forward it concludes that a process of two sided legitimation may be at stake religious actors will need to provide evidence for the legality of their religious interpretations to strengthen their legitimacy and international law itself may benefit from religious actors fostering its legitimacy in different cultural contexts The Jubilee Herald: Volume 1 (paperback) Nathan Harding, The Grahams of Pennsylvania and Virginia Alicia M.
