Seinenbu, 1978      **Japanese Prisoners of War** Philip Towle, Margaret Kosuge, Yoichi Kibata, 2000-01-01 During the Second World War the Japanese were stereotyped in the European and American imagination as fanatical cruel and almost inhuman This view is unhistorical and simplistic It fails to recognise that the Japanese were acting at a time of supreme national crisis and it fails to take account of their own historical tradition The essays in Japanese Prisoners of War by both Western and Japanese scholars explore the question from a balanced viewpoint looking at it in the light of longer term influences notably the Japanese attempt to establish themselves as an honorary white race The book also addresses the other side of the question looking at the treatment of Japanese prisoners in Allied captivity      **Hiroshima** Nathaniel Harris, David Downing, 2004 For anyone interested in primary sources and their significance this is the source to turn to Primary source accounts of history add an unmatched authenticity to this series Each book introduces the period and the available sources justifying why we can rely on them who produced them or why they have survived The text also gives historical background and explores what can be learned from the source      **The Long Defeat** Akiko Hashimoto, 2015 In The Long Defeat Akiko Hashimoto explores the stakes of war memory in Japan after its catastrophic defeat in World War II showing how and why defeat has become an indelible part of national collective life especially in recent decades Divisive war memories lie at the root of the contentious politics surrounding Japan's pacifist constitution and remilitarization and fuel the escalating frictions in East Asia known collectively as Japan's history problem Drawing on ethnography interviews and a wealth of popular memory data this book identifies three preoccupations national belonging healing and justice in Japan's discourses of defeat Hashimoto uncovers the key war memory narratives that are shaping Japan's choices nationalism pacifism or reconciliation for addressing the rising international tensions and finally overcoming its dark history      **Long Night's Journey into Day** Charles G. Roland, 2010-10-30 Sickness starvation brutality and forced labour plagued the existence of tens of thousands of Allied POWs in World War II More than a quarter of these POWs died in captivity Long Night's Journey into Day centres on the lives of Canadian British Indian and Hong Kong POWs captured at Hong Kong in December 1941 and incarcerated in camps in Hong Kong and the Japanese Home Islands Experiences of American POWs in the Philippines and British and Australians POWs in Singapore are interwoven throughout the book Starvation and diseases such as diphtheria beriberi dysentery and tuberculosis afflicted all these unfortunate men affecting their lives not only in the camps during the war but after they returned home Yet despite the dispiriting circumstances of their captivity these men found ways to improve their existence keeping up their morale with such events as musical concerts and entertainments created entirely within the various camps Based largely on hundreds of interviews with former POWs as well as material culled from archives around the world Professor Roland details the extremes the prisoners endured from having to eat fattened maggots in order to live to choosing starvation by trading away their skimpy rations for

cigarettes No previous book has shown the essential relationship between almost universal ill health and POW life and death or provides such a complete and unbiased account of POW life in the Far East in the 1940s      **Ethics and Weapons of Mass Destruction** Sohail H.
