*Introduction, Evaluation, and Application*

Ronald L. Akers  
Christine S. Sellers

*Fourth Edition*

# Criminological Theories Introduction And Evaluation

**Roger Hopkins Burke**

## **Criminological Theories Introduction And Evaluation:**

**Criminological Theories** Ronald L. Akers, 1999 In *Criminological Theories* the noted criminologist Ronald Akers provides thorough description discussion and appraisal of the leading theories of crime delinquent behavior and law criminal justice the origin and history of each theory and its contemporary developments and adherents Akers offers a clear explanation of each theory the central concepts and hypotheses of each theory as well as critical criteria for evaluating each theory in terms of its empirical validity Researchers and librarians as well as general readers will find this book a very useful tool and will applaud its clear and understandable exposition of abstract concepts

**Criminological Theories** Ronald L. Akers, Christine S. Sellers, 2008-02-21 Now in a new edition *Criminological Theories Introduction Evaluation and Application* offers a concise yet comprehensive review and appraisal of the leading theories of crime and criminal justice Based on the widespread success of the first four editions this popular resource has been updated and revised to reflect changes in the development testing integration and application of essential criminological theories In clear engaging language authors Ronald L Akers and Christine S Sellers explore each principal criminological theory through the following in depth analysis

**Introduction** Presents a succinct exposition of the theory s central concepts assertions and hypotheses including recent modifications and revisions

**Evaluation** Provides a detailed critique of the theory with a focus on empirical validity

**Application** Extends the evaluation to determine each theory s relevance as well as its potential for controlling and preventing crime and delinquency To draw students into the material the fifth edition incorporates a helpful new resource that provides an overview of every major theory of criminal and deviant behavior

Table 12.1 An invaluable pedagogical tool this table directs students to the corresponding chapter for each theory it also includes brief entries on each theory s major proponents concepts propositions empirical validity and policy implications Encouraging students to carefully review and thoughtfully compare these theories the table creates a dynamic connection between readers and the text Ideal for courses on theories of crime delinquency and deviance

*Criminological Theories Fifth Edition* also serves as an excellent supplement for courses in criminology juvenile delinquency deviance and criminal behavior

**Criminological Theories** Ronald L. Akers, 2000 In *Criminological Theories* the noted criminologist Ronald Akers provides thorough description discussion and appraisal of the leading theories of crime delinquent behavior and law criminal justice the origin and history of each theory and its contemporary developments and adherents Akers offers a clear explanation of each theory the central concepts and hypotheses of each theory as well as critical criteria for evaluating each theory in terms of its empirical validity Researchers and librarians as well as general readers will find this book a very useful tool and will applaud its clear and understandable exposition of abstract concepts

**Criminological Theories** Ronald L. Akers, 1994 In *Criminological Theories* the noted criminologist Ronald Akers provides thorough description discussion and appraisal of the leading theories of crime delinquent behavior and law criminal justice the origin and history of each theory and its contemporary developments and

adherents Akers offers a clear explanation of each theory the central concepts and hypotheses of each theory as well as critical criteria for evaluating each theory in terms of its empirical validity Researchers and librarians as well as general readers will find this book a very useful tool and will applaud its clear and understandable exposition of abstract concepts

**Criminological Theories** Ronald L. Akers,2000-02 In *Criminological Theories* the noted criminologist Ronald Akers provides thorough description discussion and appraisal of the leading theories of crime delinquent behavior and law criminal justice the origin and history of each theory and its contemporary developments and adherents Akers offers a clear explanation of each theory the central concepts and hypotheses of each theory as well as critical criteria for evaluating each theory in terms of its empirical validity Researchers and librarians as well as general readers will find this book a very useful tool and will applaud its clear and understandable exposition of abstract concepts *Criminological Theories* Ronald L. Akers,Christine Sharon Sellers,2004 In this new edition Akers and Sellers provide a concise but thorough review and appraisal of the leading theories of crime and criminal justice The text has been updated to keep current with changes in the development testing integration and application of important criminological theories *Criminological Theory* J. Robert Lilly,Francis T. Cullen,Richard A. Ball,2007 The Fourth Edition of this highly acclaimed book expands on previous editions with coverage of newly emerged theories and empirical updates supported by a significant amount of new references *Criminological Theory* provides coverage of the latest theories in the field without diminishing the presentation of classic analysis Major theoretical perspectives that have developed from both recent critical work and traditional schools together with practical applications compel the reader to apply theories to the contemporary social milieu *Criminological Theories* Imogene Moyer,2001-07-26 As an experienced teacher of criminological theory at graduate and undergraduate levels Imogene Moyer grew increasingly dissatisfied with the somewhat narrow focus of the books available In her new text Moyer has succeeded in presenting instructors and students with a comprehensive and engaging alternative Moyer takes a multidimensional approach to the subject by including new theorists such as W E B DuBois Pauline Tarnowsky Frank Tannenbaum Ruth Shonle Cavan and Sally Simpson often allowing the theorists original source material to speak for them Chapters are devoted to recently developed perspectives particularly from women and people of color which provide readers with a broader understanding of crime and criminal behavior *Criminological Theories* is organized in a chronological order beginning with the 18th century classical school 3 4 focusing on Beccaria and Bentham 3 4 and ending with the late 20th century peacemaking perspective In each chapter Moyer analyzes the assumptions the theorists have made about people and society and includes discussions of the cultural and historical settings in which the theories were developed along with biographies of specific theorists and their lifetime contributions The theme of the interrelationship theory research and policy runs throughout the book with policy implications and applications frequently addressed While it is not essential for all scholars to agree on a particular theory s value Imogene Moyer has provided the background and insights necessary to

