questions relate to the implications for courts and sentencing commissions which issue guidance to courts regarding mitigation at sentencing To what extent is the offender less culpable as a result of state misconduct and what are the limits of any resulting sentence reductions Do sentence reductions for state misconduct undermine proportionality or deprecate the seriousness of the impact on the victim of crime Should this factor be included in any sentencing guidelines or possibly even as a statutory mitigating factor Each contribution explores a distinct cross jurisdictional claim for mitigation on the basis of State negligence or misconduct towards the offender The chapters all address the appropriate response of courts at sentencing
