

The background of the cover features a complex, three-dimensional molecular structure. It consists of a central, elongated, and somewhat curved framework of grey and white spheres, possibly representing a protein or a large organic molecule. This central structure is surrounded by numerous smaller, red and white spheres, which could represent water molecules or other small molecules. The overall appearance is that of a scientific visualization, likely generated using computer graphics. The lighting is dramatic, with highlights and shadows that give the structure a sense of depth and volume. The colors are primarily grey, white, and red, with some green and yellow highlights in the lower right corner.
