**Victim Policies and Criminal Justice on the Road to Restorative Justice** Tony Peters, 2001 This edited volume contains 22 papers organized into three sections under the following headings part I is entitled On Promoting Victim Policies Part II On Reforming Criminal Justice and Part III On Restorative Justice All three areas are ones to which Tony Peters former Professor of Criminology in Leuven has made a significant contribution and for which he is known as an international authority During his long and productive academic career Tony Peters led many struggles for criminal justice reform He was a leading figure in the movement to recognize crime victims plight and to reaffirm their rights In Belgium he spearheaded the early initiatives in restorative justice and became one of its outspoken proponents nationally and internationally There is no doubt that these three major topics and the various developments and reforms that are addressed in the papers will dominate the thinking about and the practice of criminal justice in the years to come Thus in addition to paying homage to a congenial friend and an illustrious colleague it is hoped that this book will appeal and prove useful to all those who have an interest in victims issues in criminal justice reform and last but not least in the promising paradigm of restorative justice