understand and appreciate the diverse and valuable theoretical viewpoints that have contributed to criminology today

**Criminological Theory** Stephen G. Tibbetts, Craig Hemmens, 2009-10-15 This book provides the best of both worlds authored text sections with carefully selected accompanying readings covering criminological theory from past to present and beyond The articles from leading journals in criminology and criminal justice reflect both classic studies and state of the art research Key Features Begins with an introductory chapter that presents a succinct overview of criminological theory and briefly describes the organization and content of the book Features How to Read a Research Article a perfect introduction to understanding how real world research is organized and delivered in the journal literature Includes a mini chapter for each Section with figures and tables that present basic concepts and provide a background for the Readings that follow Provides key terms web resources and thought provoking discussion questions for each Section along with questions for each Reading to help students develop their critical thinking skills Instructor Resources on CD include a test bank PowerPoint slides for each section classroom activities and more A Student study site provides additional articles self study quizzes e flashcards and more

**Handbook on Crime and Deviance** Marvin D. Krohn, Alan J. Lizotte, Gina Penly Hall, 2010-01-15 Social Learning and Social Structure Ronald Akers, 2017-07-28 The social learning theory of crime integrates Edwin H Sutherland's differential association theory with behavioral learning theory It is a widely accepted and applied approaches to criminal and deviant behavior However it is also widely misinterpreted misstated and misapplied This is the first single volume in depth authoritative discussion of the background concepts development modifications and empirical tests of social learning theory Akers begins with a personal account of Sutherland's involvement in criminology and the origins of his influential perspective He then traces the intellectual history of Sutherland's theory as well as social learning theory providing a comprehensive explanation of how each theory approaches illegal behavior Akers reviews research on various correlates and predictors of crime and delinquency that may be used as operational measures of differential association reinforcement and other social learning concepts Akers proposes a new integrated theory of social learning and social structure that links group differences in crime to individual conduct He concludes with a cogent discussion of the implications of social learning theory for criminology and public policy Now available in paperback with a new introduction by the author this volume will be invaluable to professionals and for use in courses in criminology and deviance

**Criminological Theory** Anthony Walsh, 2014-09-19 Criminologists can benefit from questioning the underlying assumptions upon which they rest their work Philosophy has the ability to clarify our thoughts inform us of why we think about things the way we do solve contradictions in our thinking we never knew existed and even dissolve some dichotomies we thought were cast in stone One of those dichotomies is free will vs determinism Criminology must reckon with both free will and agency as posited by some theories and determinism as posited by others including the ever more influential fields of genetics and biosocial criminology **Criminological Theory Assessing Philosophical Assumptions** examines philosophical concepts such as these in the context of

important criminological theories or issues that are foundational but not generally considered in the literature on this topic. The uniqueness of this treatment of criminological theory is that rather than reporting what this person or that has said about a particular theory, Walsh exposes the philosophical assumptions underlying the theory. Students and scholars learn to clarify their own biases and better analyze the implications of a broad range of theories of crime and justice.

*Social Learning Theory and the Explanation of Crime* Ronald L. Akers, Gary F. Jensen, 2017-07-28. Social learning theory has been called the dominant theory of crime and delinquency in the United States yet it is often misrepresented. This latest volume in the distinguished *Advances in Criminological Theory* series explores the impact of this theory. Some equate it with differential association theory. Others depict it as little more than a micro level appendage to cultural deviance theories. There have been earlier attempts to clarify the theory's unique features in comparison to other theories and others have applied it to broader issues. These efforts are extended in this volume which focuses on developing, applying and testing the theory on a variety of criminal and delinquent behavior. It applies the theory to treatment and prevention, moving social learning into a global context for the twenty first century. This comprehensive volume includes the latest work, tests and theoretical advances in social learning theory and will be particularly helpful to criminologists, sociologists and psychologists. It may also be of interest to those concerned with current issues relating to delinquency, drug use, abuse and drinking alcohol abuse.

**An Introduction to Crime and Crime Causation** Robert C. Winters, Julie L. Globokar, Cliff Roberson, 2014-06-26. An Introduction to Crime and Crime Causation is a student friendly textbook that defines and explains the concepts of crime, criminal law and criminology. Ideal for a one semester course, the book compares and contrasts early criminal behavior and today's modern forms of crime. It also explores society's responses to criminal behavior in the past.

