Creative Devotions With Dad:

Creative Devotions with Dad Michael H. Cox, 2010-08 Are you a father looking for ways to teach your children about God Do you struggle with knowing where to start how to present scripture or establishing a consistent time of teaching and devotion for your family You are not alone Many fathers just like you have a strong desire to teach their children about the things of God but just don't know how to get started Maybe you just need some new and fresh ideas to breathe more life into an already existing time of devotion Either way this book will be just what you need There are 52 weekly object lessons that teach children scripture in a way that they can easily understand It uses crafts science cooking games treasure hunts and more to make devotion time fun and exciting Dads will have just as much fun as their children and the family will be strengthened and blessed Michael Cox has been given a passion to see fathers be successful in teaching their children to understand scripture He is raising and teaching five children of his own with his wife Jessie They make their home in Brasher Falls New York

Strong and Courageous BroadStreet Publishing Group LLC, 2017-05-01 A father's love imparts value into the heart of a child Fathers have an incredibly important role They represent God to younger generations they model integrity in relationships and they provide a foundation for wise decision making and faith Sometimes fathers might feel like they've got it all together and sometimes their responsibilities can seem overly burdensome Fathers need strengthening reminders of their calling every day This 365 day devotional gives fresh encouragement to fathers Time spent each day in God's presence meditating on his powerful Word can empower them to be men of character strength and leadership After all God the Father has more than enough resources at his disposal for those who seek to represent him in all they do

The Very Best, Hands-On, Kinda Dangerous Family Devotions, Volume 1 Tim Shoemaker, 2019-05-21 As parents hoping to raise godly children we may understand the importance of regular family devotions However we may find it difficult to get our kids or even ourselves fully engaged But what if devotions looked less like sitting in the living room listening to someone read and trying to pry answers out of reluctant kids and more like say electrocuting a pickle Or converting a leaf blower into a toilet paper launcher Or lighting toothpaste on fire These hands on kinda dangerous totally unforgettable object lessons along with nearly fifty others are not only more fun than other family devotions they actually deliver the spiritual impact you desire for your kids They'll even get dads and any too cool for this stuff teens jazzed about a weekly family devotional time So put away the flannelgraph get out the safety goggles and start bringing the truths of Scripture to vivid life in your household Just remember to change out of your Sunday clothes first

Books and Religious Devotion Allan F. Westphall, 2015-02-05 In *Books and Religious Devotion* Allan Westphall presents a study of the book collecting habits and annotation practices of Thomas Connary an Irish immigrant farmer who lived in New Hampshire in the latter half of the nineteenth century Connary led a pious life that revolved around the use annotation and sharing of religious books His surviving annotated volumes provide a revealing glimpse into the utility of books for a common reader and they show how one remarkable eccentric reader turned religious books into near icons Through a careful excavation of book adaptations and enhancements Westphall gives us insight into the range of opportunities provided by the material book for recording and communicating Connary's religious fervor The study also investigates the broader nineteenth century cultural setting in which books are seen as testimonies of personal faith and come to function as instruments of social interaction in both domestic and public spheres Underlying Connary's many and varied interactions with books is his belief that working in books as physical objects can be a devout exercise instrumental in human salvation