*The Handbook of Criminological Theory* Alex R. Piquero, 2015-08-25. An indispensable resource for all levels, this handbook provides up to date in depth summaries of the most important theories in criminology. Provides original, cutting edge and in depth summaries of the most important theories in criminology. Covers the origins and assumptions behind each theory, explores current debates and research, points out knowledge gaps and offers directions for future research. Encompasses theory, research, policy and practice with recommendations for further reading at the end of each essay. Features discussions of broad issues and topics related to the field such as the correlates of crime, testing theory, policy and prediction. Clearly and accessibly written by leading scholars in the field as well as up and coming scholars.

*An Introduction to Criminological Theory* Roger Hopkins Burke, 2025-01-28. This book provides a comprehensive and up to date introduction to criminological theory for students taking courses in criminology at both undergraduate and postgraduate level. Building on previous editions and the previous companion text, this book presents the latest research and theoretical developments in a socio-political context. All major theoretical perspectives are considered including classical criminology, biological and psychological positivism, labelling theories, feminist criminology, critical criminology and left realism, situation action theories, desistance theories, social control

theories the risk society postmodern condition and terrorism The new edition has been updated and revised over seven parts to include full chapters on key topics such as Bourdieu and criminology narrative criminology cultural victimology southern theory and criminology green and species criminology critical race theory convict and abolitionist and convict criminologies and ultra realist criminology These key issues are discussed in the context of debates about the fragmentation of modernity and the postmodern condition the rise of political populism risk surveillance and social control conspiracy theories post truth society and speculation about living in post COVID 19 society and the future of neoliberalism Supplemented with chapter summaries critical thinking questions policy implications a full glossary of terms and theories and a timeline of criminological theory this book will appeal to undergraduate and postgraduate students of criminology sociology and politics and is essential reading for advanced students of criminology looking for a way to engage with contemporary themes and concepts in theory

**The Encyclopedia of Theoretical Criminology**, 2014-04-07 The Encyclopedia of Theoretical Criminology in zwei Bänden ist zweifelsohne das aktuellste Referenzwerk der theoretischen Kriminologie Fachlich geprüfte Beiträge internationaler Experten machen den Leser mit wegweisenden Theorien Konzepten und Schlüsselfiguren vertraut Das Nachschlagewerk präsentiert klassische und zeitgenössische Themen zu den wichtigen Straftatbeständen Zusammenhängen fachspezifische Soziologie Biologie und Psychologie und fachübergreifende Erklärungen zu Kriminalität Kriminalitätsrate und Fragestellungen aus der Rechtssoziologie

Major Criminological Theories Liqun Cao, 2004 The book is a reference text book in one It criticizes the current bifurcation of theory and methodology and presents the history of scientific criminology It then describes briefly each major criminological theory and lists how the key concepts of each of these theories are measured All the major studies that test these theories are reviewed and evaluated The book may serve as a reference book or a guideline in testing criminological theories The book itself does not make attempts to advance any new theory but tries to make a contribution to the criminological literature by strengthening the testability of existing criminological theories That is it contributes to the construction of a more scientific approach to criminology and it allows for a more penetrating analysis of existing problems of scientific criminology and of the ways to address these problems

*New Directions in Criminological Theory* Steve Hall, Simon Winlow, 2012-06-25 This edited collection brings together established global scholars and new thinkers to outline fresh concepts and theoretical perspectives for criminological research and analysis in the 21st century Criminologists from the UK USA Canada and Australia evaluate the current condition of criminological theory and present students and researchers with new and revised ideas from the realms of politics culture and subjectivity to unpack crime and violence in the precarious age of global neoliberalism These ideas range from the micro realm of the personality disorder to the macro realm of global power crime Rejecting or modifying the orthodox notion that crime and harm are largely the products of criminalisation and control systems these scholars bring causes and conditions back into play in an eclectic yet thematic way that should inspire students and researchers to once again investigate the reasons why some individuals and

groups elect to harm others rather than seek sociability This collection will inspire new criminologists to both look outside their discipline for new ideas to import and to create new ideas within their discipline to reinvigorate it and further strengthen its ability to explain the crimes and harms that we see around us today This book will be of particular interest to academics and both undergraduate and postgraduate students in the field of criminology especially to those looking for theoretical concepts and frameworks for dissertations theses and research reports      **Deviance and Crime** Walter DeKeseredy, Desmond Ellis, Shahid Alvi, 2014-09-19 This book sensitizes the reader to the fact that there is substantial disagreement within the academic community and among policymakers and the general public over what behaviors conditions e g physical attributes and people should be designated as deviant or criminal Normative conceptions the societal reaction labeling approach and the critical approach are offered as frameworks within which to study these definitions A comprehensive explanation of theory and social policy on deviance is constructed

Eventually, you will utterly discover a further experience and deed by spending more cash. nevertheless when? accomplish you take that you require to acquire those all needs behind having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to understand even more re the globe, experience, some places, as soon as history, amusement, and a lot more?
